Mr. Gillis: Well, in the Timilty, for instance.

Superintendent: Cite a shop activity in the Timilty.

Mr. Gillis: Printing.

Superintendent: Now, we have printing at the Trade School and at Brandeis, do we not?

Mr. Gillis: Yes, we do.

Superintendent: At the Trade School we perhaps will allow only in there men in the trades, but at Brandeis we can allow anyone in there. Putting this under one man like Mr. Gould, there is no conflict in taking that particular group of people and going to them and saying to them, "We feel that you can get a better preparation in printing officially under the educational phase rather than under the club activity phase."

We had the case out in the Mary Curley School, I believe, a few years ago, when I had school centers, where we abolished dress-making, and we referred that particular group over to the dress-making class in the Evening School Department.

There was always cooperation between Mr. Gould, the Director, and Mr. Mulroy, but each had his own little problem and was trying to carry it out as effectively as possible in his own right. They got along very well together, but being under one man, there will be no problem at all about eliminating certain things, and we will do that.

Mr. Muchnick: Well, it seems to me, very frankly, that if it was possible to do it when the two were separate divisions, the merger is not going to be particularly effective one way or the other; but even discounting that, the budget which I have here says "Vacancy, one Director, from February 1st, 1951, \$4470."

Business Manager: That was another change. That part of the budget was not discussed with you, Mr. Muchnick.

Chairman: We discussed it in conference. Didn't we agree that it was all going under Mr. Gould's department without a new man?

Superintendent: That is right.

Mr. Muchnick: Under Mr. Gould's plan, is there anything in expansion for an associate director?

Chairman: We agreed that there was not going to be an associate director.

Mr. White: That was by vote of this Committee.

Chairman: That is right.

Mr. Muchnick: We only accepted first the merger.

Chairman: And then we agreed that there would be no new director appointed, or assistant director.

Mr. Muchnick: I believe it was the Chairman who said "We will take that matter up when the time comes."

Chairman: No, we did not. We agreed that we would eliminate him; and then, if later Mr. Gould needed an assistant, he could come in before the Committee and ask for one.

Mr. White: That is right.

Chairman: I followed along with your suggestion that the department should be merged without a new man; and if Mr. Gould later on felt he needed an assistant, he could come in before the Board and ask for one, so that has been completely eliminated.

Mr. White: I think that was the unanimous agreement of the Committee.

Chairman: So you don't have to worry about it.

Mr. Muchnick: And Mr. Gould is to handle it without further assistants?

Superintendent: Unless, as Mrs. Dacey has pointed out, Mr. Muchnick, Mr. Gould comes before the School Committee and the proce-

sure or the plan is changed by the School Committee.

Chairman: So that that discussion is out, over, and done with. There is not going to be any man added until they ask for one.

Mr. Gillis: Madame Chairman, in order to have Mr. Gould function in charge of both departments, won't it be necessary for the School Committee to accept that new position—establish a position for the Director of Adult Education?

Superintendent: Yes. That is in an order going through the public meeting, I hope.

Chairman: That is the matter of the merger. No new person at all is involved.

Superintendent: And there is an order, Madame Chairman, in the public meeting minutes which I hope you will pass which will confirm the conference agreement.

Mr. White: It was drawn up as a result of the conference agreement?

Superintendent: That is correct.

Chairman: In the minutes of the meeting it says: Let's have the merger now; and then, if later on he wants an assistant, we can settle it. He can come in before us. So that position is not worth arguing about. It is gone.

Is there any more discussion on the budget?

Mr. Daley: Madam Chairman, as a member of the Board of Apportionment and one who participated in the preparation of last year's budget and the preparation of this supplementary budget, I do not know whether it is perfectly right and proper but I feel that I ought to be recorded to the effect that I resent the implications in the last paragraph of Mr. Muchnick's summary of last year's budget of incompetency and of insincerity, particularly on my part.

I was not and am not opposed to salary increases for teachers and other school department employees, and I am fairly certain that the other members are not opposed to salary increases.

I want to assure Mr. Muchnick that under the Superintendent's direction for the last two and one-half years over one hundred teacher combinations and transfers have been made in the junior and senior high schools.

Furthermore, Mr. Muchnick, I want to say that I place integrity first in any assignments given to me by the Superintendent, Dr. Haley, and in any work I do.

Chairman: I appreciate those remarks because I think that any slur at the administration, at the leaders in our administration, is a slur to our entire educational system; and if we cannot attack things on facts and figures without slurs about incompetency and insincerity, I think it is too bad.

Shall we now proceed to a vote on the motion by Mr. McDevitt? Will you call the roll?

Business Manager: May I, Madam Chairman, put on the record the letter from Mr. Fox, City Auditor?

Chairman: Yes, you may.

City of Boston
Auditing Department
January 22, 1951

Henry J. Smith, Business Manager
Department of the School Committee

15 Beacon Street
Boston, Massachusetts

Dear Sir:

It appears from the records of this office that unexpended balances in regular School appropriations for 1950 will approximate \$287,432.92. Under ordinary circumstances, these balances would be available for re-appropriation in 1951. I feel it desirable, however, to point out that it appears from the records of this office that the actual income received by the School Department in 1950 was approximately \$45,952.37 less than the estimate which was used in the preparation of the 1950 School Budget. This deficit resulted entirely because of the change in procedure made necessary by the enactment of Chapter 417 of the Acts of 1950. Under the provisions of this Act all School lunch funds received subsequent to September 1, 1950 were deposited in a special account to be available for expenditure without appropriation. This means that no cafeteria receipts since September 1st have been credited to the General Revenue of the School Department. In the preparation of the School Budget, it was estimated that \$612,000 would be credited to General School Revenue from School lunches. Against this estimate actual receipts from cafeteria activities up to September 1st of this year totaled \$428,183.59, or an amount \$183,816.41 short of the estimate used by the Committee in balancing the School Budget. As is now apparent, excess income in items other than School lunches have served to reduce the shortage in General Revenue Receipts resulting from the enactment of Chapter 417.

In my opinion, the deficit in income of roughly \$46,000, should be absorbed within the balances which now appear to be available for re-appropriation. By such action, the estimate of income used by the Committee in determining the amount to be raised by taxation for all School purposes in 1950 will be satisfied and it will be unnecessary for me to provide for this deficit from sources outside of School finances. In short, this proposal means that there will be available for appropriation in 1951 the net figure resulting from applying the deficit in estimated income against the gross amount of unexpended balances remaining in regular School appropriations.

Very truly yours,
(Signed) Charles J. Fox
City Auditor

Chairman: That will be placed on file.

Mr. White: Madam Chairman, before you proceed now to a vote, I would like Mr. Downey, on the acceptance of this preliminary estimate of our budget, to explain definitely that this is not a final budgetary amount of money. This is not the amount of money that is going to the City Assessors to raise by taxation. Explain, Mr. Downey, if you would, what a preliminary estimate under the law is.

Mr. Downey: Madam Chairman, under a comparatively recent act the School Committee is compelled to submit a preliminary estimate to the Mayor by the first Monday in February. That does not bind the Committee to keep that preliminary estimate intact. The final budget is submitted to the Mayor on the first Monday in April; and between now and the first Monday in April, the School Committee may add or subtract in any item in the contemplated budget. Does that satisfy the Committee?

Chairman: Yes, Mr. Downey.

Mr. Muchnick: Madam Chairman—

Chairman: Is your question in regard to the preliminary estimates?

Mr. Muchnick: No, mine is on something else.

Chairman: Then we will finish the discussion of the preliminary estimates.

Mr. White: Let me ask Mr. Downey one question just for purposes of enlightenment and elucidation. In all your experience here as regards passing preliminary estimates, they have been passed only as a matter of general information to the Mayor about approximately what we may need. However, on the passage of this vote, there is no moral obligation to accept these figures at any time until the first Monday in April. Isn't that so?

Mr. Downey: That is right. This preliminary estimate is submitted to the Mayor, who simply files it. It does not require a four-fifths vote. It is simply a majority vote of the School Committee, and the Mayor understands that.

Mr. White: As a matter of fact, it is informative.

Mr. Downey: Yes, informative.

Mr. White: And there is nothing binding about it.

Mr. Downey: In fact, there is no penalty for not submitting it, but the Committee has always done it on time, and subject to change between now and the full budget.

Mr. White: One more question, Mr. Downey. This in no way affects the recommendation of the Mayor as regards the passage of the budget on April 2nd?

Mr. Downey: No. I think it ought to be said, however, that in answering the Mayor's letter and submitting this estimate at the same time, you are practically saying to him that you agree that the total appropriation in April will not exceed in 1951 the

total appropriation made in 1950, the items within being subject to change; and that is for the reason that unless he is satisfied with our agreement, it will be impossible to get legislation admitted at this session of the General Court.

Mr. White: Because he must sign that legislation.

Mr. Downey: He must approve it, and the City Council must approve it.

Mr. Muchnick: Madam Chairman, I do not care whether this requires three votes or four votes, although, frankly, I am a little bit surprised at the statement that it requires only three because either two years ago or three years ago when I raised objections then to what I thought was an improper preliminary budget, and one member of the Committee was absent at the time, I was asked to vote for the preliminary estimate because I was told then that it could not be passed—and I think it was my first year on the Committee—unless there were four votes, but that is of no importance.

Mr. White: Do you remember who told you that?

Mr. Downey: I think that is possible. I think it is true that until this year it has had four votes each time.

Mr. Muchnick: I was told at that time that I was the fourth vote. I think it was the first year; and, since I was new on the Committee, I should not stand in the way.

Mr. White: Do you raise that question now?

Mr. Muchnick: I do not raise it one way or the other.

Mr. Downey: I might say, Madame Chairman, that the Law Department and the City Auditor both agree that four votes are not required for this preliminary estimate.

Mr. Muchnick: Do we have that in a written opinion?

Mr. Downey: No. They say it is clear on the face of it.

Mr. Muchnick: All right. I do not quarrel with it one way or the other. We have an item in here of \$24,372.73 for increases, and I would like to ask Mr. Smith: Are those only increment increases?

Business Manager: You mean on the total in front?

Mr. Muchnick: Yes.

Business Manager: No. That, Mr. Muchnick, is what I mean by increases there—the net result of the total pluses and minuses and changes that we have made in the ink figures in the book that you have before you. It is a plus figure of \$24,000. It does not represent increases in salaries. It is an increase in the total.

Mr. Muchnick: Over last year's budget, you mean?

Business Manager: No. The budget that you have with the ink figures in it has been changed by the net amount of \$24,000 upward.

Mr. Muchnick: Does this budget allow for salaries for six assistant superintendents or four?

Business Manager: Six assistant superintendents, Mr. Muchnick. Until those jobs are filled, we will figure that saving. For instance, if there is no assistant superintendent filling a job for January, February, and March, those three months will show up in our savings.

Mr. Muchnick: Do the salaries in Administration equal the amount for salaries in Administration of last year, or does it go below or above? I am talking of salaries.

Business Manager: We do not have the totals for salaries and supplies, Mr. Muchnick. We have the grand total for Administration, which includes salaries and supplies; and, incidentally, in Administration it is mostly salaries, anyway. There is \$1,066,000 against \$1,085,000 appropriated last year. That is not with the changes made in the last few days.

Mr. Muchnick: What is it with the changes made in the last few days?

Business Manager: That will take us a little while to figure out.

Mr. Muchnick: You mean, Mr. Smith, you want us to vote on a budget that will still take a few minutes to figure?

Business Manager: You are not voting on a budget. You are voting on a preliminary estimate.

Mr. Muchnick: Do you want us to vote on a preliminary estimate that will take you a few minutes to figure out?

Business Manager: If you are going to ask a lot of detailed questions, it is going to take us a little time to figure out.

Mr. Muchnick: Shouldn't a budget or a preliminary estimate or anything else having to do with the expenditure of twenty-six or twenty-seven million dollars call for detailed questions?

Business Manager: The figure for Administration is lower by \$32,540.58 than last year's appropriation.

Mr. White: It is less?

Mr. Muchnick: In salaries?

Business Manager: In salaries and supplies. It will take some time to get a breakdown.

Mr. Muchnick: You do not have the breakdown?

Business Manager: Not by those two items, Mr. Muchnick. However, the Administration item is mostly salaries.

Mr. Muchnick: It was \$43,000 last year for supplies. That is not a small amount for supplies \$144,000, I mean.

Chairman: Miss Reynolds, would you call the roll, please?

Mr. White: That includes stamps and everything else, doesn't it?

Business Manager: Yes.

Secretary: This is a roll call on the motion of Mr. McDevitt that the preliminary estimates as presented be accepted.

Mr. McDevitt: Yes.

Mr. Muchnick: No.

Mr. Ward: (Absent).

Mr. White: Yes.

Chairman: Yes.

Secretary: Passed by three to one.

Mr. Downey: Then the Secretary will be notified to inform the Mayor, in answer to his letter, what this means.

Mr. White: By the inclusion of the statement—

Mr. Muchnick: May I ask that it include my dissent?

Chairman: Mr. Muchnick requests that the letter to the Mayor include his dissent.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Rev. Waldo C. Hasenfus, pastor, St. Matthew's Church, 29 Stanton street, Dorchester, to be reimbursed in the sum of \$100, for damage to property in the basement of the parochial school caused by backing up of sewer on October 9, 1950.

Ida Kaplan, 106 Pleasant street, Brookline, in the sum of \$245, as compensation for personal injuries caused by hole in sidewalk in front of 76 Strathmore road, Brighton, October 5, 1950.

Christo Athos, p.p.a., 158 West Newton street, Boston, in the sum of \$298, as compensation for personal injuries to his son, Richard Athos, a minor, caused by a hole in the sidewalk in front of 476 Columbus avenue, Boston, February 10, 1951.

Anthony Smeglin, 203 Wood avenue, Hyde Park, to be reimbursed in the sum of \$120, as a result of an accident which occurred on January 11, 1951, when a motor truck belonging to the Park Department, which he was operating, collided with an automobile owned by Max Witten.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT PAVING CONTRACTORS.

INVITATION FOR PROPOSALS FOR REGRADING AND LAYING ASPHALT SURFACE, ETC., AT THE SITE OF THE QUINCY STREET SCHOOL, QUINCY STREET, DORCHESTER.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for reg grading and laying asphalt surface, etc., at the site of the Quincy Street School, Quincy street, Dorchester.

Proposals will be received until 12 o'clock noon, Monday, July 9, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

JAMES H. MOONEY,

TO CHAIN LINK FENCE CONTRACTORS.

INVITATION FOR PROPOSALS FOR ERECTING CHAIN LINK FENCE, ETC., AT THE SITE OF THE FRANK V. THOMPSON SCHOOL, MAXWELL STREET, DORCHESTER.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for erecting chain link fence, etc., at the site of the Frank V. Thompson School, Maxwell street, Dorchester.

Proposals will be received until 12 o'clock noon, Monday, July 9, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

PROPOSALS FOR BUILDING NEW BOILER ROOM AT THE CALF PASTURE PUMPING STATION, MT. VERNON STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for building new boiler room at the Calf Pasture Pumping Station, Mt. Vernon street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Building New Boiler Room at the Calf Pasture Pumping Station, Mt. Vernon Street, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JULY 11, 1951, with a certified check for ONE HUNDRED (100) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of Hampshire street, Roxbury district, as a highway, between Whittier street and Ruggles street, bounded and described as follows:

The highway named Hampshire street is hereby discontinued, between Whittier street and Ruggles street.

Said highway as hereby discontinued is bounded:

Westerly by Whittier street, forty-two and 52-100 feet; northerly by the northerly line of said Hampshire street as hereby discontinued, three hundred forty-seven and 78-100 feet; easterly by Ruggles street, forty and 46-100 feet on a curve of one hundred fifty-one and 26-100 feet radius, and southerly by the

southerly line of said Hampshire street as hereby discontinued, three hundred thirty-eight and 55-100 feet, containing thirteen thousand eight hundred and twenty square feet more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, operate, repair and renew sewerage and water works and their adjuncts and all rights of public utility companies for their structures existing therein at the date of this order.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of Hampshire street, Roxbury district, as a highway, between Whittier street and Ruggles street, under the order of the Board of June 20, 1951, and awards no damages therefor.

REPORT OF FRANCIS J. EMERY, DIRECTOR, DEPARTMENT OF INDUSTRIAL ARTS, ON ATTENDANCE AT ANNUAL CONVENTION OF AMERICAN INDUSTRIAL ARTS ASSOCIATION IN NEW YORK CITY, MAY 2 TO 5.

The following is the report of attendance at the American Industrial Arts Association Convention in New York City, May 2, 3, 4, and 5, by Francis J. Emery, Director:

The American Industrial Arts Association held its thirteenth convention at the Hotel New Yorker, New York City, on May 2, 3, 4, and 5, 1951. This was a very busy convention. Its program was filled with presentation of points of view on basic problems, with discussions, and with practical demonstrations. To attend every gathering was a physical impossibility, because during the afternoons as many as three conferences were being held simultaneously. Consequently, the choice of attendance was given to those topics likely to yield the greater benefits.

GOD OR CHAOS—FREEDOM MEANINGLESS WITHOUT GOD IN DAILY LIFE AND EDUCATION, JUDGE ELIAS F. SHAMON OF BOSTON MUNICIPAL COURT TELLS FANEUIL HALL AUDIENCE, IN JULY FOURTH ORATION—EMINENT JURIST IS ORATOR OF DAY, DURING EXERCISES COMMEMORATING BIRTH OF NATION 175 YEARS AGO—MAYOR JOHN B. HYNES PRESIDES—SCORES EDUCATIONAL TREND FROM SPIRITUAL SIDE OF LIFE TO THE UNGODLY SIDE—WARNS COMMUNIST OCTOPI REACHING POISONOUS TENTACLES OVER THE WORLD.

As the orator of the day, during the observance of the 175th anniversary of country's independence, Judge Elias F. Shamon, the Faneuil Hall July 4th orator, spoke as follows:

The anniversary which all Americans celebrate this day gloriously recalls a momentous declaration bringing into existence a new birth of freedom and a rededication of eternal truths to subject peoples everywhere. But in our enthusiasm and gratitude for this world-shaking event, too often, we give but passing recognition to those who gave their all to make these events possible. Our forefathers, who laid the foundation for the Bill of Rights were, above all, God-fearing men of faith. They were not afraid to write into their works a recognition of their Creator.

In the very first paragraph of the Declaration of Independence, we read this recognition of the Creator: "When in the course of human events, it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them."

And in the next paragraph "*We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed.*" The document ends with these words: "*With a firm reliance on the protection of Divine Providence, we mutually pledge to each other, our lives, our fortunes, and our sacred honor.*"

Faith Reaffirmed.

The public utterances of our presidents, from the time of Washington to the present day, have reaffirmed the faith of the founding fathers. American democracy became a refuge for all oppressed peoples, for it was founded upon the doctrine that God, the Creator, endowed man with intelligence and will, that He is our ultimate end, that hence we have duties toward ourselves, toward our neighbor, and toward Him as self-responsible persons, and that, as a consequence of these duties, we have inalienable rights against anyone or even against a majority, that we have inalienable rights against the state, to worship God and to obey the laws of His creation, the natural and the divine law.

This observation then is, in reality, the 175th anniversary of America's freedom under God. These annual Fourth of July celebrations should again revive a custom long forgotten in America—to emphasize spiritually this glorious day in our history, and to commemorate it as a day of deliverance, by prayer and devotion to the Infinite God. (Continued on page 723.)

"O, Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

FOURTH OF JULY ORATION BY JUDGE ELIAS F. SHAMON, AT FANEUIL HALL—MAYOR HYNES PRESIDES AT 175th ANNIVERSARY EXERCISES COMMEMORATING BIRTH OF NATION.

(Continued from page 721.)

Throughout various parts of the world today, there exists a new barbarism, more terrible than that of ancient times. We are in the midst of a world-wide revolution. Human rights and freedom are being deliberately violated and suppressed. People are being persecuted for their worship of God and campaigns are being waged to turn religion into a tool of the state.

TIDE OF MATERIALISM.

Even the most superficial observer cannot fail to sense the rising tide of materialism which is threatening to overwhelm the spiritual life of countless millions.

The errors of the world which have given birth to this chaos stem from the fact that man will not recognize God's inalienable claim regarding human conduct. Man is ignoring God and centering his science in man, and substituting for God pernicious theories of life and conduct, which threaten the foundations of our home life, our institutions, and our country.

Many false prophets abound and the world follows them as a pied piper. *Erroneous systems of ethics, like giant octopi, grip the world with their poisonous tentacles.* Empiricism has spread arrant and arrogant hedonism. Pleasure is its stock in trade and it glorifies the pagan creed of *carpe diem, nunc est bibendum, cras moriamur*, "Eat, drink and be merry, enjoy the pleasures of the day. Tomorrow we may die." Man has become the sole generalissimo of his own conduct. The slogan is "What is in it for man." "The end justifies the means." Man, misled by disciples of Spencer, is more interested in the varied gambols of the monkey than in first principles. The goal of these ethical errors is man's earthly good, whether it be pleasurable or useful, private or social.

Utilitarianism deeply influences our sociological movements, some of which are based upon naturalism and naturalistic thought. The Nazi influence of race superiority still grips the minds of large segments of the world, which refuses to accept the view that all men are members of one great brotherhood, with God as the Father, while many still cling to the doctrine that men are segregated groups to be ruled by a superior race.

Communism is, in addition to many other things, racist. Boiled down to its essence, Communism is man's earthly good as envisioned by an atheistic philosophy. It is essentially antireligious. The only relation to which it admits is that which exists between man and man. Its colossal power is inspired and accompanied by a dynamic totalitarianism threatening to spread over the face of the earth. It feeds on mass suffering and misery. It is a revival of the ancient philosophy of slavery. It is a movement based on a philosophy which not only ignores, but also nullifies our Creator, and holds in contempt all religious institutions and those doctrines which we have all learned to hold sacred through the centuries.

CRISIS WITH US.

The crisis is with us. It is world-wide. There cannot be any compromise with such a vicious doctrine. Systems of governments proclaim that man has no

rights of his own; that the state is the origin of all human rights; that he owes complete allegiance to this superentity. These vicious theories are not only hostile to, but also destructive of religion, for if the state may abrogate man's natural rights, the rights that are set forth in the Declaration of Independence as "self-evident and unalienable," necessarily it destroys the author of these rights, for a militant state tends logically to militant atheism. These theories are not alone anti-Christian—they are anti-God and disruptive of all traditional doctrine.

There is much which we as a nation need, if we are to find our way out of this chaos. It is an individual personal task and it cannot be achieved without individual personal effort. Calvin Coolidge, who was not an empiricist, has given us the formula for this effort. "We do not need more national development, we need more spiritual development. We do not need more intellectual power, we need more spiritual power. We do not need more knowledge, we need more character. We do not need more law, we need more religion. We do not need more of the things that are seen, we need more of the things that are unseen."

The inroads of this anti-God, anti-religious, chaos-spreading vulture, have resulted in such widespread disorder, that the postwar world has been ripped to pieces. It has even penetrated into, and has rendered inarticulate, the United Nations by its vicious and studied campaign to spread confusion and antagonism among its members.

The preamble and the purposes set forth in the United Nations Charter and which give as the reasons for its creation in substance, state that it was conceived "to save succeeding generations from the scourge of war, which twice in a lifetime has brought untold sorrow to mankind and to reaffirm further the fundamental human rights in the dignity and worth of the human person, in the equal rights of men and women of nations, large and small, and to establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained, and to promote, society, progress and better standards of living in world-wide free-

dom." These are fundamental rights. These are rights with which mankind is endowed by God at birth, and if observed, will surely result in a permanent era of everlasting peace. But in the present assembly of the United Nations, there are eleven nations which have not even the foggiest idea of what these things mean—nations which deny God, equal rights of man and the principle of self-determination, and are violating treaties with impunity. In this assembly of nations, the name of God is never mentioned and the meetings are forbidden to be opened with prayer.

IMPACT FELT.

In our own country, the effects of the international ousting of God has had its impact upon us. The Supreme Being no longer actuates the plans, deliberations and decisions of many of those charged with the education of our youth, the moulding of our law and the direction of our government. Secularism which is best described as "the exclusion of God from human thinking and living" is the root of all our confusion, all of our wrangling, all of our antagonisms, all of which are prominently being staged nationally and locally. How can we explain otherwise the disloyalty, the treason, the jeopardizing of American security by the so-called educated in high official positions of trust, who have aided our godless enemies by delivering to them atomic secrets of the utmost importance especially when these persons expected no material gain from their perfidy, except by concluding that their education has been based on an atheistic philosophy as their inspiration?

Though held out as learned and intelligent, their education was not based on character, as their moral faculties were perverted and thus their thinking was perverted. There can be no educated man without character and character is present only when man's moral faculties are developed because the moral faculties are most distinctive of man. Our penal institutions are well populated with the so-called educated man without character. Intelligence and true education depend on character. Character and intelligence do not depend on education. How can we democratize the world when we have failed so dismally in our own country? The banishment of God from our thinking and living not only saturates our social and political life, but also our system of public education at all levels, from elementary school through college.

A concrete example of the infiltration of secularism into the thinking of the legal profession is the case of *McCullum vs. Board of Education*, 333 U. S. 203 (1948), in which the United States Supreme Court held invalid a statute, the effect of which was to aid religious groups, Catholic, Protestant and Jewish, by permitting the use of public school facilities for religious instruction. This case, popularly referred to as the *McCullum* atheist case, arrayed the whole influence of our tax-supported system of public education on the side of the godless. It approved the cardinal tenet of secularism by banishing all religion from our system of public education.

The effect of this decision upon the minds of the American people, who understand its implications and who fear

its possible effects, evoked much criticism from intelligent men of all religious beliefs. Dean Weigle, formerly of the Yale Divinity School, called it a "mischievous decision." The American Bar Association Journal expressed outspoken disagreement with it. The Catholic press has pointed out the un-American secularistic implications of the decision.

TREND OF THINKING.

This trend is but the culmination of secularistic legal thinking, which gradually has crept into our American philosophy of law and resulted in a progressive impairment of its Christian foundation, the principles of natural law. It is a radical departure from the Blackstonian fundamentals, that the juridical order rests upon the moral order. Blackstone believed that "upon these two foundations—the law of nature and the law of revelation, depend all human laws—that is to say, no human laws should be suffered to contradict these."

A late justice of the United States Supreme Court, whose profound influence on the present-day jurisprudence is undisputed, has been the high apostle of this secularistic philosophy, which germinated the legal thinking responsible for the McCollum case. This jurist has said, "When it comes to the development of a body of laws, the ultimate question is: What do the dominant forces of the community want, and do they want it hard enough to disregard whatever inhibitions may stand in the way?" Again, he held that "Sovereignty is a form of power, and the will of the sovereign is law because he has the power to compel obedience or punish disobedience, and for no other reason." This is nothing but a declaration that the essence of law is physical force; that might makes legal right; that the idea of right is a mere fiction. Again, he has said, "Just so far as the aid of the public force is given a man, he has a legal right, and this right is the same whether his claim is founded in righteousness or iniquity."

Thus we have a declaration that since law and rights are based on, and constituted by, physical power, it is clear that the gap between the juridical order and the moral order must be absolute. This type of reasoning would banish every word of moral significance from our law altogether. Such reasoning admits no natural law of any kind. This man, who has had such a profound influence on the development of law in the highest court of our Commonwealth and later in the United States Supreme Court, has declared "our system of morality is a body of imperfect social generalizations expressed in terms of emotion, our morality seems only a check on the ultimate domination of force."

This materialist was responsible for the dissemination of rank error infiltrating traditional formulas and his influence has left an indelible mark upon many of our leaders of thought, not only in our highest judicial chambers, but in the loftiest councils of our government. He has preached the doctrine that "Just as there are no absolute rights whether legal or moral, so there is no such thing as absolute truth. It is all relative and subjective—not only is truth relative but what value it has is for him largely constituted by the physical force behind

it; that truth was the majority vote of that nation that could lick all the others."

His views regarding man are summed up in the statement that *"I see no reason for attributing to man a significance different in kind from that which belongs to a baboon or a grain of sand. Life is an end in itself. The true measure of men is the total of human energy which they embody. The final test of this energy is in some form. That there is too much fuss about the sanctity of human life. The 'state' man is a means to be sacrificed if necessary in the interest of the state. The ultimate arbiter of all life is physical force."* These are his statements and upon this Godless materialism, there has been constructed a citadel of erroneous philosophical achievement which will destroy itself through its own inherent unsoundness.

These secularists in education are outlawing the doctrines of God and Christ, as they advance the study of atheistic authors and their works. They are on the faculties of elementary schools and colleges, and inculcating their nefarious programs upon the minds of future generations.

Rabbi Schultz of New York states that "There are 3,000 college professors who are congenital joiners of Red fronts." Sociologists in our colleges and universities today are exerting a continuously increasing influence on the minds of students. What sociologists think, believe and teach is, therefore, of paramount importance for understanding the mind of students and the philosophy of life that they will express in later years. A postcard poll of 954 members of the American Sociological Society showed that 276 believed in God as a Personal Being; 334 as an Impersonal Force; 171 believed in no God, and 173 did not know whether God exists (Agnostics). The same group voted on Social Darwinism as follows: 352 accepted the theory, 380 denied it, and 189 had no comment. Thus we see that the concept of God as an Impersonal Force is held by the highest percentage, with believers in God as a Personal Force being next. Over two thirds of the responses concerning God actually indicated no belief in a Personal Being.

HUMAN CHALLENGE FACED.

Fundamentally, the God-loving peoples of the world face a human challenge which transcends all world issues. Despite the vast expenditure of billions and our humanitarian assistance to the oppressed of all nations, we have been defeated in the battle for men's minds.

Here then is the problem of America—what is the solution?

The Christian concept of the dignity of man is the strongest revolutionary force in the world. We must win men's hearts by ideas which appeal to the aspiration of men's souls. These must be our weapons. With them, victory is assured. Without them, all the material strength, power, and billions will fail.

In our present emergency our existence as an independent nation is threatened. We must prepare to save ourselves from domination by rulers who hate freedom and love the tyranny of force. There is a serious obligation on the conscience of every American. And

because loyalty to country is a mandate of God, those who believe in God and believe that loyalty to country is a law of God, are, beyond all doubt, the most safe and trustworthy Americans. The country cannot be stable without one common mind and one common will.

A great man of God has given us the solution of our problem when he said "Salvation and justice are not to be found in revolution, but through the co-operation of people actuated with justice. Violence has ever achieved only destruction, not construction; the kindling of passions, not their pacification; the accumulation of hate and destruction, not the reconciliation of contending parties, and it has reduced men and nations to the difficult task of building slowly after sad experiences on the ruins of discord."

Though time is fast running out, there is still enough to save ourselves and the world. For if America falls, the world falls.

REPORT OF DIRECTOR OF INDUSTRIAL ARTS ON ATTENDANCE AT CONVENTION.

(Continued from page 721.)

All day Monday, May 2, was spent in the discussions and formation of the American Association of Industrial Arts Supervisors. This became an affiliate of the national organization. It was found necessary, as a clearinghouse for supervisory problems and practices throughout the nation. A constitution was adopted, and a temporary slate of officers elected for 1951. Boston was represented by the Director of Industrial Arts, who became a charter member. From many topics presented, the organization is to summarize practices and offer suggestions for the development of industrial arts for the mutual benefit of members.

At the general session, attended by nearly five hundred members on Thursday morning, industrial arts was related to present industrialism. The speakers showed the progress of the worker in the United States from about 1890 to 1950, reviewed educational plant values, industrial progress due to scientific discoveries, developed the premise that education helps greatly the labor problems in crises, and that a high dividend is awarded to national progress through education. Industrial arts must be universally available, cherish its cultural values, be sensitive to change, and reassess its content periodically, in order to be of greatest value in an industrial democracy.

The Thursday afternoon discussion on In-Service Teacher Training was conducted under the chairmanship of the Director of Industrial Arts of the Boston Public Schools. Mr. Claude E. Nihart from Los Angeles, California, Mr. Kenneth Brown from Philadelphia, Pennsylvania, and Mr. Armand G. Rehn from Newark, New Jersey, presented the topic very well and interestingly. Messrs. Raymond Fish and Lawrence Heming, teachers in the shops of the New York public schools, presented the subject from the point of view of the classroom teacher. Mr. Walter McAndrews from Hartford, Connecticut, presented a few

queries for a short panel discussion. The conclusion was that such courses should be practical or "shoppy," should be easily applicable to working conditions, should progress beyond the needs of the average teacher to offer a challenge to excellent teachers, should be free of expense, should be offered when possible by the best teachers in the service, and should be studied because of their need.

Friday morning was used to study the Industrial Arts Awards program of the Ford Motor Company. The afternoon program on Teaching Techniques offered many practical hints on supervisory level, to motivate and vitalize teaching lessons. The banquet in the evening was well attended and was followed by a program of entertainment offered to the association members from the group of business firms who exhibited their educational wares.

The convention closed on Saturday after a morning session of association business. The assurance that the industrial arts work in the Boston public schools is solidly entrenched and sanely progressing is comforting. I am grateful to the Boston School Committee who made it possible for me to attend this convention.

Respectfully submitted,

FRANCIS J. EMERY,
Director of Industrial Arts.

MOTOR PARK, INC., GIVEN EXTENSION ON CON- STRUCTION OF UNDER- GROUND GARAGE ON COMMON.

(Continued from page 721.)

Motor Park, Inc., to complete financial negotiations now under way, under the following conditions:

1. The \$25,000 certified check, posted as guarantee that Motor Park, Inc., would be prepared to execute a contract with the city today for the construction of the garage has been forfeited and turned over to the City Treasury.
2. An extension will be granted to Motor Park, Inc., for 72 days, expiring on September 12.
3. This extension of time is conditioned upon the payment of \$250 a day by Motor Park, Inc., beginning August 3 and continuing for each day thereafter until the contract is executed, with the reservation that such penalty payment shall be returned to Motor Park, Inc., if it is prepared to execute the contract on or before September 12, 1951.

This \$250 a day penalty payment is intended to compensate the city for any loss in revenue resulting from a delay in carrying plans forward.

PROSPECTS BRIGHTEN.

It appears that Motor Park, Inc., has carried its financial negotiations to a point where there is reason to believe it will be in a position to sign a contract with the city for the construction of the garage within a relatively short period of time.

Representatives of Motor Park, Inc., believe that they would now be in a position to execute such a contract were it not for the 72 days spent in obtaining

the passage of permissive legislation. The 72 days now allowed are intended to offset the loss of time in securing passage of a law by the Legislature to make possible the financing of the garage by domestic insurance companies.

It appears also that Motor Park, Inc., cannot successfully conclude its financial negotiations with insurance companies and other interested parties, unless it is given further time. While I am anxious to have work started on the construction of the garage just as quickly as possible, I recognize that any other group which undertook to carry forward the garage plans at this time would need considerably more than 72 days. I believe the garage should be built. I believe it to be a necessary parking facility. I believe it will be even more successful than underground garages in other cities. I further believe that any hope for its early construction rests with Motor Park, Inc., which has made the necessary studies and surveys and has prepared the architectural plans for its construction.

At the present time, and since the passage of the legislative act, the financing and building of the garage is nearer successful completion than ever before. A major oil company is negotiating for a management lease. Two domestic insurance companies have agreed to participate in the financing, and other private capital is interested in the investment. A highly competent construction firm is prepared to begin construction operations.

For these reasons, it is my opinion that additional time should be given Motor Park, Inc., to complete its present negotiations. In view of all the circumstances and under the conditions listed above, I consider a 72-day period of grace, carrying until September 12, a reasonable one.

BOSTON'S OFFICIAL PRO- GRAM OF CELEBRATION OF INDEPENDENCE DAY.

Boston's official celebration of Independence Day started at 9 A.M., with flag raising at City Hall by Mayor Hynes, and with the U. S. Navy Band furnishing martial music. A military parade followed, with a halt at the Granary Burying Ground in honor of three Boston signers of the Declaration of Independence—John Hancock, Samuel Adams, and Robert Treat Paine. The parade proceeded to the Old State House, where the traditional reading of the Declaration took place from the balcony. The reader was Harvey Tattelbaum, a student at Boston Latin School. The marchers continued to Faneuil Hall, "Cradle of Liberty," where Judge Shamon delivered his oration, which keynoted the significance of the holiday.

Mayor Hynes extended greetings of Commonwealth and city at the Faneuil Hall observance.

The program was attended by prominent guests and the occasion was enlivened by the presence of a detachment of the Cuban Navy, now in port.

The evening Community Festival was held at the Frog Pond on Boston Common, with a band concert.

The complete program follows:

ANNUAL HISTORIC CEREMONIES.

9.00 A.M.—Official flag raising at City Hall by the Mayor.

U. S. Navy Band. Trumpet Call, "Assembly." "Yankee Doodle," Band. Raising of the National Flag by the Mayor; raising of the City Flag by John D. Brown, Director of Public Celebrations.

Band—the national anthem—"Star-Spangled Banner."

PARADE ROUTE AND PROCEDURE.

9.10 A.M.—Parade marches. Route—from School street, on to Province street, to right on Bromfield street, to Tremont street, to Granary Burying Ground.

9.15 A.M.—Halt for honors to three signers of the Declaration who were buried here—John Hancock, Samuel Adams, Robert Treat Paine. Placing of wreaths. "Taps" by trumpeter.

Parade resumes march on Tremont street, to right on School street, on to Washington street, to Old State House, and there forms hollow square beneath balcony, during exercises.

Mounted police.

Chief Marshal—Lieut. Col. Timothy C. Doherty, retired.

Chief of Staff—Paul H. Hines, U.S.A., retired.

Assistant Chief of Staff—Maj. Jeremiah L. Doherty, U.S.A., retired.

Aide—Capt. Philip A. Petrocelli, M.N.G., retired.

Honorary Marshal—John D. Brown.

U. S. Army detachment, with band and colors.

U. S. Navy detachment, with band; U. S. Coast Guard; U. S. Marine Corps. Ancient and Honorable Artillery Company.

Veteran organizations.

AT OLD STATE HOUSE.

9.25 A.M.—Reading of the Declaration of Independence, from balcony of Old State House by Harvey Tattelbaum, Boston Latin School.

(The original reading of the Declaration, brought to Boston by messenger from Philadelphia, was at this place, hence this annual Boston custom. The reader of 1776 was Col. Thomas Crafts, whose portrait is in the old Council Chamber of the building. Chairman of 1776 was James Bowdoin, personal friend of General Washington. In recent years the readers have been from high schools of the city, chosen in rotation, so all may be honored impartially.)

Trumpet call, from balcony—"Attention." John D. Brown presents Mayor John B. Hynes.

Mayor Hynes presents the reader of 1951 in colonial dress—Harvey Tattelbaum, Boston Latin School.

Reading of the Declaration.

The band plays "Yankee Doodle" as of 1776.

9.45 A.M.—Parade reforms, to escort the participants to Faneuil Hall by way of Devonshire street and Adams square. Review by Mayor, Marshal, guests, and committee. Parade will march into Faneuil Hall.

AT FANEUIL HALL.

Prelude—Music by orchestra.

Processional—Entrance of participants, with military escort and colors. Music by orchestra—"Hail Columbia" (Washington's inaugural march).

Presentation of Director of Public Celebrations, John D. Brown.

Invocation—Rt. Rev. Francis L. Phelan, P.A.P.P., St. Cecelia's Church.

Greetings from Commonwealth — Hon. Paul A. Dever, Governor of Massachusetts.

Greetings from City of Boston — Hon. John B. Hynes, Mayor.

Solo — Lee Gould.

Oration — Judge Elias F. Shamon, Boston Municipal Court.

Orchestra — "Stars and Stripes Forever."

Atlantic Roads Company, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Carver street, Centola street, and Lyall street, dated November 9, 1950.

Items ordered: In Lyall street, remove and dispose of twin tree, 28 inches in diameter, for the lump sum of seventy-five dollars (\$75). Estimated cost of extra work, \$75.

Atlantic Roads Company, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Edna road, Galty avenue, Mercier avenue, and Regan road, dated August 23, 1950.

Items ordered: Furnish and lay approximately 2 inches of stone dust in the roadways in the following streets: Edna road, approximately 100 tons; Galty avenue, approximately 120 tons; Mercier avenue, approximately 160 tons; Regan road, approximately 110 tons.

Price to be paid, for each ton of stone dust furnished and laid, the sum of two dollars (\$2). Estimated cost of extra work, \$980.

ADDITIONS TO CONTRACT.

The Mayor has approved the following request of the Institutions Commissioner:

BOSTON, June 19, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I have received notification from the architect that certain additional alteration work presently to be performed at the Administration Building, Long Island Hospital, was not included in the contract approved November 27, 1950, between the city, acting through its Institutions Commissioner and M. Solimando, providing for alterations to the Administration Building, Long Island Hospital, in the sum of \$134,370.

Item 1.—It has been found that the counters and shelving provided for in the laundry storage room in the basement will not prove adequate for the completed alterations. Total costs will be \$1,280.

Item 2.—Leakage in the foundation wall adjacent to the examining room has been discovered and must be corrected. Total cost of repair will be \$495.

Item 3.—X-ray equipment could not be provided for direct current in use at Long Island. Therefore, a new line will have to be connected to the existing Edison high-tension service in the U. S. Fort powerhouse. This will require approximately 1,000 feet of digging and backfilling, and installation of two intermediate manholes along this line. The

transformer area which will be 8 feet by 8 feet shall have a concrete mat and be enclosed with a chain link fence. Total cost, \$9,519.30.

Total additions, \$11,294.30.

There is included in the contract sum the amount of \$700 for additional electrical fixtures and \$800 for changes in the battery room, making a total allowance of \$1,500; the M. B. Foster Electric Company has submitted a price of \$422 for furnishing and installing special electric fixtures and X-ray lights, and the sum of \$675 for changes in the battery room, making a total of \$1,907; therefore, there will be a net deduction of \$403 on these two items; making the net addition to the contract at this time \$10,891.30.

Summary of Contract.

Original contract, \$134,370; change order No. 1, add, \$1,801.82; change order No. 2, add, \$2,025.71; amendment No. 1, add, \$10,891.30; total amount of contract to date, \$149,088.83.

M. Solimando, the general contractor, and M. B. Foster Electric Company, the electrical subcontractor, are now performing their work under the contract at the hospital and have all the materials and equipment on hand which is needed to do this extra work. In view of the facts presented here, and because of the expense involved in transporting materials and equipment from the mainland, the City of Boston, in my opinion, would be best served by not publicly advertising for bids for this additional work.

I respectfully request your permission to amend, without public advertising, the contract of M. Solimando, 584 Columbia road, Dorchester, for alterations to Administration Building, Long Island Hospital, by the addition of \$10,891.30, thereby making a new contract cost of \$149,088.83. The prices for the additional work have been checked and found satisfactory by the architect and this department.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

TRAFFIC COMMISSION RULINGS.

PUBLIC CELEBRATIONS.

BOSTON, June 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Authority is hereby requested to award a contract, without advertising, to H. P. Hood & Sons, 500 Rutherford avenue, Charlestown, for furnishing ice cream to the children in various wards, in connection with the public celebrations of Independence Day, in the amount of \$9,598.93.

The above is for the following amount: 17,366-8/12 dozen Hoodies at 50 cents a dozen, \$8,683.33; 572½ gallons brick ice cream at \$1.60 per gallon, \$915.60—\$9,598.93.

For the past several years the contractor has satisfactorily performed, and, inasmuch as the price for this commodity is uniform, it is believed that no advantage would accrue to the city by publicly advertising for bids.

Respectfully,

JOHN D. BROWN,
Director, Public Celebrations.

BOSTON, June 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Authority is hereby requested to award a contract, without advertising, to J. L. For the past several years the contractor has satisfactorily performed this service, and, inasmuch as the price for this commodity is uniform, no advantage would accrue to the city by publicly advertising for bids.

Respectfully,

JOHN D. BROWN,
Director, Public Celebrations.

BOSTON, June 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Authority is hereby requested to award a contract, without advertising, to G. DeCicco, Inc., 115 Washington street, Boston, for furnishing prizes to the children in the various wards mentioned below, in connection with the public celebrations of Independence Day, in the amount of \$5,421.24.

For the past several years the contractor has satisfactorily performed, and, inasmuch as the price for this commodity is uniform, it is believed that no advantage would accrue to the city by publicly advertising for bids.

Respectfully,

JOHN D. BROWN,
Director, Public Celebrations.

PUBLIC WORKS DEPARTMENT.

BOSTON, June 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This is in reference to the following bids that were opened in this office on May 23, 1951, after publicly advertising for proposals in the *City Record* issue of May 5, 1951, in connection with the proposed award of a contract for strengthening piers 4, 5, and 6 of the Charlestown Bridge, over the Charles River:

Rev-Lynn Contracting Company, \$202,680; Crandall Engineering Company, \$218,900. The engineer's estimate for this work was \$225,000.

The work to be done under this contract consists of removing deteriorated concrete from the pier foundations, furnishing and driving steel sheet-pile cofferdams around the defective areas, pumping unsuitable material from within these cofferdams, and furnishing and placing new concrete fill in the cofferdams, all as directed. Most of this work is underwater work and extreme care must be exercised to protect submarine cables, conduits, pipes, etc., at the site of the work. The Charlestown Bridge carries large volumes of vehicular traffic in addition to the thousands of passengers that use the El system of the M. T. A. in going to and from the Charlestown area to the City Proper and points south. In view of the importance of the structure and the type of highly technical and specialized work involved in the subject contract, we have carefully reviewed the qualifica-

tions and bids of the above-referenced two bidders.

Although the Rev-Lynn Contracting Company, the low bidder, has done satisfactory work for the city under contracts in the past, the work done by said company was of minor importance, involving the use of ordinary equipment and requiring no special experience. This company has been in business since about 1947; its experience to date being somewhat limited to general construction work. The Crandall Engineering Company, the other bidder, has had very extensive experience in the type of work involved and has been operating as an engineering and contracting firm for over 20 years. The firm is recognized as one of the most capable and dependable in its field, which principally involves marine and subaqueous contracting work.

In 1948, the Crandall Engineering Company successfully repaired and strengthened the piers of the M. T. A. viaduct structure between Sullivan square and Everett. Because of its experience on this and similar projects, this department, in 1949, employed this firm to make a complete underwater inspection of the piers of the Charlestown Bridge. As a result of its findings, which disclosed dangerous conditions at most of the piers, the Crandall Engineering Company was given an emergency contract in August, 1949, to make the repairs necessary to strengthen the most defective sections of the pier foundations. The above contractor completed the work in a most satisfactory manner in April, 1950, at a total cost of \$127,603.84.

Therefore, since the work called for under the proposed contract is a continuation of, and is identical to that previously done at the same bridge by the Crandall Engineering Company, and in view of the fact that this company is thoroughly familiar with all conditions and problems to be met in the work, it is my opinion that the city's interests can best be served by awarding this contract to the second bidder, the Crandall Engineering Company, at the contract price of \$218,900.

Your approval is therefore requested to the award of a contract for strengthening piers 4, 5, and 6 of the Charlestown Bridge, over the Charles River, to the Crandall Engineering Company, 261 Franklin street, Boston, the second lower bidder, at an estimated cost of \$218,900.

The work to be performed under this contract is to be completed within six months from the date of notification to commence the work on a written order from the Commissioner of Public Works.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, June 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of June 20, 1951, bids were received for sewerage works in Ansonia street and Baker street, West Roxbury, after publicly advertising in the *City Record* issue of June 9, 1951. The following bids were received as a result of this invitation for proposals:

Clay Pipe.—Bagarella Construction Company, \$4,771.90; A. Grande, \$5,242.40; J. J. Struzziery Company, Inc., \$5,701.50;

Joseph Capone & Son, \$6,199; R. A. Buccella & Sons, Inc., \$8,117.

Concrete Pipe.—Bagarella Construction Company, \$4,525.60; A. Grande, \$5,168; J. J. Struzziery Company, Inc., \$5,300; Joseph Capone & Son, \$5,750; R. A. Buccella & Sons, Inc., \$7,968.20.

The invitation for proposals, the proposal form and the plans accompanying the same inaccurately designated the principal site for the work as Ansonia street rather than as Ansonia road. However, the plans accurately described the location of the work and the limits thereof.

In view of the foregoing, your permission is respectfully requested to dispense with publicly advertising for bids and to award a contract to the Bagarella Construction Company, Inc., 60 Olcott street, Watertown, in an amount not to exceed the sum of \$4,525.60, for sewerage works under alternate Items 1a and 4a in Ansonia road and Baker street, West Roxbury, as specified in the aforementioned plan and the specifications which accompany same, all in accordance with the terms of the proposed contract. The work will be done at the same unit prices as contained in the proposal received from the aforementioned contractor.

In my opinion, nothing is to be gained by publicly advertising for bids in this instance, since the city will derive the advantage of executing the proposed contract for the same prices as received from the said contractor who submitted the lowest prices received for the work involved.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, June 22, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, so-called patch paving work, involving the restoration of areas opened by public service corporations in roadways surfaced with granite block pavement, is being done in the City Proper and South Boston sections by the Carriere Construction Company, 21 Glendower road, Roslindale. The latter-referenced contractor has been designated by me to do this work for the corporations; the cost to be paid by said corporations.

In connection with the type of pavement restoration work that involves so-called "corporation cuts," it is most essential, for obvious reasons, also to restore, concurrently, the granite block roadway areas disturbed by the Water Division of this department in connection with the repair and maintenance of its underground structures. It would not be good policy, nor in the interests of the motoring public, for the department to adopt a program for the restoration of pavements by one contractor on roadway areas opened by public service corporations, and by another contractor for openings made by the Water Division.

I have, therefore, negotiated with Mr. Carriere of the above-referenced contracting firm, and he has agreed on behalf of the company, to restore pavements in roadway areas opened by the Water Division, at a price less than that established for pavement restoration work in areas opened by public service corporations. We were able to obtain a reduction in price because the con-

tractor has his organization and equipment in operation performing the pavement restoration work for the public service corporations, and the additional expense involved in permanently resurfacing the so-called "water cuts" is less than it would be if the contractor were engaged in resurfacing the latter-referenced cuts only. The above-referenced contracting firm is well qualified to do this type of work, and the price for which it has agreed to do the work, in my opinion, is fair and reasonable, and no advantage will accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to the Carriere Construction Company of 21 Glendower road, Roslindale, for pavement restoration work in roadways where so-called "water cuts" have been made and which are surfaced with a granite block pavement, with the understanding that the total amount of the contract will not be in excess of \$3,000, and that it will be charged to the budget of the Water Division.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, June 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition to this office for couplings and curb cocks.

Informal requests for prices were submitted to the three manufacturers of the above equipment, but only two companies responded. Authority is requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to Mueller Company, the low bidder. Inasmuch as there are only three manufacturers, it is my opinion that no advantage will be gained by publicly advertising for prices.

Approximate total amount of contract will be \$2,239.50, less 2 per cent cash discount for payment within fifteen days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, June 25, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Paving Division of the Public Works Department has submitted a requisition to this office for 200 street signposts as per specifications.

Informal requests for prices were solicited among local dealers, but only one company responded. Authority is requested to dispense with publicly advertising for bids and to award a contract, without public advertisement, to P. J. Dinn, the only company which submitted a quotation. This company previously supplied these street signposts to the Public Works Department and they were completely satisfactory.

Approximate total amount of contract will be \$5,200, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 25, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair, and all the members present.

Reverend Bertrand McDowell, of the Passionist Order of St. Gabriel's Monastery, in Brighton, was escorted to the rostrum.

INVOCATION BY REV. BERTRAND McDEWELL.

Eternal and Almighty God, look down with favor on those who are here gathered in Thy council chamber. These duly elected representatives of this city are Thy chosen representatives, for Thou hast said, "There is no power than power from God, and those that are ordained of God."

Give to them Thy Grace and guidance that they may understand the dignity of their office. Give them a keen sense of responsibility of the duties which they have to fulfill. Enlighten their minds and guide their judgments that they may do all things with justice and in accordance with thy law. Then let them well merit that reward which Thou has promised to Thy faithful servants, "Well done, thou good and faithful servant. Because thou hast been faithful in little things imposed on thee, I place thee over greater things. Enter thou into the joy of the Lord."

The salute to the Flag was given by the members.

REMOVAL OF HECTOR PALLADINO AS CONSTABLE.

The following was received:

City of Boston,
Office of the Mayor, June 15, 1951.
To the Honorable City Council.
Gentlemen:

You are hereby notified that I have this day removed Hector Palladino as a Constable of the City of Boston for the cause assigned in my order of removal on file with the City Clerk.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments:

Weights of Coal for the term ending April 30, 1952: Bernard G. Bowers, 24 Concord avenue, Cambridge; Otis S. Brown, 7 Dee road, Lexington. Weights of Goods for the term ending April 30, 1952: Charles F. O'Donnell, 92 Rogers avenue, Somerville; Robert J. Bernier, 196 Clark avenue, Chelsea.

Severally referred to the Committee on Confirmations.

REZONING OF CALF PASTURE.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Engineer of the Board of Zoning Adjustment relative to your order of June 11, 1951, requesting to rezone the entire Calf Pasture as a residential area so that the new housing developments proposed for this area will be protected from encroachments by industrial plants.

Respectfully,

J. B. HYNES, Mayor.

Board of Zoning Adjustment,
June 22, 1951.

Mr. Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

In answer to your letter of June 13 concerning the City Council order of June 11 requesting the rezoning of the entire Calf Pasture area in Dorchester as a residential area, I am directed by the Board to report that it will consider this order in its deliberations and the results will be filed in the records of the office of the Building Commissioner at the earliest possible date.

Very truly yours,

THOMAS E. McCORMICK, Engineer.

EXTENSION OF ADAMS STREET LINE.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of June 4, 1951,

requesting that the feasibility be considered of continuing the Adams Street line through the Hill Top Street section of Dorchester in order to adequately serve the people of this district.

Respectfully,

J. B. HYNES, Mayor.

June 13, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I presented to the Board of Trustees at their meeting today the order of the City Council forwarded with your memo of June 6, 1951.

The Trustees advised me that, consistent with the efforts to curtail mileage because of the deficit situation, and being faced with requests for additions such as this, they must deny extension of the Adams Street bus line through the Hill Top Street section of Dorchester.

Very truly yours,

EDWARD DANA,
General Manager.

REMOVAL OF PARKING METERS ON WASHINGTON STREET, CODMAN SQUARE.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of May 28, 1951, requesting that the engineers study the advisability of the removal of several parking meters, beginning from Moultrie street on one side and Southern avenue on the other side of the street going towards Codman square, and the replacing of these with "No Parking" signs.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
June 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated May 31, requesting that the engineers study the advisability of the removal of several parking meters, beginning from Moultrie street on one side and Southern avenue on the other side of the street going towards Codman square, I wish to report that we find that this portion of Washington street is a part of the Codman square business area where parking facilities have always been in demand.

It is our feeling that if a "No Parking" regulation were established there that the business interests would suffer and object.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of June 4, 1951, requesting the submitting of a tentative blueprint for Talbot avenue and Blue Hill avenue, which has been under study with a view to placing traffic signals in that area.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
June 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of June 4, 1951, requesting that we submit a tentative blueprint for Talbot avenue and Blue Hill avenue, which has been under study with a view to placing traffic signals in the area, I wish to report that the Assistant Division Engineer of the Paving Department informs us that it is contemplated to carry on the replacement of the present reservation of Blue Hill avenue by substituting a seven-foot divisional island.

This work will be completed by next fall or spring under a chapter 90 appropriation.

As soon as this work is in progress, we will submit plans for traffic control at the intersection.

AUTOMATIC TRAFFIC SIGNAL AT ARMY BASE.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of June 4, 1951, requesting the installation of an automatic traffic signal in front of the Army Base on Summer street, South Boston.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
June 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of June 4, requesting the installation of an automatic traffic signal in front of the Army Base in South Boston, I wish to report that we will give consideration to this location.

However, the problem which exists in this area is entirely the result of the activities at the Army Base and in such cases, frequently, the agency requiring special traffic protection makes the traffic light installation itself. For example, the Edison Company on Massachusetts avenue and Walter Baker Company at Pierce square, Dorchester, have installed such lights with push-button control for the convenience of their vehicles and employees.

H. P. Hood Company were about to do the same thing on Rutherford avenue until the reconstruction work commenced there.

Accordingly, it may be possible that under governmental appropriation for the maintenance of the Army Base that a traffic light installation might be made for the benefit of the Army Base on Summer street and this possibility should be explored before the city makes such an installation; especially since there are many other locations which are even more hazardous than the one in question.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

WELLINGTON HILL STREET AS ONE-WAY STREET.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of June 4, 1951, requesting that a study be made of the conditions of Wellington Hill street, Ward 14, with a view to making a portion of that street a one-way street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,

June 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of June 4 requesting that a study be made of conditions in Wellington Hill street, Ward 14, with a view to making a portion of that street one way, I wish to report that the MTA is changing the track locations in Blue Hill avenue across Morton street, and this has undoubtedly caused a few motorists to use Wellington Hill street, from Morton street to Blue Hill avenue, during the reconstruction period.

We are having a survey made to determine the number of vehicles that use Wellington Hill street, from Morton street to Blue Hill avenue, as a through street and upon completion of this survey we shall act in accordance with our findings.

With reference to Council order of June 11, 1951, requesting the installation of traffic lights at the intersection of Walnut avenue and Warren street, I wish to report that we are placing this on our list for consideration, and a decision will be made in the near future concerning this matter.

The intersection is a hazardous one, and we are attempting to provide lights, from the appropriation available, at the intersections which have the worst accident records.

It is possible that this location may qualify on that basis, and I feel sure that as soon as sufficient funds are available an installation of traffic lights will be made as requested.

COOPERATION AGREEMENT RE OLD HARBOR VILLAGE HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.
To the City Council.
Gentlemen:

Transmitted herewith is a self-explanatory letter recently received by me from James J. Mahar, Chairman of the Boston Housing Authority, concerning the execution of a cooperation agreement

between the Authority and the City with respect to the Old Harbor Village housing project. Also enclosed is an order which I recommend be adopted immediately by your Honorable Body so that the cooperation agreement in question may be executed at once and the city thereby obtain the increased payments in lieu of taxes which the execution of such agreement will make available.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority,

June 21, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Re: Cooperation Agreement, Old Harbor Village, Mass. H-3302.

Dear Mr. Mayor:

Enclosed please find form of proposed Cooperation Agreement covering the above-entitled project which is to be entered into between this Authority and the City of Boston.

Old Harbor Village is owned by the Public Housing Administration, which in turn has leased it to the Boston Housing Authority. Being federally owned it is exempt from all taxes.

Prior to the war, this Authority, under the terms of a lease entered into with the PHA, paid a flat \$15,000 a year to the city as a payment in lieu of taxes. During the war, the PHA permitted a change to 10 per cent of shelter rents, which amounted to a considerable increase in the amount of money the city received, the approximate figure being \$33,000, or \$18,000 more than the flat rate. The last lease expired January 1, 1950. The Project at present is therefore being operated without a lease. The PHA will not permit Payments in Lieu of Taxes unless a Cooperation Agreement is entered into between the City and the Boston Housing Authority.

PHA Regulation, Section 4660: 1—Payment in Lieu of Taxes for Fiscal Year 1950 and Subsequent Fiscal Years on Federally-Owned PWA, PL-412, and PL 671 Projects Operated by Local Authorities.

3. New or Revised Cooperation Agreements.

(a) Payments in lieu of taxes may be made by the local authority only in accordance with Cooperation Agreements which have been approved by the PHA.

(b) In the event that there is no Cooperation Agreement in effect between the local authority and the local taxing body or bodies, such an agreement, or such agreements, must be entered into and approved by the PHA before payments in lieu of taxes can be made, in accordance with this section. If in any case there are existing Cooperation Agreements between the Federal Government and the local taxing body or bodies, such agreements must be canceled by mutual consent before the local authority enters into a Cooperation Agreement. New agreements shall be substantially in accordance with Form PHA-1958 and shall be obtained in accordance with the procedure set forth below.

(c) In the event that there is an existing Cooperation Agreement between the local authority and the local taxing body or bodies, which provides for payments in lieu of taxes which are less than the regular amounts which the local authority wishes to pay hereunder, such local authority will be required to enter into a revised Cooperation Agreement, subject to approval by the PHA, before it makes such payments in lieu of taxes. Such revised agreement shall be substantially in accordance with Form PHA-1958 and shall be obtained in accordance with the procedure set forth below.

(d) The approval by the PHA of such new or revised Cooperation Agreement will not be given unless the current value of full exemption from real and personal property taxes, less the proposed regular payments in lieu of taxes, will constitute a substantial local contribution.

It is desirous, therefore, that an agreement be entered into so that payments in lieu of taxes may be made to the city.

The agreement requires that promptly after the execution of this agreement there shall be paid, for and on account of the federal fiscal year 1951, the sum of \$48,736.15, and after the end of such fiscal year 1951 there shall be paid, for and on account of such fiscal year, an additional amount equal to ten per cent (10%) of the aggregate shelter rent. After the end of the federal fiscal year 1952, there shall be paid, for and on account of the federal fiscal year, an amount equal to ten per cent (10%) of the shelter rent. After the end of each federal fiscal year thereafter, there shall be paid, for and on account of each federal fiscal year, an amount equal to ten per cent (10%) of the shelter rent.

The agreement also provides that during the agreement period the city, without cost or charge to the Authority, to the PHA, or to the tenants of the Project (other than the Payments in Lieu of Taxes), shall:

(a) Furnish or cause to be furnished to the Authority and the tenants of the Project the public services and facilities which are furnished without cost or charge to other dwellings and inhabitants in the City, including but not limited to: educational, fire, police, and health protection services; maintenance and repair of public streets, roads, and sidewalks, and of sewer systems; snow removal, garbage, trash and ash

collection and disposal; street lighting on public streets and roads within such Project and on the boundaries thereof; and adequate sewer services for the Project; and

(b) Upon request, recommend to the proper board or officer the laying out as public ways of such interior streets, roads, alleys, and adjacent sidewalks which are within the area of the Project and which comply with the applicable regulations of the City as the PHA or the Authority (as owner of the Project) may wish; and

(c) Cooperate with the Authority by such other lawful actions or ways as the city and the Authority may find necessary in connection with the administration of the Project.

If the City shall, within a reasonable time after written notice from the Authority, fail or refuse to furnish or cause to be furnished any of the services or facilities which it is obliged hereunder to furnish or cause to be furnished to the Authority or to the Project, or shall make any charges therefor, then the Authority may either pay such charges or proceed to obtain such services or facilities elsewhere, and deduct the cost thereof from any Payments in Lieu of Taxes due or to become due to the City from the Authority in respect to the Project or any other low-rent housing projects assisted by the PHA.

The Cooperation Agreement must be executed on or before June 30, 1951. Because of the shortage of time and the urgency of the situation, we respectfully request speedy action in securing the approval of the City Council.

Thanking you for your cooperation in this matter, I am

Sincerely yours,
JAMES J. MAHAR, Chairman.

COOPERATION AGREEMENT.

This Agreement, entered into this..... day of....., 1951, by and between the Boston Housing Authority (herein called the "Authority") and the City of Boston (herein called the "City"), witnesseth:

In consideration of the mutual covenants hereinafter set forth, the Authority and the City do agree:

1. The Authority, as lessee of the Public Housing Administration (herein called the "PHA"), is operating a certain low-rent housing project (herein called the "Project"), located within the corporate limits of the City and known as Old Harbor Village.

2. Said Project, being now owned by the PHA under authority of the United States Housing Act of 1937, as amended, is exempt from all taxes imposed by the Commonwealth of Massachusetts, or any county, municipality, or local Taxing Body thereof.

3. Under the constitution and statutes of the Commonwealth of Massachusetts, the Project, if owned by the Authority, would be exempt from all real and personal property taxes and special assessments levied or imposed by any Taxing Body.

4. The Authority, pursuant to the terms of the lease of said Project from the PHA, may, with the approval of the PHA, enter into Cooperation Agreements which provide for the payment of annual sums in lieu of taxes (herein called "Payments in Lieu of Taxes").

5. The Authority is desirous of making certain Payments in Lieu of Taxes to the City, and the City is desirous of cooperating with the Authority and the PHA by furnishing or causing to be furnished to the Project and the tenants thereof certain public services.

6. Whenever used in this Agreement:

(a) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof (including the City) in which the Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to the Project if it were not exempt from taxation.

(b) The term "Shelter Rent" shall mean the total of all charges to all tenants of the Project for dwelling rents and non-dwelling rents (excluding all other income of such Project), less the cost to the Authority of all dwelling and non-dwelling utilities.

7. So long as the Project is leased or owned by the Authority and either (a) such Project is used for low-rent housing purposes, or (b) any contract between the Authority and the PHA for loans or annual contributions, or both, in connection with such Project shall remain in force and effect, or (c) any bonds issued in connection with such Project shall remain outstanding, whichever period is the longest (said period being hereafter referred to as the "Agreement Period"), the City agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Authority with respect thereto.

8. During such portion of the Agreement Period as the Project is leased by the Authority, Payments in Lieu of Taxes shall be made by the Authority at times, in amounts, and subject to the conditions and limitations as follows:

(a) Promptly after the execution of this Agreement there shall be paid, for and on account of the federal fiscal year 1951, the sum of \$48,736.15, and after the end of such federal fiscal year 1951 there shall be paid, for and on

account of such fiscal year, an additional amount equal to ten per cent (10%) of the aggregate Shelter Rent charged by the Authority in respect to the Project during such federal fiscal year 1951.

(b) Promptly after the end of the federal fiscal year 1952, there shall be paid, for and on account of such federal fiscal year 1952, an amount equal to (i) ten per cent (10%) of the aggregate Shelter Rent charged by the Authority in respect to the Project during such federal fiscal year 1952, plus (ii) an additional amount equal to any portion of the aggregate payments provided in subparagraph (a) above for the federal fiscal year 1951 which may not be payable for or on account of federal fiscal year 1951 because of the limitations contained in subparagraphs (e) and (f) of this paragraph 8.

(c) Promptly after the end of the federal fiscal year 1953 and each federal fiscal year thereafter, there shall be paid, for and on account of each such fiscal year, an amount equal to ten per cent (10%) of the aggregate Shelter Rent charged by the Authority in respect to the Project during such federal fiscal year.

(d) Upon failure of the Authority to make any such Payments in Lieu of Taxes, no lien against the Project or any assets of the Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

(e) No payments for or on account of any fiscal year shall be made to the City which in the aggregate exceed the amount of the real property taxes which would have been paid to the City for such year if the Project were not exempt from taxation.

(f) No payments for or on account of any fiscal year shall be made which exceed the amounts permitted to be paid by applicable state law in effect on the date of this Cooperation Agreement.

9. During such portion of the Agreement Period as the Project is owned by the Authority, Payments in Lieu of Taxes shall be made by the Authority in the amounts and subject to the conditions and limitations contained in the preceding Paragraph 8, except that such payments shall be made after the end of the fiscal year established for such Project, and the Shelter Rent forming the basis for determining the amount of Payments in Lieu of Taxes due hereunder shall be the aggregate Shelter Rent charged by the Authority in respect to the Project during such fiscal year.

10. During the Agreement Period the City, without cost or charge to the Authority, to the PHA, or to the tenants of the Project (other than the Payments in Lieu of Taxes) shall:

(a) Furnish or cause to be furnished to the Authority and the tenants of the Project the public services and facilities which are furnished without cost or charge to other dwellings and inhabitants in the City, including but not limited to: educational, fire, police, and health protection services; maintenance and repair of public streets, roads and sidewalks, and of sewer systems; snow removal; garbage, trash and ash collection and disposal; street lighting on public streets and roads within such Project and on the boundaries thereof; and adequate sewer services for the Project; and

(b) Upon request, recommend to the proper board or officer the laying out as public ways of such interior streets, roads, alleys, and adjacent sidewalks which are within the area of the Project and which comply with the applicable regulations of the City as the PHA or the Authority (as owner of the Project) may wish; and

(c) Cooperate with the Authority by such other lawful actions or ways as the City and the Authority may find necessary in connection with the administration of the Project.

11. If the City shall, within a reasonable time after written notice from the Authority, fail or refuse to furnish or cause to be furnished any of the services or facilities which it is obliged hereunder to furnish or cause to be furnished to the Authority or to the Project, or shall make any charges therefor, then the Authority may either pay such charges or proceed to obtain such services or facilities elsewhere, and deduct the cost thereof from any Payments in Lieu of Taxes due or to become due to the City from the Authority in respect to the Project or any other low-rent housing projects assisted by the PHA.

12. This Agreement constitutes the sole agreement between the Authority and the City with respect to Payments in Lieu of Taxes on the Project and the furnishing of public services therefor, all other such agreements, if any, being hereby canceled and abrogated.

13. This Agreement shall be and become binding upon the parties hereto when, and only when, duly approved by the PHA.

In witness whereof, the City and the Authority have respectively caused this Agreement to be duly executed as of the day and year first above written.

Ordered, That the City of Boston enter into a Cooperation Agreement with the Boston Housing Authority in the following form, and that the Mayor of the City of Boston be, and he hereby is, authorized and empowered to execute and deliver such Agreement in the name and behalf of the City of Boston:

Referred to the Executive Committee.

COOPERATIVE AGREEMENT RE OLD COLONY HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, June 25, 1951.

To the City Council.

Gentlemen:

As your Honorable Body knows, the United States of America (Public Housing Administration, Housing and Home Finance Agency) owns the Old Colony housing project in South Boston. By a resolution adopted by your Honorable Body on December 28, 1950, and approved by me on the following day, request was made of the Administrator of the Housing and Home Finance Agency for the conveyance of the Project to the Boston Housing Authority under the provisions of Public Law 475, approved by the President April 20, 1950.

If this request is not to lapse, your Honorable Body must pass two additional votes before June 30, 1951: (1) A resolution determining that it will be in the best interests of the community to make the project available as low-rent housing for families of low income; and (2) an order enabling the execution of a so-called Cooperation Agreement between the City and the Boston Housing Authority. Attached hereto is a communication received by me from James J. Mahar, Chairman of the Boston Housing Authority, outlining in detail the various factors involved in the matter.

Prudence would seem to dictate that the Boston Housing Authority's option on the Project not be permitted to lapse. Accordingly, I recommend that your Honorable Body adopt, before June 30, 1951, both the resolution and the order transmitted herewith.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
June 21, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Re: Cooperation Agreement, Old Colony Development, Mass. 19051.

Dear Sir:

Enclosed please find proposed Cooperation Agreement between this Authority and the City of Boston pursuant to Public Law 475 of 1950, sections 606 and 607.

The Old Colony Project is presently owned by the Federal Government and subject to lease to the Boston Housing Authority. You will recall, however, that the City Council of the City of Boston adopted a resolution on December 28, 1950, which was approved by you on December 29, 1950, which, in substance, requested the Administrator of the Housing and Home Finance Agency to convey the project to the Boston Housing Authority as a federally aided low-rent Housing project.

The principal factors involved in the proposed conveyance are the following:

(a) Under Public Law 415, this Project must be either converted into a low-rent housing project as set forth in the above-cited resolution, or must be disposed of to private interests.

(b) At present ad valorem taxes are being paid to the city on this project. For example, in 1951 the sum of \$208,371.40 will be paid to the City. Upon conversion to a low-rent housing project the annual payment in lieu of taxes will be approximately \$41,573, which is an amount equal to 10 per cent of the shelter rents as provided in the Cooperation Agreement.

(c) Eight hundred seventy-three families are now in occupancy in the Project. Of this number, 567 would continue to be eligible for continued occupancy. The remainder would not, inasmuch as their income would be too high.

The proposed Cooperation Agreement provides in substance that upon the transformation of this Project from a war-housing use to a low-income housing project this Authority will pay to the City for the first two years an amount equal to the ad valorem tax for that period. At the end of that period the Authority would then pay an amount equal to ten (10) per cent of the "Shelter Rents" for each subsequent year. Upon conveyance title would, of course, be then vested in this Authority.

It also provides that no payment in lieu of taxes for any year shall be made to the Municipality in

excess of the amount of real property taxes which would have been paid to the Municipality for such year as the Project was not exempt from taxation.

It likewise provides that during the period commencing with the date of acquisition of the Project and continuing so long as either (i) such project is owned by a public body or governmental agency and is used for low-rent housing purposes; or (ii) any contract between the Authority and the PHA in connection with such Project remains in force and effect; or (iii) any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality without cost or charge to the Authority or the tenants of such project (other than the Payments in Lieu of Taxes), shall:

(a) Furnish or cause to be furnished to the Authority and the tenants of such Project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Municipality.

(b) Recommend to the proper boards or officers (i) such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the administration of such Project, and at the same time safeguard health and safety, and (ii) such changes in any zoning of the site and surrounding territory of such project as are reasonable and necessary for the protection of such project and the surrounding territory.

(c) Accept grants of easements necessary for the administration of such Project; and

(d) Cooperate with the Authority by such other lawful actions or ways as the Municipality and the Authority may find necessary in connection with the administration of such Project.

In respect to the Project the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Authority it will recommend to the proper board or officer the laying out as public ways of all streets and roads with their adjacent sidewalks, within the area of such Project, and the acceptance of all storm and sanitary sewer mains in such streets and roads.

If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public service or facility which it agrees to furnish or to cause to be furnished to the Authority or to the tenants of any Project, the Authority incurs any expense to obtain such service or facility, then the Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing projects owned or operated by the Authority and assisted by the PHA.

The Cooperation Agreement must be executed on or before June 30, 1951. Because of the shortage of time and the urgency of the situation, we respectfully request speedy action.

Thanking you for your cooperation in this matter, I am,

Sincerely yours,
JAMES J. MAHAR, Chairman.

COOPERATION AGREEMENT.

(War Housing Conveyed for Low-Rent Use.)

This Agreement entered into this _____ day of _____, 1951, by and between the Boston Housing Authority (herein called the "Authority") and the City of Boston (herein called the "Municipality"), witnesseseth:

Whereas, The City Council of the City of Boston (the governing body of the Municipality) has requested the Public Housing Administration (herein called the "PHA") to convey to the Authority certain war housing located within the corporate limits of the Municipality for use as low-rent housing; and

Whereas, The Authority proposes to accept conveyance of such housing and to enter into a contract or contracts with the PHA for the administration of such housing, pursuant to section 606 of Public Law 849, 76th Congress, as amended; and

Whereas, The Municipality is desirous of assisting and cooperating with the Authority in such undertakings;

Now, therefore, in consideration of the mutual covenants hereinafter set forth, the parties hereto do agree as follows:

1. Whenever used in this Agreement:

(a) The term "Project" shall mean any war housing which is hereafter conveyed to the Authority for low-rent use and for which the conveyance has been requested by the governing body of the Municipality.

(b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a Taxing Body or public officer to be levied for its use and benefit with respect to a Project if it were not exempt from taxation.

(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and non-dwelling rents (excluding all other income of such Project), less the cost to the Authority of all dwelling and non-dwelling utilities.

2. The Authority shall endeavor to secure a contract or contracts with the PHA for the acquisition and operation of one or more Projects for low-rent use.

3. (a) Under the constitution and statutes of the Commonwealth of Massachusetts all Projects are exempt from all real and personal property taxes and special assessments levied or imposed by any Taxing Body. With respect to any Project, so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Authority and the PHA in connection with such Project remains in force and effect, or (iii) any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Authority with respect thereto. During such period, the Authority shall make annual payments (herein called "Payments in Lieu of Taxes") to the Municipality in lieu of such taxes and special assessments and in payment for the public services and facilities furnished from time to time without other cost or charge for or with respect to such Project.

(b) The annual Payments in Lieu of Taxes which, if the Project were subject to taxation, would be assessable in the year in which the conveyance from the PHA to the Authority is made and in the next succeeding year shall each be in an amount equal to the real property taxes which would be paid to all Taxing Bodies for each of such years if the Project were not exempt from taxation, less any Payments in Lieu of Taxes previously paid by the Federal Government or the Authority for such year, and also less such allowance, if any, as may be considered by the Authority to be appropriate for expenditures by either the Federal Government or the Authority for the repair and maintenance of streets, utilities, or other public services to serve such Project. Such payments shall be made at the time when real property taxes on such Project would be paid if it were subject to taxation.

(c) After the end of the two years referred to in paragraph 3 (b) above, each such annual Payment in Lieu of Taxes shall be made after the end of the fiscal year established for such Project, and shall be in an amount equal to either (i) ten per cent (10%) of the aggregate Shelter Rent charged to the Authority in respect to such Project during such fiscal year or portion thereof or (ii) the amount permitted to be paid by applicable state law in effect on the date such payment is made, whichever amount is the lower.

(d) No payment for any year shall be made to the Municipality in excess of the amount of the real property taxes which would have been paid to the Municipality for such year if the Project were not exempt from taxation.

(e) Upon failure of the Authority to make any Payments in Lieu of Taxes, no lien against any Project or assets of the Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

(4) During the period commencing with the date of acquisition of any Project and continuing so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Authority and the PHA in connection with such Project remains in force and effect, or (iii) any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Municipality without cost or charge to the Authority or the tenants of such Project (other than the Payments in Lieu of Taxes), shall:

(a) Furnish or cause to be furnished to the Authority and the tenants of such Project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Municipality.

(b) Recommend to the proper boards or officers (i) such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the administration of such Project, and at the same time safeguard health and safety, and (ii) such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the protection of such Project and the surrounding territory.

(c) Accept grants of easements necessary for the administration of such Project; and

(d) Cooperate with the Authority by such other lawful actions or ways as the Municipality and the Authority may find necessary in connection with the administration of such Project.

5. In respect to any Project the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Authority it will recommend to the proper board or officer the laying out as public ways of all streets and roads with their adjacent sidewalks, within the area of such Project, and the acceptance of all storm and sanitary sewer mains in such streets and roads.

6. If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public service or facility which it has agreed here-

under to furnish or to cause to be furnished to the Authority or to the tenants of any Project, the Authority incurs any expense to obtain such service or facility, then the Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing projects owned or operated by the Authority and assisted by the PHA.

7. No Cooperation Agreement heretofore entered into between the Municipality and the Authority shall be construed to apply to any Project covered by this Agreement.

8. So long as any contract between the Authority and the PHA in connection with any Project remains in force and effect, or so long as any monies due to the PHA in connection with any Project remain unpaid, this Agreement shall not be abrogated, changed, or modified without the consent of the PHA. The privileges and obligations of the Municipality hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Authority or by any other public body or governmental agency, including the PHA, authorized by law to engage in the development or administration of low-rent housing projects.

If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including the PHA, the provisions hereof shall inure to the benefit of and may be enforced by, such other public body or governmental agency, including the PHA.

In witness whereof, the Municipality and the Authority have respectively signed this Agreement and caused their seals to be affixed and attested as of the day and year first above written.

Whereas, The United States of America, acting through the Housing and Home Finance Agency, Public Housing Administration, owns permanent war housing now known as PHA Project No. 19051, consisting of 873 dwelling units, located in the City of Boston, Commonwealth of Massachusetts; and

Whereas, By a resolution adopted by this Council on December 28, 1950, and approved by the Mayor on December 29, 1950, the Mayor and the City Council of the City of Boston did request of the Administrator of the Housing and Home Finance Agency the conveyance of said PHA Project No. 19051 to the Boston Housing Authority, under the provisions of Public Law 475, approved by the President April 20, 1950; and

Whereas, A question has arisen as to the form of said resolution; now, therefore, be it

Resolved by the City Council of the City of Boston, that said resolution be, and the same hereby is, amended by inserting after Section 1 thereof the following new section:

SECTION 1A. That it be, and hereby is, determined that it will be in the best interests of the community to make said PHA Project No. 19051 available as low-rent housing for families of low income.

This resolution shall be in full force and effect from and after its approval by the Mayor of the City of Boston.

Ordered, That the City of Boston enter into a Cooperation Agreement with the Boston Housing Authority in the following form, and that the Mayor of the City of Boston be, and he hereby is, authorized and empowered to execute and deliver such agreement in the name and behalf of the City of Boston.

BEQUEST OF MRS. MARY FIFIELD KING.

The following was received:

City of Boston,

Office of the Mayor, June 25, 1951.

To the City Council.

Gentlemen:

By the twelfth clause of her last will and testament, Mrs. Mary Fifield King, late of Milton, Mass., who died on June 7, 1948 (see Norfolk Probate No. 116932), gave "unto the City of Boston the sum of one thousand dollars to be used for the benefit of the Emily A. Fifield School in . . . Dorchester, in such manner as the master or superintendent of that school shall direct." The administration of Mrs. King's estate has now progressed to the point where the executor, Marshall G. Bolster, Esquire, is ready to make payment of this legacy. Before he may properly

do so, however, the city, acting through your Honorable Body, must formally accept the trust involved. An order of acceptance is accordingly transmitted herewith.

We are very grateful, indeed, for Mrs. King's public-spirited bequest, which is of especial interest because Mrs. King was the daughter of Emily A. Fifield in whose honor the school benefited is named. Mrs. King's mother, it may be recalled, was a member of the Boston School Committee during 1883, 1884, 1886, and continuously from 1888 to 1902, and largely instrumental in the establishment and development of various forms of manual training in Boston's public schools.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the bequest of one thousand dollars given to the City of Boston by the twelfth clause of the last will and testament of Mrs. Mary Fifield King, who died on June 7, 1948 (see Norfolk Probate No. 116932), "to be used for the benefit of the Emily A. Fifield School in . . . Dorchester, in such manner as the master or superintendent of that school shall direct" be, and the same hereby is, accepted with gratitude; and, be it further

Ordered, That the City Treasurer be, and he hereby is, authorized in the name and behalf of the city to receive and receipt for said bequest, with the increments thereto, if any, and directed to use the same for the benefit of the Emily A. Fifield School in Dorchester, in such manner as the master or superintendent of that school shall direct and for no other purpose.

Referred to the Executive Committee.

EXCHANGE OF LANDS WITH COMMONWEALTH OF MASSACHUSETTS.

The following was received:

Metropolitan District Commission, June 25, 1951.

To the Honorable City Council.

Gentlemen:

I transmit herewith an order authorizing an exchange of lands between the City of Boston and the Commonwealth of Massachusetts, Metropolitan District Commission. The order calls for the conveyance by the City of Boston to the Metropolitan District Commission of a parcel of city-owned land on the southeasterly side of Washington street, West Roxbury district, being a portion of the Stony Brook Reservation.

This parcel of land was acquired by the City of Boston from the Metropolitan District Commission, pursuant to an order of the City Council passed June 8, 1942, and passed for a second time June 29, 1942. It was the intention at that time to construct a firehouse at the location, but this plan has long since been abandoned, and I am informed by the Fire Commissioner that the Fire Department has no interest in the premises.

Metropolitan District Commission Parcel No. 1 consists of approximately 10,041 square feet of land at the intersection of Haverhill and Perkins streets in the Charlestown district. Metropolitan District Commission Parcels No. 2 and No. 3 consist of approximately 9,152 square feet of land at the intersection of Rutherford avenue and Union street in the Charlestown district. These three parcels of land were acquired by the Metropolitan District Commission under the Statutes of 1949, chapter 673, for recreational purposes. The Metropolitan District Commission has established recreational facilities at these locations, and the areas are fully developed for playground purposes.

Metropolitan District Commission Parcel No. 4 consists of 3,152 square feet of land at the intersection of River street and Fairview avenue in the Hyde Park district and is, in fact, part of the traveled way of River street, although title to the land has remained in the Commonwealth of Massachusetts, Metropolitan District Commission.

I believe that the exchange of lands contemplated by this order is in the best interest of the City of Boston and I recommend the speedy adoption of the same.

Respectfully,

J. B. HYNES, Mayor.

Whereas, The City of Boston is the owner in fee of a certain parcel of land hereinafter described and designated; and

Whereas, The Commonwealth of Massachusetts, Metropolitan District Commission, is the owner in fee of certain parcels of land hereinafter described and designated; and

Whereas, It is deemed to be to the mutual interests and advantages of both the City of Boston and the Commonwealth of Massachusetts, Metropolitan District Commission, to transfer to each other the said parcels of land hereinafter described and designated; now, therefore it is hereby

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver to the Commonwealth of Massachusetts, Metropolitan District Commission, an instrument in writing, satisfactory in form to the Corporation Counsel of the City of Boston, transferring all the City of Boston's right, title, and interest in and to the hereinafter designated parcel of property (City of Boston—Parcel No. 1), hereinafter described, in consideration of the said Commonwealth of Massachusetts, Metropolitan

District Commission's transferring all of the Commonwealth of Massachusetts' right, title, and interest in and to the hereinafter designated parcels of property (Metropolitan District Commission—Parcel No. 1, Parcel No. 2, Parcel No. 3, and Parcel No. 4), hereinafter described.

City of Boston—Parcel No. 1.

A certain parcel of land containing approximately forty-six thousand nine hundred and fifty (46,950) square feet, situated on the southeasterly side of Washington street, in the Stony Brook Reservation, West Roxbury, and described and shown on a plan marked "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Stony Brook Reservation, Boston, plan of land to be conveyed to the City of Boston, scale 1 inch equals 40 feet, May 11, 1942, Benjamin R. Davis, Director of Park Engineering."

Metropolitan District Commission—Parcel No. 1.

Beginning at the southwesterly corner of the granted premises, at a point in the easterly side line of Haverhill street at land of owner unknown, which point is distant northerly measuring along said side line of Haverhill street, forty-nine (49) feet from the intersection of said easterly side line of Haverhill street with the northeasterly side line of Perkins street, as shown on the plan hereinafter mentioned.

Thence, the line runs northerly by said easterly side line of Haverhill street, one hundred eighteen and 14-100 (118.14) feet to a point at land of owner unknown.

Thence, easterly by land of owner unknown, eighty-five (85) feet to a point at land of owner unknown.

Thence, southerly by land of owner unknown, one hundred eighteen and 14-100 (118.14) feet to a point at land of owner unknown.

Thence, westerly by land of owner unknown, eighty-five (85) feet to the point of beginning; containing ten thousand forty-one (10,041) square feet and being shown on a plan entitled "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Plan of Taking for Two Recreational Areas Under Chapter 673, Acts of 1949, Boston (Charlestown District). . . April 27, 1950, Benjamin W. Fink, Director of Park Engineering," being plan accession No. 29054-V.T., a copy of which is recorded with the taking hereinafter mentioned.

Metropolitan District Commission—Parcel No. 2.

Beginning at the northwesterly corner of the granted premises, at the intersection of the southerly side line of a passageway with the northeasterly side line of Rutherford avenue, as shown on the plan above referred to.

Thence, the line runs northeasterly by said passageway, ninety-five and 9-100 (95.09) feet to a point at land of owner unknown.

Thence, southeasterly by said land of owner unknown, forty-five (45) feet to a point at land of the Commonwealth of Massachusetts.

Thence, southwesterly by said land of the Commonwealth of Massachusetts, seventy-nine and 27-100 (79.27) feet to a point in the northeasterly side line of Rutherford avenue.

Thence, northwesterly by said northeasterly side line of Rutherford avenue, forty-six (46) feet to the point of beginning; containing three thousand eight hundred twenty-four (3,824) square feet, more or less, of land and being shown on the aforesaid plan.

Metropolitan District Commission—Parcel No. 3.

Southwesterly by Rutherford avenue, fifty-six and 75-100 (56.75) feet; northwesterly by land now or formerly of Thomas W. Mullen *et al.*, seventy-nine and 27-100 (79.27) feet; northeasterly, four and 50-100 (4.50) feet, and northwesterly, thirty-five and 60-100 (35.60) feet by land now or formerly of Charles M. Cram; northeasterly by lands now or formerly of John J. Malone *et al.* and of Daniel O'Connell, forty-seven and 55-100 (47.55) feet; and southeasterly by said O'Connell land and lands now or formerly of George W. Haynes and of Thomas E. Walsh, ninety-four and 16-100 (94.16) feet.

All of said boundaries are determined by the Court to be located as shown on a plan drawn by A.N. Colman, Surveyor, dated February 9, 1924, as modified and approved by the Court, filed in the Land Registration Office as Plan No. 10046-A, a copy of a portion of which is filed with Certificate of Title No. 18121.

Metropolitan District Commission—Parcel No. 4.

Beginning at a stone bound set at the intersection of the northwesterly side line of River street with the northeasterly side line of Fairview avenue at land of the Commonwealth of Massachusetts known as Stony Brook reservation, as shown on the plan hereinafter mentioned.

Thence, the line runs north 59° 14' 20" west by said northeasterly side line of Fairview avenue, seventeen and 2-100 (17.02) feet to a point at said land of the Commonwealth of Massachusetts.

Thence, in a general northeasterly direction by a line curving to the right, with a radius of three hundred thirty-one and 19-100 (331.19) feet by said land of the Commonwealth of Massachusetts, two hundred twenty-five and 14-100 (225.14) feet to a point.

Thence, north 45° 14' 43" east by said land of the Commonwealth of Massachusetts, sixty-three and 21-100 (63.21) feet to a stone bound set in said northwesterly side line of River street.

Thence, in a general southwesterly, southerly, and southeasterly direction by a line curving to the left, with a radius of four hundred forty-one and 12-100 (441.12) feet by said northwesterly side line of River street, two hundred eighty-six and 66-100 (286.66) feet to the bound first mentioned and point of beginning; containing three thousand one hundred fifty-two (3,152) square feet, more or less, and shown on a plan entitled "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Stony Brook Reservation, Boston, Plan of land on River street to be transferred to the City of Boston for highway purposes . . . April 13, 1938, Benj. R. Davis, Director of Park Engineering," being plan accession number 24402-V.T., a copy of which is attached hereto and made a part hereof; and it is hereby further

Ordered, That upon the transfer of the said parcels of land by the Commonwealth of Massachusetts, Metropolitan District Commission, to the City of Boston, said parcels designated as Metropolitan District Commission—Parcel No. 1, Metropolitan District Commission—Parcel No. 2, and Metropolitan District Commission—Parcel No. 3 are hereby placed in the care, custody, and control of the Park Department of the City of Boston for park and playground purposes; and said parcel designated as Metropolitan District Commission—Parcel No. 4 is hereby placed in the care, custody, and control of the Public Works Department of the City of Boston for street purposes.

WELCOME TO JEWISH WAR VETERANS OF U. S. A.

Coun. COOK and ANSEL offered the following:

Whereas, The Jewish War Veterans of the United States of America, having been formed in 1896 by American veterans of the Jewish faith, dedicated, among other purposes, to "combat whatever tends to impair the efficiency and permanency of America's free institutions" has consistently been in the forefront of the foes of Communism, Nazism, Fascism and every other form of totalitarianism on both the foreign and domestic scenes;

Whereas, To implement its current program of exposing and overcoming the clear and present danger of aggressive, imperialistic Communism, the Jewish War Veterans of the United States of America plans to delineate and combat the nature and scope of the Communist challenge in the course of a special program in the City of Boston and in the Commonwealth of Massachusetts on July 8, 1951, in association with officers and representatives of the Department of State of the United States, the All-American Conference to Combat Communism, and all other organizations interested and engaged in the fight against Communism.

Now, therefore, we, the members of the City Council of Boston in meeting assembled proclaim the welcome of our city to the Jewish War Veterans of the United States of America and commend it for its valuable endeavors in defense of the security and welfare of our country.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city. Trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Searle road, bounded: Southwesterly by easement taken by the City of Boston in Sparrow street, March 22, 1951, fifty feet; northwesterly by the northwesterly line of Searle road, thirty feet; northeasterly by easement taken in Searle road, May 26, 1933, fifty feet; and southeasterly by the southeasterly line of Searle road, thirty feet, containing 1,500 square feet, more or less.

The sewerage works to be constructed are as follows: 50 feet of 10-inch pipe sewer and 52 feet of 10-inch pipe surface drain in the above described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered. That this Board estimates that the abutting parcels of land on the northwesterly and southeasterly sides of Searle road, at the northerly and easterly corners of Sparrow street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installing new sectional boiler in the Atherton School, Columbia road, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, July 18, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Friday, July 13, 1951.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

Plans and specifications will be ready Monday, July 9, 1951.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR NEW FILM WORKROOMS IN THE BASEMENT AUDIO-VISUAL AREA IN THE CENTRAL LIBRARY BUILDING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for new film workrooms in the basement audio-visual area in the Central Library Building.

Proposals will be received until 12 o'clock noon, Tuesday, July 24, 1951, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with a copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of the wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Plans and specifications may be obtained on and after 9 o'clock A.M., Tuesday, July 10, 1951, at the Business Office of the Boston Public Library. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of twenty-five dollars (\$25) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Thursday, July 19, 1951.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by each subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

MAYOR HYNES WINS RIGHT TO BUILD SWIMMING POOL IN NORTH END CONSTRUCTION TO START IMMEDIATELY—GETS APPROVAL FROM WASHINGTON OFFICIALS.

On July 11, the following was issued from the office of the Mayor:

I have been informed by the National Production Authority in Washington that the appeal of the City of Boston to build the swimming pool at North End Park has been allowed.

This news is extremely gratifying because this section of our city is without swimming facilities of any kind at the present time. The swimming pool has been a subject of consideration for several years. It will be constructed from the income of the George Robert White Fund at a cost of approximately \$300,000.

I wish to extend my sincere gratitude to Representatives Gabriel Piemonte and Christopher Ianella, to Councilor George A. Langan, to Senator Michael LoPresti, and to Congressman John F. Kennedy for the interest and the work which these gentlemen did in making the swimming pool an actuality. Representative Piemonte and Congressman Kennedy both appeared with me before the Appeal Board of the National Production Authority.

The plans for the swimming pool are in readiness, and bids for its construction will be advertised very shortly.

MONTHLY REPORT OF COMMISSIONER COTTER OF THE VETERANS' SERVICES SHOWS DECREASE IN BENEFIT EXPENDITURES OVER SAME PERIOD IN PREVIOUS YEAR—AMOUNT \$1,730.44 LESS—87 LESS CASES AIDED—TOTAL WAS 1,541, AFFECTING 3,101 INDIVIDUALS—283 CASES WERE CLOSED OUT DUE TO EMPLOYMENT AND OTHER BENEFITS.

Expenditures for veterans' benefits during the month of May show a decrease from those of the corresponding month in the preceding year of \$1,730.44. This is shown in the report for the month submitted to Mayor John B. Hynes by Francis X. Cotter, Commissioner. The decrease, according to the report, is attributable to the fact that 87 less cases were aided. The total number of cases aided for the month was 1,541, or a total of 3,101 individuals. The complete report reads as follows:

BOSTON, June 28, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of May, 1951.

REPORT OF DANIEL D. TIERNEY, JR., DIRECTOR OF MUSIC, ON ATTENDANCE AT EASTERN MUSIC EDUCATORS CONFERENCE IN ATLANTIC CITY, NEW JERSEY, APRIL 28 TO MAY 1.

The following is the report of Daniel D. Tierney, Jr., Director of Music, on his attendance at the Eastern Music Educators Conference:

BOSTON, June 4, 1951.

MR. DENNIS C. HALEY,
Superintendent of Public Schools.

DEAR MR. HALEY:

The following is a report of my attendance at the Eastern Music Educators Conference in Atlantic City, New Jersey, from April 28 to May 1, 1951. I attended this convention primarily to extend to it an invitation to meet in Boston in 1953. Much of my time was spent contacting other delegates concerning plans for the Boston meeting.

The conference was inspirational and a success in every way. Over two thousand music educators were present. A large number of young people, ranging from elementary school pupils through college students, contributed to its success by participating in many concerts and demonstrations. On the whole, the concerts were well performed, especially that of the Philadelphia School Symphony Orchestra. The concert given by this organization compared favorably with those given by many of the western symphony orchestras. As I have mentioned in previous reports, there are several large cities which have vocational high schools of music, Philadelphia being one of them.

At past conventions considerable time was devoted to discussions on contemporary music and its place in education. This year, for the first time, contemporary music was not only performed but featured by vocal and orchestral groups.

I would like to thank the School Committee for giving me the opportunity to attend this worth-while convention.

Yours very truly,

DANIEL D. TIERNEY, JR.,
Director of Music.

MAYOR BREAKS GROUND FOR NEW COLUMBIA POINT DEVELOPMENT OF BOSTON HOUSING AUTHORITY IN COW PASTURE AREA.

At a ceremony on July 12 Mayor John B. Hynes broke ground for the new Columbia Point development of the Boston Housing Authority at the so-called Cow Pasture area of Dorchester.

This new development will be of the apartment type. There will be 15 seven-story elevator-type buildings and 12 three-story walk-up-type structures, as well as a combination administration and maintenance building.

The development when completed will contain 196 three-room apartments, 504 four-room apartments, 496 five-room apartments, 180 six-room apartments, and 48 seven-room apartments, or a total of 1,504 dwellings. This number of apartments will accommodate approximately 6,000 persons.

The total development cost when the structures are completed will approximate \$18,000,000 and is part of the PHA-aided low-income program.

The site of the development will be on the north side of Mt. Vernon street and will cover all of the land from the present warehouse of the Paine Furniture Company to the Municipal Pumping Station. The buildings, however, will only cover approximately one quarter of the land with the remaining three fourths of the area being devoted to streets, roads, play areas, and open spaces to give good lighting and air circulation.

The present contract is for the construction of the foundations only, with an additional contract to follow for the superstructure. The work was awarded to the low bidder, Coleman Brothers Corporation, in the amount of \$1,790,000.

The architect for the development is the M. A. Dyer Company of Boston.

First occupancy of the development is scheduled for the late fall of 1952.

Arrangements for the processing of the development with the federal group was worked out through the Boston Field Office of the Public Housing Administration with John P. Kane, director, and with the approval of the chairman of the State Housing Board, William C. Geary.

The members of the Authority present at the ground breaking were: James J. Mahar, chairman; John Carroll, vice-chairman; Joseph J. Benkert, treasurer; Cornelius T. Kiley; Owen A. Gallagher.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

BOARD OF REAL ESTATE COMMISSIONERS.

BOSTON, July 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Board of Real Estate Commissioners, from time to time, engages the services of contractors to clean refuse from vacant lots of land under its jurisdiction. During the course of a year the total cost of such cleanings will total over \$1,000. However, it is impossible to determine or even approximate the cost, due to the fact that we order the cleaning generally upon complaints of the Health Department. In each case the cleaning job is an emergency at the time of the complaint, necessitating the employment of a contractor at that specific time to do emergency work.

In view of the above mentioned facts, it would be impractical to advertise for bids, and it is respectfully requested that permission be given this department to employ such contractors as are necessary, from time to time, to clean lots of land without public advertising.

Respectfully yours,

HERMAN CARP, Chairman.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, July 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

Subject: Repair of Steam Engines, Boston Trade High School.

DEAR MR. MAYOR:

The major part of the electric current needed for lighting and motors in this building is furnished by three steam engine generators, two of which were installed in 1915 when the building was built, and the other moved to this building many years ago after prior use at the Boston Technical High School.

Due to the age and general condition of this equipment, major repairs are necessary from time to time, and because of the complicated nature of such apparatus it is not practicable to get public bids for this type of work.

The Shipman Machine Company, 218 Summer street, Boston, has furnished the equipment and service necessary to keep these engines running, and I believe that because of their knowledge of the engines that they should be em-

ployed to make the necessary repairs, under the direction of this department's engineering staff, with the understanding that the total cost for labor and materials shall not exceed \$3,372.

I ask your approval to negotiate a contract with the Shipman Machine Company in an amount not to exceed three thousand three hundred and seventy-two (\$3,372) dollars for the repair of the steam engines at the Boston Trade High School.

Respectfully yours,

JAMES H. MOONEY,

Superintendent of Construction.

PARK DEPARTMENT.

BOSTON, June 28, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

Re: Architect's Contract, Field House, William Gary Walsh Playground.

DEAR SIR:

The Board of Park Commissioners respectfully requests your permission to enter into a contract without advertising for bids, with William W. Drummey, 80 Boylston street, Boston, for architectural services for the preparation of plans and specifications for the proposed new field house and locker building at the William Gary Walsh Playground, Callivan Boulevard and Washington street, Dorchester.

It is estimated that the erection of this field house will cost \$55,000. The architect's fee is to be 6 per cent of the amount of the construction contract, or an approximate sum of \$3,300. As architects' fees are established at a standard rate, we believe nothing would be gained by advertising for bids.

Approval has been received from the National Production Authority of the Federal Government allowing us to proceed with the construction of this building. The Walsh Playground is the newest of the city's play areas. It was recently reconditioned and is rated by those who have seen it as one of the finest playgrounds of its kind. We believe it should have a modern field house for the convenience of the large number of residents who use this recreation area.

Mr. Drummey is a well known architect and has had considerable experience in preparing plans for buildings and other structures of all kinds. He has been engaged by this department in the past, and we have always found his work satisfactory.

The Board therefore requests your approval of the award of the architect's contract to Mr. Drummey, at the established rate of 6 per cent of the construction cost, or approximately \$3,300, to be charged to the special appropriation, "Construction of Buildings and Original Equipment and Furnishings Thereof (Park Department), 6-61-41." Funds have been provided in this appropriation for the construction of the above-named building.

Respectfully yours,

FRANK R. KELLEY, *Commissioner.*

BOSTON, June 28, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

Re: Architect's Contract, Field House, William J. Barry Playground.

DEAR SIR:

The Board of Park Commissioners respectfully requests your permission to

enter into a contract without advertising for bids, with William W. Drummey, 80 Boylston street, Boston, for architectural services for the preparation of plans and specifications for the proposed new field house and locker building at the William J. Barry Playground, Charlestown.

It is estimated that the erection of this field house will cost \$55,000. The architect's fee is to be 6 per cent of the amount of the construction contract, or an approximate sum of \$3,300. As architects' fees are established at a standard rate, we believe nothing would be gained by advertising for bids.

Approval has been received from the National Production Authority of the Federal Government allowing us to proceed with the construction of this building. The Barry Playground has recently been reconditioned and is now among the finest play areas in the city. It is the only large playground available in the entire Charlestown district, and we believe that it should be provided with adequate facilities for the large number of residents of the district who use it.

Mr. Drummey is a well known architect and has had considerable experience in preparing plans for buildings and other structures of all kinds. He has been engaged by this department in the past, and we have always found his work satisfactory.

The Board therefore requests your approval of the award of the architect's contract to Mr. Drummey, at the established rate of 6 per cent of the construction cost, or approximately \$3,300, to be charged to the special appropriation, "Construction of Buildings and Original Equipment and Furnishings Thereof (Park Department), 6-61-41." Funds have been provided in this appropriation for the construction of the above-named field house.

Respectfully yours,

FRANK R. KELLEY, *Commissioner.*

PUBLIC WORKS DEPARTMENT.

BOSTON, June 11, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the American Service Company, 253 Adams street, Dorchester, is engaged in a contract which provides for the servicing and maintaining of the street gas lamps that are located in this city. This contract is for a three-month period only and will expire on next June 30.

The work performed by the above-referenced contractor is satisfactory and, aside from that point, there is no other contractor in this area capable of doing the servicing work required under the provisions of our street-lighting contract.

I respectfully request therefore that you authorize the awarding of a contract, without publicly advertising for proposals, to the American Service Company, 253 Adams street, Dorchester, for the servicing and maintaining of approximately 4,800 gas lamps located in the streets of this city, covering the period from July 1 to December 31 of the current year, at the same unit prices that are included in the present contract. It is estimated that the cost of this contract will not be in excess of \$40,000.

Respectfully yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

BOSTON, July 2, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of June 27, 1951, publicly advertised proposals were received in this office for general repairs to the ferryboat "Daniel A. MacCormack." The following bids were received in response to the public advertisement for same that appeared in the *City Record* issue of June 16, 1951:

General Ship & Engine Works, \$34,202; Boston Marine Works, \$35,614; Bethlehem Steel Company, \$36,564; James S. Munro, \$43,125.

Subsequent to the opening and reading aloud of the bids, it was discovered that through inadvertence the bid of the General Ship & Engine Works was received after the time set for reception of proposals as set forth in the public advertisement. This was due to the fact that the bid boxes were not promptly removed at 12 m., and the representative of the General Ship & Engine Works placed their proposal in the bid box several minutes after the time set for reception of the proposal forms. At the time of comparison of bids with the City Auditor's office, it was likewise found that the proposal form filed with the City Auditor, showed a reception time on proposal form of 12:11 p.m. at the City Auditor's office.

Under the circumstances, the General Ship & Engine Works cannot be recognized as the low formal bidder. However, the latter-referenced firm has performed satisfactory work for the department in the past, and the failure to file the bid on time is a technicality which, in the best interests of the city, should be overlooked. Therefore, I am rejecting all formal publicly advertised bids, and I respectfully request your Honor's approval to the award of a contract, without publicly advertising for proposals, to the General Ship & Engine Works for general repairs to the ferryboat "Daniel A. MacCormack" on the basis of the above-referenced informal bid of \$34,202, with the understanding that all work will be done in accordance with all pertinent terms of the contract document, including the provisions of Article 3 which refer to the 25 per cent limitation governing the final cost of the contract which will not exceed the total sum of \$42,752.50.

Respectfully yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, July 3, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for eight (8) new 1951 Ford Deluxe Tudor sedans to be delivered as soon as possible.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Bowers Motor Sales, Inc., who has submitted an informal quotation on these vehicles. Inasmuch as delivery dates on automobiles is still uncertain, and because Bowers Motor Sales, Inc., can make immediate delivery, it is my opinion that the best interests of the

city will be served by dispensing with public advertisement for bids at this time.

Approximate total amount of contract will be \$12,680, less trade-in allowance of \$500, making a net total of \$12,180.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

General Ship & Engine Works, Inc., have been directed to perform the following extra work under the contract for repairs to operating machinery of the Chelsea Street Bridge, over the Chelsea River, dated January 15, 1951:

Furnish all labor, materials, tools, equipment, etc., required to do the following: Two forged steel drive pinion gears, as shown on plan 6310-detail C; one to be installed as a replacement for the existing pinion gear on the downstream side of the operating machinery, in accordance with the specifications, and the other to be delivered to the draw house and stored for use as a spare unit. Estimated cost of extra work, \$1,200.

Adams Asphalt Company has been directed to perform the following extra work under the contract for bituminous concrete pavement in Horace street and Sumner street, dated May 14, 1951:

In Horace street, remove guttermouth on existing catch basin and remodel catch-basin manhole to fit frame and cover in order to allow for driveway leading into abutter's property, including labor, material, equipment, excavation, and backfill, for the sum of \$75. Estimated cost of extra work, \$75.

Central Construction Company has been directed to perform the following extra work under the contract for sheet asphalt pavement in Warren street, Ward 12, from Dudley street to Blue Hill avenue, dated August 31, 1950:

Remove and dispose of approximately 155 linear feet of old existing circular edgestone and replace with approximately 155 linear feet of circular edgestone to be furnished by the city and set by the contractor. Price to be paid, for each linear foot of circular edgestone removed and replaced, the sum of \$1.50. Estimated cost of extra work, \$232.50.

P. V. Barone Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road, West Roxbury, dated May 16, 1951.

Items ordered: In Lyall street, between Addington road and Vermont street, remodel one (1) catch basin due to change in edgestone line, including excavation and backfill, for the lump sum of seventy-five dollars (\$75). Estimated cost of extra work, \$75.

Carriere Construction Company has been directed to perform the following extra work under the contract for bituminous concrete pavement in Church

street, Cypress street, Danville street, Ely road, Frederika street, Maxfield street, and Rutledge street, dated November 3, 1950.

In Rutledge street, because of ground water drain found beneath subgrade of roadway, furnish and lay 95 linear feet of 4-inch clay pipe, including labor, materials, and equipment; do all necessary excavation and backfill, including about eight tons of crushed stone, at \$4 per linear foot. Estimated cost of extra work, \$380.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son have been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Cow street, Havey street, and Northdale road, dated May 14, 1951:

Omit the following amounts of crushed stone furnished and placed (Item 4-e2 in contract): in Cowing street, 160 tons; in Havey street, 60 tons; in Northdale road, 240 tons, at \$3 per ton.

Substitute the following amounts of stone dust base: in Cowing street, 160 tons; in Havey street, 60 tons; in Northdale road, 240 tons, at \$2.50 per ton.

Estimated cost of omitted work, \$1,380; estimated cost of substituted work, \$1,150; estimated decrease in cost, \$230.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road, dated May 10, 1951:

In Lasell street, omit approximately 1,000 square feet of artificial stone sidewalks at 36 cents per square foot (Item 23-1 of contract) and substitute approximately 110 square yards of loam furnished, placed, graded, and seeded, at \$2.50 per square yard. Estimated cost of omitted work, \$360; estimated cost of substituted work, \$275; estimated decrease in cost, \$85.

P. V. Barone Corporation has been directed to omit and substitute the following extra work under the contract for bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road, dated May 16, 1951.

Items ordered: Omit the following listed tons of crushed stone base at \$3 per ton and substitute a similar number of tons of stone dust at \$2.50 a ton:

Hackensack road, Leland road to 244 feet easterly, 90 tons; Hackensack road, Brookline line to 353 feet easterly, 100 tons; Lasell street, southwest of Chellman street to Addington road, 150 tons; Lyall street, Addington road to Vermont street, 120 tons; Payson road, Hackensack road to Brookline line, 35 tons; Risley road, Hackensack road to Brookline line, 60 tons—total 555 tons.

Estimated cost of omitted work, \$1,665; substituted work, \$1,387.50; estimated difference in cost, \$277.50.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Martin J. Kelly Company, Inc., 95 Prince street, Jamaica Plain, for reinforced concrete retaining wall in Freeport street, from end of existing wall at Dorchester Yacht Club for 98 feet northwesterly, from July 1 to August 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not available.

Approval has been given for the extension of the time of completion of the contract with John J. Amara, 1019 Hyde Park avenue, Hyde Park, for artificial stone sidewalks in Brewster street, East Seventh street, and various locations to be determined by the Commissioner of Public Works, from June 30 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Baker & Co., Inc., 3475 Washington street, Boston, for bituminous concrete pavement in Dana avenue, Easton avenue, Perkins street, and Walter street, from June 30 to August 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Baker & Co., Inc., 3475 Washington street, Boston, for sheet asphalt pavement in Boylston street and Brookline avenue, from June 30 to August 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Joseph Capone & Son Company for sewerage works in Parrott street and outlet in Stony Brook at Chestnut street and Summer street from Parrott street, 590 feet, more or less, northeasterly, Hyde Park, from June 17, 1951, to July 9, 1951. This extension is requested for the reason that inclement weather delayed the progress of the work.

NO DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out of and construction of Downey court, Dorchester district, as a highway, from Brook avenue approximately 175 feet southerly, under the order of the Board of June 22, 1951, and awards no damages therefor.

REQUEST TO ALLOW TELEPHONES AND TELEVISION SETS TO CERTAIN RECIPIENTS OF AID.

The following was received:

City of Boston,

Office of the Mayor, July 2, 1951.

To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary to the Overseers of the Public Welfare relative to your order of June 11, 1951, requesting that the Aid to Dependent Children Division be instructed not to prohibit recipients from having telephones or television sets in their homes.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
June 26, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in response to your memorandum concerning the following June 11, 1951, order of the City Council:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to instruct the Aid to Dependent Children Division not to prohibit recipients from having telephones or television sets in their homes."

Recipients of Aid to Dependent Children are not prohibited from having telephones or television sets in their homes. It is true, however, that

public assistance is not granted to pay for them. Some have been in the home before need for assistance arose and some have been given by relatives.

Yours sincerely,

WILLIAM G. O'HARE, Secretary.

Placed on file.

TRANSFER FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,

Office of the Mayor, July 2, 1951.

To the City Council.

Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$39,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1951 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$183,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$39,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, June 28, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$39,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$39,000

When the budget estimates were made up for the year 1951, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1951, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That the sum of thirty-nine thousand dollars (\$39,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$39,000

Referred to Committee on Parkman Fund.

Ladderman Dante C. Ciampa, Ladder 31, to lieutenant (military substitute), in place of Lieut. Thomas J. McGrath, Engine 7.

II. TRANSFERS.

The following transfers will become effective at 8 A.M., Wednesday, July 11, 1951:

District Chief (military substitute) Amoreno R. Vitiello, from Engine 9 to Divisions 14 and 15.

Lieut. (military substitute) Dante C. Ciampa, from Ladder 31 to Engine 7.

Hoseman Charles M. Walker, from Engine 7 to Engine 49.

Hoseman John F. Hasson, from Engine 49 to Engine 7.

III. RETURN TO DUTY FROM ARMED FORCES.

The following-named who was granted a leave of absence on May 1, 1951, in order to serve in the United States Air Corps, will return to duty in the Fire Department, effective at 8 A.M., Wednesday, July 18, 1951:

Hoseman Joseph F. Noonan, Engine Company 7.

IV. INSTALLATION OF FIRE ALARM BOX.

Fire Alarm Box 5264, Market and Waverly streets, which was established in General Orders, No. 32, dated June 9, 1950, has been installed in circuit No. 21.

Company commanders shall add Box 5264 to circuit card No. 21.

V. CORRECTION IN DESIGNATION OF FIRE ALARM BOX.

The designation of Fire Alarm Box 359 as given in General Orders, No. 26, dated June 6, 1951, was in error, and designation of box should be corrected to read as follows:

Signal 359, River street and Duxbury road.

VI. A.D.T. ASSIGNMENT.

Company commanders shall add the following signal to running cards of the American District Telegraph Company in this department:

Signal 174, Boston Sausage and Provision Company, Constitution Wharf, Sections 5, 6 and 7. (Sprinkler.) Apparatus to respond: Engine 8, Ladder 1, District Chief 4. Nearest box is 1235.

VII. BOSTON AUTOMATIC ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the Boston Automatic Company in this department:

Signal 546, 46 Newbury street, Brooks Brothers. Apparatus to respond: Engine 33, Ladder 15, District Chief 7. Nearest box is 1539.

VIII. HIGH COMMENDATION.

At 4.30 P.M., June 18, 1951, Engine Company 37 responded to Muddy River, in the rear of the Pumping Station, upon orders from the Fire Alarm office.

Upon arrival at the scene, they were informed that a small boy was under the surface of the river. Hoseman Joseph B. McNamara and Michael J. Nichol each made two dives into the river in search of the body. Hoseman McNamara was successful on his second attempt in recovering the body of the boy.

Inasmuch as the river is filled with debris and is so muddy that vision beneath the water is practically nil, both these men exposed themselves to considerable risk in diving beneath the surface.

The Fire Commissioner is pleased to highly commend Hosemen Joseph B. McNamara and Michael J. Nichol, and their cases are referred to the Board of Merit for further consideration.

IX. COMMENDATION.

Ladderman John J. Casey of Ladder Company 29 is hereby commended for extinguishing a fire in a restaurant on Tremont street, July 6, 1951, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Dorchester, and are bounded as follows:

A parcel of land, being part of the private way known as Caddy road, supposed to belong to Homestead Realty Corporation, bounded:

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN FREEPORT STREET, WARDS 15 AND 16, FROM DORCHESTER AVENUE TO 36 FEET SOUTH OF OLD COLONY PARKWAY; AND BITUMINOUS CONCRETE PAVEMENT IN CHARLES STREET, WARD 15, FROM DORCHESTER AVENUE TO DITSON STREET; DRAPER STREET, WARD 15, FROM BOWDOIN STREET TO ARCADIA STREET; FOX STREET, WARD 15, FROM MT. IDA ROAD TO PERCIVAL STREET; LINDEN STREET, WARD 15, FROM DORCHESTER AVENUE TO FREEPORT STREET; MARIE STREET, WARD 15, FROM PERCIVAL STREET TO MT. IDA ROAD, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 15 AND 16, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Freeport street, Wards 15 and 16, etc., and bituminous concrete pavement in Charles street, Ward 15, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Freeport Street, Wards 15 and 16, etc.; and Bituminous Concrete Pavement in Charles Street, Ward 15, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JULY 25, 1951, with a certified check for THIRTY-FIVE HUNDRED (3,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DEPARTMENT OF SCHOOL BUILDINGS.

TO BOILER MASON CONTRACTORS.

INVITATION FOR PROPOSALS FOR REPAIRING BOILER AND INCINERATOR MASONRY IN VARIOUS SCHOOLS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for repairing boiler and incinerator masonry in various schools.

Proposals will be received until 12 o'clock noon, Tuesday, July 24, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

JAMES H. MOONEY,
(July 14.) Superintendent of Construction.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN BOYLSTON STREET, WARD 19, FROM DANFORTH STREET TO BOYLSTON STATION OUTWARD; CENTRE STREET, WARDS 9 AND 11, FROM COLUMBUS AVENUE TO JOHN ELIOT SQUARE; LAMARTINE STREET, WARD 19, FROM GREEN STREET TO CENTRE STREET; RITCHIE STREET, WARD 11, FROM CENTRE STREET TO MARCELLA STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 9, 11, AND 19, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Boylston street, Ward 19, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Boylston Street, Ward 19, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JULY 25, 1951, with a certified check for FOUR THOUSAND (4,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(July 14.) Commissioner of Public Works.

VOL. 43

SATURDAY, JULY 21, 1951.

NO. 29.

MAYOR HYNES PUBLICLY PRAISES PARK COMMISSIONERS FOR IMPROVEMENTS ON COMMON, MAKING SPOT MOST ENJOYABLE IN YEARS FOR ALL CITIZENS AND VISITORS.

Mayor John B. Hynes has publicly commended Park Commissioner Frank R. Kelley and Deputy Commissioner James A. Walsh for the modern improvements made recently on Boston Common. He also congratulated the Boston Music Committee, headed by Harry J. Blake, for the daily musical programs presented at the Parkman Bandstand.

"The Common now fully justifies its name," the Mayor said. "Both Bostonians and tourists, no matter what their ages or interests, are encouraged to utilize Boston's famous old park as never before, especially in the summer months. Every day hundreds of youngsters play on the slides and teeter-boards of Playland, while their heat-harassed mothers shop or rest under the shelter tent.

(Continued on page 775.)

TRAFFIC LIGHTS INSTALLED ON SEVERAL STREETS IN ROXBURY AND DORCHESTER ON ORDER OF MAYOR HYNES—OTHERS TO BE INSTALLED IN NEXT TWO MONTHS.

The following communication has been received at the Mayor's office:

BOSTON TRAFFIC COMMISSION
112 Southampton Street,
Boston 18, Mass.

Hon. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On Monday at 10 A.M. traffic lights will be turned on at the following locations:

Minot Street and Neponset Avenue, Dorchester.

Adams and Gibson Streets, Dorchester.
Pleasant Street and Savin Hill Avenue, Dorchester.

Pleasant and Stoughton Streets, Dorchester.

Amory and Atherton Streets, Roxbury-Jamaica Plain.

Columbus Avenue and New Heath Street, Roxbury.

These lights will supplement 15 others already placed in operation since May, and will be followed by 14 additional traffic lights now in process of installation within the next two months.

Sincerely yours,

WM. ARTHUR REILLY,
Commissioner.

PARK COMMISSIONERS PRAISED FOR COMMON IMPROVEMENTS.

(Continued from page 773.)

"At the Frog Pond hundreds of other children enjoy the cool, fresh water from the fountain. The pond has reached an all-time high in popularity this year, due to the bright aquamarine paint job on the floor of the pool. Every inch of the pool can now be seen clearly, thereby eliminating the danger of tiny feet being cut by foreign objects.

"For the teen-agers the Common offers the baseball diamond and playing field, and not far from the field, at the corner of Boylston and Charles streets, is the large and commodious information booth where tourists may obtain, free of charge, travel and hotel information about any section of New England.

"Pervading the entire area at noon is the music of the Boston Music Committee musical programs at Parkman Bandstand. I doubt if any other city in America affords its residents such recreational facilities in the downtown area."

CIVIL DEFENSE HEADS PLAN FOR RADIOLOGICAL MONI- TORING AS PART OF PRO- TECTION AGAINST ENEMY AIR RAIDS.

Barbed-wire security surrounding radioactive material at Polaroid Corporation in Cambridge was broken Wednesday night when a small amount of the material was transported to Boston Civil Defense Headquarters, 14 Somerset street, for a demonstration of radiological monitoring with Polaroid cameras.

Transportation of radioactive material the size of a peanut required three professional riggers, for it was surrounded by a 300-pound lead block and carried on a large steel pole.

Over 300 Polaroid camera owners in Boston were invited to the demonstration. Dr. William A. Shurcliff, former Atomic Energy Commission Program Analyst and Supervisor of Docimeter Research and Development at Polaroid, conducted the demonstration and discussed radioactivity and its detection.

Polaroid cameras have become vital in Civil Defense planning with the announcement of the Polaroid Corporation of a "telltale" clip that can be inserted, permanently, in the cameras. They are given to any Polaroid camera owner.

The demonstration was conducted by Doctor Shurcliff, who uses a 6-foot magnetic pole to handle the source material.

Joseph L. Malone, Boston Director of Civil Defense, has announced plans to organize the owners of this equipment so that reports from every part of the city will be available almost immediately after an enemy attack.

Doctor Shurcliff, in addition to his A. E. C. affiliation and his work at Polaroid, was technical historian of the atomic bomb tests at Bikini. He holds a Ph.D. from Harvard.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BOSTON CIVIL DEFENSE.

Upon July 9 the Mayor approved a contract with Stanton Electric Company for the installation of air raid warning equipment at six different locations in the City of Boston. Bids were as follows:

Metropolitan Services, Inc., \$7,092; Aetna Electric Company, \$7,416; Stanton Electric Company, \$6,597.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon July 12 the Mayor approved a contract with P. J. Dinn & Co., for erecting new chain link fence, etc., at the Frank V. Thompson School. Bids, opened July 9, were as follows:

P. J. Dinn & Co., \$2,375; alternate, \$2,270.*

* Contract awarded.

Upon July 12 the Mayor approved a contract with Old Colony Construction Company of Quincy for grading, asphalt paving, etc., at the Quincy Street School. Bids, opened July 9, were as follows:

Old Colony Construction Company of Quincy, \$4,251; Carriere Construction Company, \$6,998.

FIRE DEPARTMENT.

Upon July 9 the Mayor approved a contract with R. W. LeBaron, Inc., for furnishing and installing a three-phase fully vehicular-actuated traffic control signal equipped for pedestrian push button actuation, complete in place, at the intersection of Harvard street and Morton street, Boston, at an estimated cost of \$12,337. The following bids were received July 5:

R. W. LeBaron, Inc., \$12,337; Municipal Signal and Supply Company, \$12,735.

HOSPITAL DEPARTMENT.

Upon July 10 the Mayor approved a contract with Remington Rand, Inc., for micro-filming prepared medical records (300,000 images), Boston City Hospital. Bids, opened Tuesday, July 3, were as follows:

Remington Rand, Inc., \$1,701.

Upon July 10 the Mayor approved a contract with Jarvis Engineering Company for repairs and renewals to coils, valves, and controls in ice-making plant, Boston City Hospital. Bids, opened Tuesday, June 26, were as follows:

E. A. Berman Company, \$9,680; Harding & Gross, Inc., \$9,200; Joseph F. Laundre Company, \$6,840; Jarvis Engineering Company, \$6,637.

Upon July 12 the Mayor approved a contract as requested in the following letter:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Proposals for new screens, rewiring and repairs to window screens, porch screens, and grilles for buildings of Boston City Hospital were opened at the hospital on Thursday, July 12, 1951.

The following bids were received:

Boston Screen and Sash Company, \$86,238; Metalcraft Screen Company, \$79,762; Cambridge Screen Manufacturing Company, \$14,299.

At a meeting of the Board of Trustees held today, July 12, 1951, at the Boston City Hospital, Mr. Condon and Dr. English being present, that being a quorum for summer business, the bids for screens and ironwork connected with the screens were opened according to the regulations of the Law Department of the City of Boston.

Present were Dr. Manary, Mr. Hyland, representatives from the Boston Screen and Sash Company and from the Metalcraft Screen Company.

Specifications were made by Mr. Hyland of James H. Ritchie and Associates.

The bids were opened and the following were the results:

Boston Screen and Sash Company, \$86,238—\$64,413 being for screens, \$21,825 for ironwork connected with screens; Metalcraft Screen Company, \$79,762—\$57,927 being for screens, \$21,825 for ironwork connected with screens.

The Cambridge Screen Manufacturing Company bid only on five buildings, such bid being \$14,299. There was no bid made for ironwork.

In our judgment the Cambridge Screen Company did not conform to the specifications, and consequently their bid was not considered.

The Metalcraft Screen Company, being the lowest bidder for the total work, that is, the screens and the ironwork connected with the screens, was awarded the contract subject to the approval of the Law Department of the City of Boston and his Honor the Mayor, John B. Hynes.

Sincerely yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,

MARTIN J. ENGLISH, M.D.,
President.

Sanatorium Division.

Upon July 12 the Mayor approved a contract with R & F Painting Company for painting and repairing the doctors' residences at the Sanatorium Division. Bids, opened Wednesday, June 13, were as follows:

R & F Painting Company, \$2,593; P. J. Sullivan, \$2,833; Kabot Painting Company, \$3,013; John M. Kennedy, \$3,461; Nicolas Bello, \$3,846; L. J. Banda & Co., \$3,880; H. Piken, \$4,800; Mastercraft Company, \$6,715.

LIBRARY DEPARTMENT.

Upon June 20 the Mayor approved a contract with Chemical Fire & Rust Proofing Corporation for the cleaning of the air supply system and exhaust system in the Central Library Building. There was but one bid, opened Tuesday, June 5, as follows:

Chemical Fire & Rust Proofing Corporation, \$3,660.

PARK DEPARTMENT.

Upon July 9 the Mayor approved a contract with P. J. Dinn & Co., for furnishing and erecting wire fences at various playgrounds, Boston. Bids, opened June 19, were as follows:

Colorado Fuel and Iron Corporation (Wickwire Spencer Steel Division).

\$10,323.35; P. J. Dinn & Co., \$10,513.75; American Chain Link Fence Company, \$10,966.70.

The reason for the award of contract to the second bidder is that the low bidder, Colorado Fuel and Iron Corporation, did not comply with one of the stipulations in the advertised proposal, which stated that the bidder must submit a certified check with his bid. This concern submitted a bid bond.

PUBLIC WORKS DEPARTMENT.

Upon July 12 the Mayor approved a contract with P. V. Barone Corporation for bituminous concrete pavement in Chapel road, Elene street, and Wabash street, Ward 18, at an estimated cost of \$25,906.60. The work to be done under this contract is to be completed December 15, 1951. The following bids were received July 6:

P. V. Barone Corporation, \$25,906.60; James A. Susi, \$25,998.30; Roslindale Contracting Company, \$28,721.75; Adams Asphalt Company, \$30,107.07.

Upon July 12 the Mayor approved a contract with Dooley Brothers, Inc., for bituminous concrete pavement in Circuit street, Wards 9 and 12; Maple street, Ward 12; Waumbeck street, Ward 12, and Woodville street, Ward 8, at an estimated cost of \$76,116.80. The work to be done under this contract is to be completed December 15, 1951. The following bids were received July 6:

Dooley Brothers, Inc., \$76,116.80; James A. Susi, \$77,993; Adams Asphalt Company, \$78,698.35; Roslindale Contracting Company, \$80,763.50; S. J. Tomasello Corporation, \$82,320.50; A. Singarella & Son, \$83,020.50.

SUPPLY DEPARTMENT.

Upon July 2 the Mayor approved a contract with Westinghouse Electric Supply Company for furnishing lead-covered cable to the Traffic Commission. WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

PARK DEPARTMENT.

BOSTON, July 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On November 21, 1950, the City of Boston, acting in its capacity as a public charitable trustee, by its Board of Park Commissioners, entered into a contract with F. C. Dolan & Son, Inc., 18 Aldworth street, Jamaica Plain, Mass., providing for the construction of a combination shelter and sanitary building at the Cummings estate, Woburn, Mass., in the total estimated sum of \$33,593.

During the progress of the work, it has been determined that the following additional items of work will have to be done in order to fully and satisfactorily complete the work embraced in the contract:

(a) Construction of entrance driveway 10 feet wide and approximately 345 linear feet long and a parking area 100 feet long by 40 feet wide, both areas to

have asphalt surfaces. The cost of this work will be \$2,850.42.

(b) Construction of certain necessary drainage consisting of a 5-foot drain, with cast-iron frame, brick catch basin, together with a 10-inch drain line, approximately 450 linear feet long. The cost of this operation will be \$1,480.66.

(c) Construction of additional depth of concrete footings and extra excavation work. The cost of this work will be \$1,298.86.

(d) Furnishing and installing four additional 4-inch Lally columns. The cost of the same will be \$494.29.

The foregoing items of additional work were not foreseen and, therefore, not originally contemplated by the parties but they are nevertheless necessary to properly carry out the work specified in the contract and are included therein.

The various items of additional work have been approved by Drummey-Duffell, Inc., who are the architects for the work, and likewise by the Board of Park Commissioners. The contractor's proposals, describing the extra work in detail, and bearing the architect's approval are attached hereto.

In addition the cost of the work will of necessity have to be further increased in the amount of \$2,092.42 to cover the additional expense involved in the drilling of the well, an additional 72 feet to insure an adequate water supply and in the supplying of a 1,500-gallon pressure tank, a three-horse-power pump, a magnetic tank, and other controls. The foregoing sum is over and above the \$1,000 contract allowance for this work, which sum under the contract terms could be increased or decreased.

In view of the fact that this contract is now on the site, with the necessary personnel, materials, and equipment for performing the outlined extra work and because the city is desirous of having the entire project finished and ready for use as soon as possible and since the charges for the various items of extra work are consistent with the amounts currently being paid for work of this character, it is the opinion of the Board that nothing would be gained by publicly advertising for bids for this work.

Therefore, on behalf of the Board, I respectfully request your permission to dispense with publicly advertising for proposals and to award the said contract with F. C. Dolan & Sons, Inc., in the total sum of \$8,216.65, to cover the cost of the items of extra work, including the extra costs on the well, thereby making a new total estimated contract cost of \$41,814.65. The \$8,216.65 amendment is to be charged to the income from the Mary P. C. Cummings Trust Fund as in the case of the principal contract.

Respectfully yours,

FRANK R. KELLEY, Chairman.

F. C. DOLAN & SONS,

18 ALDORTH STREET, JAMAICA PLAIN.

May 29, 1951.

DRUMMEY-DUFFELL, INC., 80 Boylston Street, Boston.

Re: Shower and Sanitary Building, Cummings Estate, Woburn, Mass., Owner, City of Boston.

GENTLEMEN:

We agree to furnish labor, materials, and equipment to perform the following work:

(a) Construction of a Driveway, and Parking Area.

1. The driveway and parking area shall be constructed 10 feet wide and is to extend from Blanchard road through the existing opening in the stone wall to the southerly end of the new building running along the easterly edge of the concrete platform and having a total length of approximately 345 linear feet. The parking area shall be constructed immediately adjacent to the easterly edge of the proposed driveway where directed, between Blanchard road and the northerly end of the new building, and shall be 100 feet long by 40 feet wide. Both areas shall be constructed to such grades that will provide for complete run-off of all surface water and will blend in with the existing conditions.

2. The existing loam lying within these areas, which test holes show to be approximately 12 inches deep, shall be entirely removed from the areas and neatly spread, graded, raked free from surface stones, where directed on the lot in the near vicinity. The areas to be excavated shall then be brought up to the proposed subgrades of the driveway and parking area with bank run gravel fill thoroughly compacted, graded, and rolled so as to form a suitable foundation for the proposed surfacing. Upon this compacted gravel foundation, furnish and lay, according to the Park Department's "General Specifications for Asphalt Surfacing," on file at the engineer's office, 33 Beacon street, Boston, a 2½-inch asphalt surfacing, which shall be laid, as specified, in two courses, a 1½-inch binder course and a 1-inch close mix Type I-1 wearing course.

3. After all the above work is completed, the shoulders surrounding the asphalt surfaced area shall be neatly graded and loamed, the areas where the excavated loam has been spread shall be graded and raked free from loose stones and the entire area shall be left in a slightly condition satisfactory to the supervisor.

The above work contained in Item 2 to be done for the sum of \$2,850.42.

(b) Construction of Drainage.

1. Prior to construction of the work specified in Paragraph (a), in the low area west of the proposed driveway and about 60 feet south from Blanchard road, a standard brick catch basin 5 feet deep with cast-iron frame and open grade cover shall be constructed.

2. From this basin a 10-inch drain line shall be furnished and laid, running in an easterly direction about parallel with the wall to a point where the descending grade or pitch of the drain runs out on the side of the hill, a distance of approximately 450 linear feet. The drain line will be laid a maximum depth of 6 feet below the existing grade and shall be 10-inch concrete or S. G. V. clay pipe laid with open joints covered with burlap, where it passes under the proposed driveway and with the joints filled with 1-2 cement mortar otherwise. The trench shall be backfilled with the excavated materials except where the drain passes under the proposed driveway where it shall be backfilled with cracked stone or gravel and the entire area shall be left in a condition satisfactory to the supervisor.

The work contained in Item (b) to be done for the sum of \$1,480.66.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Carriere Construction Company, 21 Glendower road, Roslindale, for bituminous concrete pavement in Church street, Cypress street, Danville street, Ely road, Frederika street, Maxfield street, and Rutledge street, from June 30 to August 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Carver street, Centola street, and Lyall street, from June 30 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with the Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Edna road, Galty avenue, Mercier avenue, and Regan road, from June 30 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for bituminous concrete pavement in Lyall street, from Lasell street to Addington road, from June 30 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with John McCourt Company, 910 Huntington avenue, Boston, for repairing with sheet asphalt the pavement in any street upon which there is no maintenance guaranty for the Water Division, from June 30 to October 31. This extension was requested for the reason that the contractor had to await completion of public service corporation underground work. The repair work performed under this contract is done in conjunction with repair work for the public service corporations.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for artificial stone sidewalks in Watson street (east side), from Northampton street to 205 feet southerly, from June 30 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 9, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilors F. P. Tracey and P. A. Tracy.

The Reverend John A. Palmieri, of the Sacred Heart Roman Catholic Church of East Boston, was escorted to the rostrum.

INVOCATION BY REV. JOHN A. PALMIERI.

O God, Who hast ordained that men live in peaceful society under the fatherhood of God, grant these chosen representatives of Thy people humbly to accept its dignity to faithfully fulfill their duties. Illumine their minds with Thy constant assistance that they may clearly see that which is true. Strengthen their hearts in the face of unforeseen difficulties.

Let not their earthly success cause them to forget Thee, the author and giver of all things. May the blessing of God, Father, Son, and Holy Ghost descend upon you and remain forever. Amen.

The salute to the Flag was given by the members.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
This will acknowledge your letter of July 3, enclosing City Council order passed under date of June 25, 1951, relative to the proposed establishment of a tuberculosis hospital on Forest Hills street, Jamaica Plain.

On June 7, a hearing was held on a petition to establish a hospital at 215 Forest Hills street, Jamaica Plain, before the Building Commissioner and the Health Commissioner. Stenographic notes were taken at this hearing and are now being transcribed, but have not yet been received by the Health Commissioner.

I have today conferred with the Building Commissioner and every effort is being made to obtain a transcription of the hearing without delay. On its receipt, a complete study will be made of the material presented and I am confident that the Building Commissioner will give every consideration to the order passed by the City Council, as likewise, shall the Health Commissioner.

Yours respectfully,
JOHN H. CAULEY, M.D.,
Health Commissioner.

TRANSFER OF CERTAIN PROPERTY ON HOLYOKE STREET TO PARK DE- PARTMENT.

The following was received:

City of Boston,
Office of the Mayor, July 9, 1951.
To the City Council.
Gentlemen:

I transmit herewith a proposed order for the transfer of approximately 1,589 square feet of tax title property on the northerly side of Holyoke street, Boston Proper, from the care, custody, control, and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control, and management of the Park Department, for the purposes of a "kiddies' play area" and recommend passage of the same.

Respectfully,
J. B. HYNES, Mayor.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated October 23, 1939, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5611, page 76, on about one thousand five hundred eighty-nine (1,589) square feet of land on the northerly side of Holyoke street, being numbered 39 in the numbering of said Holyoke street, Boston Proper; and

Whereas, By a vote of the Board of Real Estate Commissioners dated May 10, 1951, it was voted to transfer the above-described parcel of foreclosed tax title property to the Park Department for a "kiddies' play area"; now, therefore, it is hereby

Ordered, That the aforesaid parcel of foreclosed tax title property be, and the same hereby is, transferred from the care, custody, control, and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control, and management of the Park Department, for the purposes of a "kiddies' play area."

Referred to the Executive Committee.

Coun. MCGOLGAN in the Chair.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN DELANO PARK, WARD 18, FROM POPLAR STREET TO WHITFORD STREET; RUSKINDALE ROAD, WARD 18, FROM RADCLIFFE ROAD TO ROSEDALE ROAD, IN FRONT OF CHITTICK SCHOOL; TREMLETT STREET, WARD 17, FROM WASHINGTON STREET TO HOOPER STREET; WOODLAWN STREET, WARD 11, FROM HYDE PARK AVENUE TO FOREST HILLS CEMETERY, AND ARTIFICIAL STONE SIDEWALKS AND BITUMINOUS CONCRETE SIDEWALKS IN ST. ROSE STREET, WARD 11, FROM JAMAICA STREET TO ARBORWAY, WITH AN ARM BRANCHING EAST TO SONGH STREET, AND TILSTON STREET, WARD 18, FROM RIVER STREET TO RADCLIFFE ROAD, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARDS 11, 17, AND 18, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Delano park, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Delano Park, Ward 18, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 1, 1951, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(July 21.) Commissioner of Public Works.

OVERSEERS OF PUBLIC WELFARE.

INVITATION FOR PROPOSALS FOR NEW BUILDING AT THE CORNER OF BLUE HILL AVENUE AND SCHUYLER STREET, BOSTON, MASS.

The Overseers of Public Welfare, hereinafter referred to as the Awarding Authority, invite sealed proposals for new building at the corner of Blue Hill avenue and Schuyler street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Thursday, August 9, 1951, Daylight Saving Time, at the office of the Overseers of Public Welfare, 43 Hawkins street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, Thomas F. McDonough, A. I. A., 25 Huntington avenue, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, Thomas F. McDonough, 25 Huntington avenue, Boston, Mass., on Monday, July 23, 1951. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

All subbidders' proposals must be in the possession of the Overseers of Public Welfare and delivered or mailed to the general bidder not later than 12 o'clock noon, Daylight Saving Time, Tuesday, August 7, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

Subbids will be taken on the following portions of the work:

- A. Roofing.
- B. Painting and Glazing.
- C. Plumbing.
- D. Heating.
- E. Electrical.
- F. Elevator.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to reject any or all bids of the general bidders, and to waive any informalities in bidding, if it be in the public interest to do so. The Awarding Authority also reserves the right to reject all bids of subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

NO CAUSE FOR ALARM IN MATTER OF CLASSIFICATION OF EMPLOYEES—MAYOR HYNES ISSUES STATEMENT REASSURING CITY WORKERS—CLASSIFICATION ONLY TENTATIVE AND AIMED TO BENEFIT ALL, IF AND WHEN SURVEY IS COMPLETED—POINTS TO SATISFACTION IN OTHER CITIES WHERE PUT INTO EFFECT.

The following statement on the classification of employees has been issued by Mayor Hynes:

The initial steps in the classification of employees' positions has been completed. This classification is tentative. All employees and department heads have been requested to examine the tentative classifications and, wherever it appears that a classification is out of line, request a review by the survey staff.

There is no cause for apprehension on the part of city employees with regard to

MAYOR HYNES NAMES COMMITTEE OF BUSINESSMEN TO PLAN DEVELOPMENT OF BOSTON AND ALBANY YARDS IN BACK BAY WHEN RAILROAD MOVES.

On July 20 the following letter was made public by the office of the Mayor:

I have given considerable time and thought to the development of the Boston & Albany Railroad yards and I have consulted with various individuals and groups concerning the possible development at that locality when the Boston & Albany Railroad move their yards to Allston.

Many suggestions already have been offered as to the best uses, from the standpoint of the city as a whole, that could be made of this land, and all such suggestions have been forwarded to the City Planning Board. It is my belief that the City Planning Board of the City of Boston should be the focal point in this matter, and that the future interest of the city will best be served if any development in this area is to be made. Consequently, I am appointing a committee, listed below, representing various interested elements in our community, to work in conjunction with the City Planning Board as an advisory group.

BOSTON STANDS TO SAVE \$330,000 ANNUALLY ON GARBAGE DISPOSAL BY USE OF INCINERATORS—PUBLIC WORKS COMMISSIONER GEORGE HYLAND SUBMITS TO MAYOR JOHN B. HYNES FINDINGS AND RECOMMENDATIONS OF ENGINEERING EXPERTS WHO HAVE COMPLETED MOST RECENT STUDY OF SITUATION—TO BE ERECTED IN MOST NEEDED AND HANDIEST SECTIONS FOR SUCCESSFUL OPERATION—ESTIMATED TOTAL COST WILL BE \$3,000,000.

Public Works Commissioner George G. Hyland has submitted to Mayor John B. Hynes a report of the findings of a firm of consulting engineers, Thomas Worcester, Inc., on the matter of garbage disposal for the City of Boston. The report recommends the use of incinerator plants and shows that thus the city would save at least \$330,000 annually. A summary of the report reads as follows:

This report considers the entire refuse disposal problem as it affects all sections of the city. It contains specific recommendations as to the steps that should be taken to solve the important problem of refuse disposal, and strongly recommends that incineration be adopted as the most satisfactory method of disposing of refuse materials collected in Boston. The important recommendations and features of the report are as follows:

1. The consultant recommends the eventual construction and operation of incinerators at the locations designated and of the size and estimated costs as indicated.

LOCATION.	SIZE.	ESTIMATED COST.
Southampton Street-Massachusetts Avenue area (Central Incinerator) . . .	750-ton capacity	\$1,650,000
Wexford Street (Brighton Incinerator) . .	320-ton capacity	704,000
SCHEME 1		
Victory Point (Dorchester Incinerator) .	300-ton capacity	660,000
Gardner Street (West Roxbury Incinerator) . . .	240-ton capacity	552,000
or SCHEME 2		
Barry's Ledge, Cummins Highway (Southern Incinerator)	350-ton capacity	770,000

The total cost for this program of incinerator construction is \$3,566,000 including Scheme 1, or \$3,124,000 including Scheme 2. The proposed general locations of the latter-referenced incinerators and the areas to be served by them are shown on the map on page 39 of the report.

2. The consultant estimates that construction of the Central Incinerator and Brighton Incinerator—which would allow the discontinuance of the present refuse disposal contract and abandonment of the Mile Road and Spectacle Island dumps—will result in a savings to the city of approximately \$274,000 per year.

MAYOR ASSURES CITY EMPLOYEES THAT CLASSIFICATION PLAN IS AIMED TO BENEFIT ALL.

(Continued from page 797.)

the classification and compensation survey. Once again, I wish to emphasize that no employee will suffer any salary reduction, nor will any employee be deprived of any of his civil service rights.

The classification of positions has been made on a tentative basis. Any employee may request a review of this tentative classification up to August 1, or later in extraordinary cases. After these reviews have been completed by the surveyor, the State Division of Civil Service will notify each employee of his or her rating. If the employee is dissatisfied, an appeal may be made to the Civil Service Commission.

The primary purpose of the classification and compensation study is to benefit the city employee. It will remove future inequities in the city service. It will assure the employee of a salary commensurate with his or her duties performed. It will, I am certain, be acceptable to practically all of the city employees when it is completed.

I wish to reassure city employees that there is no cause for alarm. The study now being worked out in Boston has proved beneficial and has been acceptable to employees in other large cities.

Requests for reviews have already been received from some fifty employees. It appears that in some cases the status of employees has been changed, by way of promotion, since the survey staff made the original classifications. Requests for reviews will be accepted up until August 1. Any employee on vacation will not be held to the August 1 date, but will be given an opportunity to request a review. Undoubtedly, many instances will come to light where classifications will be changed after such reviews. I therefore request all employees who feel that the classification is incorrect to immediately seek such a review.

In other cities which have been surveyed by the present concern—that is, Los Angeles, Chicago, Kansas City, Philadelphia, and Minneapolis—the review procedure ironed out many discrepancies in classifications.

It is expected that the same pattern will obtain here in Boston. After all reviews have been completed and changes made, the classifications and pay plan will be presented to the Advisory Administrative Committee and to the State Division of Civil Service, which have been working with the survey staff on the tentative classifications and allocations.

As previously announced by me, no employee will be hurt in the classification and compensation plan. On the contrary, the great majority will benefit. It is natural that any proposed plan will be the cause of uncertainty on the part of some of the employees. I am sure, however, that the plan when finally completed will be accepted as the first workable, satisfactory plan for the benefit of employees. As an employee of thirty years' standing, I understand the views of the employees and I wish to assure them that the classification and compensation plan now in the making will be as acceptable to them as it has been to other cities where a similar plan is now in operation.

MAYOR HYNES NAMES COMMITTEE TO DEVELOP BACK BAY RAILROAD YARDS.

USE OF INCINERATOR PLANTS RECOMMENDED FOR BOSTON.

(Continued from page 797.)

CENTRAL INCINERATOR

3. The Central Incinerator, proposed to be located in the Southampton Street area—an unrestricted building zone and remote from residences—will serve the City Proper, Roxbury, Back Bay, South Boston, and northern Dorchester districts now included in the refuse disposal contract area. The available dumping areas at Mile road are becoming exhausted, and, with construction of the housing project in this area, it will have to be abandoned as a dump site in the very near future. Unless other disposal facilities are provided, all the refuse now dumped at Mile road would have to be taken to Spectacle Island. Disposal at the island is costly, due to the rehandling and water transportation of the refuse.

The incinerator location is close enough to the City Hospital to provide for the transmission of steam generated at the incinerator to the hospital heating and power plant, yet remote enough to avoid detrimental conditions. It is estimated that by providing waste heat boilers at the incinerator it will be possible for the city to save \$56,000 annually in fuel costs alone at the hospital. Completion of the overhead highway will facilitate transportation of refuse from the downtown areas to the incinerator.

4. Construction of the Brighton Incinerator will effect a savings by the elimination of the present long haul of refuse to the Mile Road dump. An additional savings is presented at the proposed site by the possibility of the sale to the abattoir of steam generated from the waste heat of incineration. The consultant recommends that construction of this

incinerator be delayed until after the completion of the study now in progress by the Metropolitan District Commission, which may provide for an incinerator to serve jointly Brighton and other nearby metropolitan communities.

SOUTHERN SECTION.

5. In the southern section of the city (West Roxbury, Hyde Park, southern Dorchester, etc.), the consultant recommends that when it is economically feasible or when the existing land dumps approach exhaustion that incinerators be built in this section. Two alternatives for incinerator locations in this section are submitted, as previously listed under Scheme 1 and Scheme 2. Determination as to whether Scheme 1 or Scheme 2 should be adopted does not have to be decided upon in the immediate future, because the consulting engineer is of the opinion that the existing land dumps in Dorchester and West Roxbury are adequate for several years.

6. In the northern section of the city (Charlestown and East Boston), the consultant recommends that the refuse be disposed of at a dumping site north of Boston—as is the present practice for East Boston—as long as permitted. Disposal of the refuse from these two districts jointly with that from adjacent metropolitan communities may be provided in the future by an M.D.C. incineration construction program now under study. If such an arrangement is not developed, additional capacity will be provided at the Central Incinerator to handle the refuse from this section.

7. The report approves the previous purchase by the city of land in West Roxbury for use as a land dump for refuse collected in the West Roxbury-Jamaica Plain area, and also the continuance of the present system of selling garbage to hog raisers that is now being done in the Dorchester area.

In conclusion, we in the department appreciate the importance of adopting an adequate and sanitary system of refuse disposal to serve Boston for the foreseeable future, and, of immediate importance, the provision of an economical and sanitary system that will be available when the Mile Road dump is closed due to housing activities.

MAYOR OFFERS LONG ISLAND BOAT "JAMES M. CURLEY" FOR SALE—NO LONGER NEEDED WITH BRIDGE IN OPERATION.

Mayor Hynes invites inquiries regarding the sale of the motor vessel operated by the Institutions Department of the City of Boston (M. V. "James M. Curley").

On or about August 4, 1951, the Long Island Viaduct will be opened to transportation. Immediately following, the boat service to Long Island will cease.

This vessel was built by the United States Government at a cost of \$600,000. It was procured by the City of Boston in 1946 as war surplus. It is 317 tons and 1,200 horsepower. It has a cargo capacity of 35 tons and passenger capacity of 250.

When this vessel is through running between Boston and Long Island, it will be offered for sale in the customary manner with the permission of the City Council.

All persons seeking information regarding this boat can obtain it from the Institutions Commissioner, John R. McGillivray, 1103 City Hall Annex, Boston, Mass.

ANNUAL BOAT SAIL FOR SICK AND AGED AT LONG ISLAND HOSPITAL PROVES BIG EVENT FOR SHUT-INS.

The second annual boat sail for the sick and aged at Long Island Hospital took place Thursday, July 26.

Last summer Mayor Hynes inaugurated these harbor sails, and, with the assistance of the Long Island Welfare Committee, 200 patients were taken for a two-hour sail around the harbor. Many of these people have not been off Long Island for ten to twenty years. They were amazed to see such progress at the Mystic River Bridge, the new airport, and all the navy airplane carriers at South Boston.

Because of the excellent time that the patients enjoyed last summer, more than 400 requests were made for this year's trip. Therefore, an extra trip is being arranged. Doctors and nurses from the hospital accompanied the patients, as many of them need constant medical attention. All the employees at Long Island Hospital, under the direction of Commissioner John R. McGillivray, worked on the arrangements for this boat ride.

Many of the patients were carried on the boat on cots and many were taken on in wheel chairs. A special luncheon was served, and music and entertainment furnished. This boat ride has a special significance, as, in two weeks, the Long Island Viaduct will be open.

Mayor Hynes has brought numerous comforts and conveniences to the chronically sick at Long Island Hospital. He suggests that next year, with the bridge open, buses will take many of the patients on tours of Boston and vicinity, in order that the patients may see again the sections where they formerly lived and the many improvements that have been made around the city.

MAYOR HYNES ORDERS TEST OF CIVIL DEFENSE FACILITIES ON A REGIONAL BASIS TO BE HELD ON AUGUST 14.

Mayor John B. Hynes, Director of Civil Defense for Region 5, has requested that a definite test of communications facilities on a regional basis be held on August 14 at 7 P.M. In keeping with that request the following letter has been sent out to all defense leaders and coordinating committee chairmen:

July 20, 1951.

To Sector Leaders, Civil Defense Directors, and Coordinating Committee Chairmen.

The Director of Civil Defense for Region 5, the Honorable John B. Hynes, Mayor of Boston, has requested a definite test of communications facilities on a regional basis on Tuesday, August 14, 1951 at 7 P.M.

All available communications facilities, together with newly acquired equipment, will be put into operation at the specified date and time.

The "get-ready" time allotted you should be ample, and you are asked to align communications facilities for full participation and cooperation.

It can be expected that the alert given to set off the communications test will emanate from State Police Headquarters over the established frequency of 44.74. All communications facilities within Region 5 will be tested for contact between regional control—sector control—and local and service control.

During the test period, endeavor by all means of communications available to you to contact those persons vitally concerned in your Civil Defense efforts.

Keep a full log of contacts made, persons to whom you talked, and all the necessary information given to you or by you.

The chain of command should be followed within the region, and the prepared messages transmitted clearly will be received accurately.

This is the first directive stipulating a definite date—specific information, plans, and meetings will come prior to August 14.

Preparation for your part in the operation is vital. We expect your full indulgence. This will be the first step leading to our eventual all-out alert.

JOHN B. HYNES, *Director.*

MAYOR JOINS IN BATTLE TO SAVE TITLES TO RECLAIMED MUD-FLAT LANDS IN CITY—WIRES MEMBERS OF CONGRESS FROM LOCAL DISTRICTS.

The following telegram has been despatched to Congressmen John W. McCormack, John F. Kennedy, Christian A. Herter, and Richard B. Wigglesworth, House of Representatives, Washington, D. C.:

MUCH OF THE CITY OF BOSTON, INCLUDING LARGE TRACTS IN THE CITY PROPER, THE BACK BAY, AND SOUTH BOSTON, CONSISTS OF LAND ONCE OVERFLOWED BY TIDAL WATERS BUT LONG SINCE FILLED IN AND BUILT UPON. THE UNITED STATES SUPREME COURT DECISION ENTERED JUNE 23, 1947, IN UNITED STATES V. CALIFORNIA, 332 U. S. 19, HAS CAST A SUBSTANTIAL CLOUD UPON THE TITLE OF THESE RECLAIMED AREAS, UPON MANY OF WHICH THERE ARE TODAY COMMERCIAL PROPERTIES OF GREAT VALUE. LEGISLATION SUCH AS IS EMBODIED IN TITLE II OF THE PROPOSED SUBMERGED LANDS ACT, H. R. 4484, INTRODUCED BY CONGRESSMAN WALTER, IS URGENTLY NEEDED TO CLARIFY THE SITUATION. ACCORDING TO MY INFORMATION, THE BILL JUST MENTIONED COMES BEFORE THE HOUSE OF REPRESENTATIVES TOMORROW. AS MAYOR OF BOSTON, I RESPECTFULLY URGE ITS ENACTMENT.

John B. Hynes,
Mayor of Boston.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, and commercial concerns for furnishing, labor, supplies, etc. Communications from heads of departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, July 23, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with publicly advertising for proposals and to enter into a contract with D. W. Dunn Company, movers, located at 3175 Washington street, Boston, Mass., for the moving of a considerable amount of Fire Department equipment, machinery, supplies of various kinds, tools, and furniture from their present locations at 60 Bristol street, 70 Bristol street, and 11 Wareham street to the new Fire Department Headquarters at 115 Southampton street.

D. W. Dunn Company propose to furnish all the labor, materials, such as containers, vehicles, and other services or equipment necessary to load, transport, unload, and deliver within the recently constructed new Fire Department Headquarters premises the greater part of the contents of the rooms and corridors comprising the three buildings now in use by this department at the aforesaid Bristol and Wareham streets addresses.

The contractor will be paid for the moving services rendered, in accordance with its schedule of hourly rates on file with the State Department of Public Utilities for trucking services, embracing the charges for the vehicles with operator and for helpers, plus three (3) per cent of all said charges on account of federal taxes.

In view of the nature of the work to be covered by the terms of the proposed contract, however, it is virtually impossible to determine the total cost of carrying out the entire moving operation, but it is expected that the necessary expenditure for the work will not, plus the taxes, exceed \$2,870, and therefore the total estimated cost of the work, including the taxes, is \$2,870.

In the interests of bringing about as soon as practicable and without interference, suspension, or interruption of the department's multiple vital functions, an efficient and expeditious transfer from their present Bristol and Wareham streets locations to the new Fire Department Headquarters of our services, facilities, and supplies, it was felt that the best interests of the city would be served by awarding the contract to D. W. Dunn Company, without public advertising for bids, having in mind its vast experience in conducting this type of operation and the firm's enviable record for efficiency.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, June 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Pursuant to your telephonic communication yesterday concerning the awarding of the contract of the proposed X-ray equipment for the Dowling Annex (Dr. Joseph H. Shortell Memorial) a special meeting was held today at the trustees' room of the Boston City Hospital, with the following in attendance: Dr. Martin J. English, Dr. Thomas J. Giblin, Mr. Richard J. Condon, Dr. James W. Manary, and Dr. Otto J. Hermann, who is supervising the installation of the equipment for the hospital administration.

The matter was fully discussed with the following points under discussion:

1. I had a telephonic contact made with the other hospitals in the city to find out what organizations supplied their X-ray equipment. Enclosed is a copy of the individual hospitals, with the X-ray equipment purchased from the different X-ray organizations.

2. The financial condition of the Atlantic X-Ray Company.—The question of whether the Atlantic X-Ray Company could supply replacements and the proper service if this present war continues, when metals of all kinds are so rationed and curtailed that this company may not be able to service the X-ray equipment if the contract was awarded to them.

3. We have read Dr. Otto Hermann's letter to you concerning this particular matter. Enclosed is a copy of Dr. Hermann's letter.

4. It is the general opinion of everybody present and the private roentgenologists in the city (I mention one, Dr. Paul Butler, former chief of the Roentgenology Department at the hospital) that they prefer the General Electric equipment and service.

It is the consensus of opinion that the contract should be awarded to the General Electric Company for the following reasons:

1. It is a big standard organization with an excellent reputation.

2. It manufactures its own equipment.

3. It has an excellent service organization in the city.

4. It can supply parts to this equipment at times when metals will be very scarce, and such hospital material will be very scarce because all of the government organizations that use X-ray equipment will have priority over such materials. During World War II and its continuation we were fortunate to have had General Electric equipment here because they were able to supply us with parts and other X-ray equipment and accessories during these emergencies. We feel that minor organizations may not be able to supply this equipment during the stress of rationing or other reasons for curtailing metals during emergencies.

5. Our experience with General Electric equipment and service have been of the best.

6. At a recent meeting of the Orthopedic Department of the hospital, it was the unanimous opinion of

the organization that the General Electric Company be awarded the contract.

This matter has been discussed by the Trustees at three different meetings, and as a result we feel that, because of the above reasons, the hospital would be better provided for and benefited by if the contract were given to the General Electric Company.

Sincerely yours,

BOARD OF TRUSTEES,
MARTIN J. ENGLISH, M.D.,
President.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Superintendent and Trustees of the Boston City Hospital appointed me some time ago to take charge of equipping the new orthopedic unit (to become the Shortell unit), which is in process of building, with the necessary X-ray and orthopedic appliances for the work to be done in that unit. It was to be my duty to make certain that the best American-made equipment be procured and installed in good order and condition, and there would be assured prompt and satisfactory service for the maintenance of such equipment.

As you know, the bids for such equipment in toto have been made by just two companies, the Atlantic X-Ray Company and the General Electric Company, of which the Atlantic Company is the low bidder by about \$800 on an approximate \$113,000 worth of equipment. Now, our hospital has done business with the General Electric Company for years and, in the opinion of all of us, the company has given perfect satisfactory service. It has been awarded repair contracts year after year and again, it gave the same excellent service. During World War II our hospital had to rely, and did so most successfully, exclusively on G.E. for maintenance of its X-ray equipment from its manufacturing sources. The General Electric Company is the largest manufacturer and supplier of X-ray equipment in the world, whereas the lowest bidder in this case is just a dealer.

I have conferred with several of our prominent and experienced roentgenologists and they have advised me unanimously to plead strongly that the General Electric Company be awarded the contract, despite the fact that it is not the low bidder. They all felt that the \$800 difference in the bids would be more than made up by the superior

quality of the X-ray equipment, installation, and service that only the General Electric Company could give us. These roentgenologists with whom I conferred, also told me that they use only the General Electric Company's X-ray machines, etc., because they know from their own experience that it is the best that they can buy, and that they have always received, as our hospital has, a complete service responsibility for the faithful performance of the equipment during its operative life.

Again, the General Electric Company bid is evidence to us that the firm operates through factory branches directly with their customers. This policy, I feel, provides protection to the hospital by assuring continuous and readily available maintenance.

It is also generally known that only three firms in the X-ray industry have qualified their major equipment for the Veterans Administration standards. These firms are G. E., Picker, and the Kelly-Koelt Companies. The new Veterans Administration hospital now under construction here has contracted with G.E. to furnish a large quantity of X-ray equipment.

Lastly, the Boston City Hospital Orthopedic Service, at a meeting on Monday evening, May 21, 1951, voted unanimously in favor of giving to General Electric Company the contract for the X-ray equipment for its new unit.

It is my strong recommendation that the General Electric Company's bid be accepted, in order to assure the hospital the best in X-ray equipment and service.

Respectfully yours,

OTTO J. HERMANN, M.D.

INSTITUTIONS DEPARTMENT.

BOSTON, July 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to award a contract not to exceed five thousand two hundred dollars (\$5,200) to the Bethlehem Steel Company, Shipbuilding Division, Simpson Yards, East Boston, Mass., for the motor vessel "J. M. Curley" without the formality of public bidding.

On the last trip, July 1, 1951, the captain was unable to reverse the engines when docking at Eastern Avenue Wharf. The preliminary inspection by the Bethlehem Steel Company estimated the cost at twelve hundred dollars (\$1,200). After the vessel was put in drydock and completely examined it was found that certain repairs could not be made and new parts would have to be purchased.

Although the vessel will shortly be decommissioned, it will be to the best interests of the city to repair it at this time, since the cost of boat hire would almost equal the cost of repair. Also, the boat will undoubtedly bring a higher sale price after this repair work is done.

The Bethlehem Steel Company has performed work on the vessel in the past, and its prices and work have always been found satisfactory. The estimate and prices for this work have been carefully checked; and the price

is considered fair for the amount of work to be done.

Respectfully submitted,

JOHN R. MCGILLIVRAY,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, June 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested for entering into a service agreement for the period April 1, 1951, to December 31, 1951, with the International Business Machines Corporation for the preparation of varied miscellaneous reports from punched record cards furnished by the library. This is a service which has been performed by the International Business Machines Corporation for the library for many years. During the period April 1, 1951, to December 31, 1951, the cost will be approximately \$2,000. Inasmuch as this is in excess of \$1,000, and since this service can be obtained only from the International Business Machines Corporation, it is necessary to obtain your approval for entering into this agreement without public advertising for competitive bids.

Your approval of entering into this agreement is hereby respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER,
Clerk of Trustees.

—
BOSTON, July 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 20, 1951, you approved our request to award, without public advertising, to the General Alarm Corporation, 89 Broad street, Boston, Mass., a contract for the installation of a combination watchman-recording and fire-alarm system in the Central Library Building in the amount of \$5,925.

In our letter of request we stated that one centrally located annunciator and bell to indicate visually the exact location of the trouble would be installed. It has now been found that a coded system of bells can be installed, without increase in cost, in place of the specified centrally located annunciator. With the coded system of bells knowledge of location of a fire would be available immediately to all departments of the building, whereas with a centrally located annunciator knowledge of the location of the fire would be available only at the annunciator itself. We believe that the coded system of bells will meet the protection needs of our building more adequately and will be in the best interest of the city. As stated above, this change in specifications will not affect the cost.

Your approval of this change is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER,
Clerk of Trustees.

PARK DEPARTMENT.

BOSTON, July 19, 1951.

HON. JOHN B. HYNES,
*Mayor of Boston.*Re: Architect's Contract for Repairs
to Park Department Buildings in
Back Bay Yard.

DEAR SIR:

The Board of Park Commissioners respectfully requests your permission to enter into a contract, without advertising for bids, with William W. Drummey, 80 Boylston street, Boston, for architectural services, preparation of plans and specifications, and supervision in connection with alterations and repairs to Park Department buildings in the Back Bay yard.

It is estimated that these repairs and alterations will cost approximately \$16,000. The architect's fee is to be 10 per cent of the amount of the construction contract, or an approximate sum of \$1,600. As architect's fees are established at a standard rate, we believe nothing would be gained by advertising for bids.

Mr. Drummey is a well-known architect and has had considerable experience in preparing plans and specifications and supervising work in conjunction with buildings of all kinds. He has been engaged by this department in the past, and we have always found his work satisfactory.

The Board therefore requests your approval of the award of a contract to Mr. Drummey, as indicated above, for the approximate sum of \$1,600, to be charged to Park Department, budget item 23.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PRINTING DEPARTMENT.

BOSTON, July 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Due to the unsettled condition of the paper market and the extreme difficulty in procuring stock for the printing of the 1951 Voting List, the 1951 Supplementary Voting List, and other printing items for the 1951 Election, the *City Record*, the Rules and Regulations for the Police Department, and the furnishing of printing items for the Civil Defense, Health, School, Fire, Police, Public Works and other city departments in the open market and in the quantity and sizes needed by this department, public advertising would be of no avail. Accordingly, I respectfully request permission to dispense with advertising and award a contract, without advertising, to the Century Paper Company, Inc., 295 Congress street, Boston, for the delivery of the following items in the quantities and at the prices set forth below:

31,606 pounds, 28x34, 50-pound basis, white, English finish, at 14.80 cents per pound, \$4,677.68.

780 pounds, 24½x36½, 78,000 white, 25 per cent rag, opaque bond, at 26.20 cents per pound, \$204.36.

4,608 pounds, 22x34, 96,000 white, No. 4, sulphite ledger, at 17.75 cents per pound, \$817.92.

944 pounds, 24x38, 118,000 white, No. 4, sulphite ledger, at 17.75 cents per pound, \$167.56.

976 pounds, 28x34, 122,000 white, No. 4, sulphite ledger, at 17.75 cents per pound, \$173.24.

The total amount of the contract is \$11,290.42.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, July 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, so-called patch-paving work, involving the restoration of areas opened by public service corporations in roadways surfaced with bituminous concrete and sheet asphalt is being done in one of the two largest districts of the city by Baker & Co., Inc., 3475 Washington street, Jamaica Plain. The latter referenced contractor has been designated by me to do this work for the corporations; the cost of the work being paid by said corporations.

In connection with the type of pavement restoration work that involves so-called "corporation cuts," it is most essential—for obvious reasons—also to restore concurrently, the sheet asphalt and bituminous concrete areas removed by the Water Division of this department, in connection with the repair and maintenance of its underground structures. It would not be good policy, nor in the best interests of the motoring public, for the department to adopt a program for the restoration of pavements by one contractor on roadway areas opened by public service corporations and by another contractor for openings made by the Water Division.

I have, therefore, negotiated with the above-referenced contractor and this

firm has agreed to restore pavements in roadway areas opened by the Water Division at a price approximately 27 per cent less than that established for pavement restoration work in areas opened by public service corporations. We are able to obtain this substantial reduction in price because this contractor has its organization and equipment in operation, performing the pavement restoration work for the public service corporations and the additional expense involved in permanently resurfacing the so-called "water cuts" is far less than it would be if a contractor were engaged in resurfacing the latter-referenced cuts only. The above-referenced contractor is among the best qualified in this city to do this type of work and the price for which they have agreed to do this work, in my opinion, is fair and reasonable, and no advantage will accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to Baker & Co., Inc., 3475 Washington street, Jamaica Plain, for pavement restoration work in roadways where so-called "water cuts" have been made and which are surfaced with sheet asphalt or bituminous concrete; the work to be restricted to the sections of the city in which this contractor has been designated to do similar work for public service corporations. The total sum of this contract will not exceed \$12,000. There is an available appropriation in the budget of the Water Division to cover this contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, July 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Department desires to have a safety and traffic island constructed in the roadway area in Warren street, Brighton, at the intersection of Cambridge street. In addition to the safety feature for pedestrians, the Traffic Department also intends to install a traffic light on the island to control the movement of vehicular traffic.

I am informed by Commissioner Reilly that the duct lines are already installed, and that the installation of the post and traffic light is deferred pending the installation of the island. In order to save time and to provide for the early operation of the traffic signal, I have made arrangements with the contracting firm of Rufo Construction Company, Inc., to install the island at agreed prices. The prices which are itemized are in my opinion fair and reasonable, and nothing would be accomplished by publicly advertising for proposals, except, possibly, to delay the project.

I respectfully request, therefore, that you approve the awarding of a contract, without publicly advertising for proposals, in the estimated amount of \$1,475.75, to the Rufo Construction Company, Inc., 1 Allen road, Brighton, for the construction of a safety and traffic island at the intersection of Warren and Cambridge streets, in Brighton, with the understanding that

all work will be done in accordance with the standard specifications of this department.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, July 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During the course of the construction season we are called upon to effect many highway improvements that do not come within the normal scope of maintenance work as done by our district yard forces, and neither do said improvements come within the normal scope of contract construction work that lends itself to publicly advertising for proposals.

The work that I refer to consists principally of effecting changes in existing traffic islands, installing new islands, adjusting the line and grade of edgestones, installing cross-overs in center divisional islands, effecting sidewalk and roadway repairs, and work of that nature. I find that this type of highway work is done more satisfactorily and expeditiously by engaging the services of contractors on a cost-plus basis, with rates for equipment, labor, etc., established by the department.

I therefore respectfully request your approval to the award of a contract in the estimated amount of \$4,000, without publicly advertising for proposals, to James A. Susi, 103 Providence street, Hyde Park, for effecting highway improvements, as designated by the Commissioner of Public Works, in any public highway in the city on a cost-plus basis, at rates for labor and equipment, as specified by the department, and at actual cost of materials plus 5 per cent.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

STREET LAYING-OUT DEPARTMENT.

Boston, July 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

As you know, the Board of Street Commissioners is responsible for the maintenance of many important records relating to street locations, land-takings, etc. Many of these records are not duplicated in any way and their loss would cause great difficulties, not only to the city, but to the general public who are constantly referring to them.

With your approval, I propose to microfilm these records. It is estimated that the cost of film and equipment to be procured from Recordak Corporation will be less than \$1,000. Department employees will perform the necessary labor. Funds are available in our current budget.

Very truly yours,

GERALD F. SCALLY,
Chairman.

SUPPLY DEPARTMENT.

Boston, July 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 14, 1951, your Honor approved a letter to award contracts for furnishing X-ray and other equipment

to the Orthopedic Department of the Boston City Hospital. Bids on this equipment were publicly opened on May 8, 1951.

As indicated in this letter dated June 13, 1951, no awards were made on Items 9, 10, and 11. It is now requested that authority be granted me to reject the bids received on these items and award contracts for these items, without public advertisement, to the following companies for the reasons as indicated:

Item 9, Airport Photo Center, Inc., in the amount of \$4,696.88. This amount which was submitted by this company on an informal quotation is substantially lower than any bid received from the public advertisement.

Item 10, Atwell Associates, in the amount of \$1,147.23. This company is the exclusive distributor in this area for the electronic sound writer requested by the hospital.

Item 11, Market Forge Company, in the amount of \$33,088. Market Forge Company is the manufacturer of the equipment requested under this item and therefore no advantage could be gained by awarding the item to any other company. All prices are net.

It is my opinion that the best interests of the city will be served by awarding the contracts as requested.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, July 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The office of Civil Defense has submitted a requisition to this office for transmitters and other necessary parts.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to DeMambro Radio Supply Company, Inc., the low bidder on informal quotations.

Approximate total amount of contract will be \$1,186.55, less cash discount of 2 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, July 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for furnishing tubes and vibrators to the Fire Alarm Division.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to DeMambro Radio Supply Company, Inc., who has the material in stock available for immediate delivery.

It is my opinion that no advantage will be gained by publicly advertising for bids because the prices submitted by this company on an informal quotation are exceptionally low and therefore by awarding the contract as requested the best interests of the city will be served.

Approximate total amount of contract will be \$1,555.99, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, July 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition for 300 canisters for all service gas masks and 300 canisters for Chemox masks.

In the past, our experience has been that all vendors submitted identical prices and therefore it would appear that no advantage would be gained by publicly advertising for bids. Authority is requested to award a contract, without public advertisement, to American-LaFrance-Foamite Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$3,870, less 2 per cent cash discount for payment within 30 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, July 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for one Rotalix double focus rotating anode tube as per specifications.

The Atlantic X-Ray Company, Inc., is the exclusive New England agent for the above. It is therefore requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to Atlantic X-Ray Company, Inc. It is my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,095, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, July 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On July 2, 1951, your Honor approved a contract in the amount of \$1,390, with Packard Machinery Company for furnishing maintenance machinery to the Boston Fire Department. This company was the lowest bidder on a publicly opened bid of May 17, 1951.

The amount as stated is incorrect because it represents the price of the lathe only and not the cost of the attachments and accessories. The bid was submitted correctly by the company but misinterpreted by this department. Authority is therefore requested to amend the contract to read \$2,618.50, instead of \$1,390.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, July 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted a requisition to this department for one (1) new 1951 Ford DeLuxe Tudor sedan to be delivered as soon as possible.

The Bowers Motor Sales has submitted an informal quotation on this vehicle

and has notified this department that it can be delivered immediately. Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Bowers Motor Sales, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,585, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

F. C. Dolan & Sons, Inc., have been granted an extension of time until August 15, 1951, for the completion of the contract for construction of a shelter and sanitary building at the Cummings Estate, Woburn, signed November 21, 1950.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with James D'Amico, Inc., 49 Ellison avenue, Dorchester, for laying bituminous concrete pavement in Capen place, Hendry street, Hesston terrace, and Wenlock road, from June 30 to August 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Joseph P. McCabe, Inc., 509 East First street, South Boston, for setting asphalt pavement and sewerage works in Malden street, from Washington street to Harrison avenue, from July 1 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the contract with Rufo Construction Company, Inc., 1 Allen road, Brighton, for artificial stone sidewalks in Browning avenue, Cedar Grove street, Gaylord street, Montello street, Queen street, Ridgewood street, Wales street, and construction of new traffic island in Oak square, from June 30 to July 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

Approval has been given for the extension of the time of completion of the

contract with Rufo Construction Company, Inc., 1 Allen road, Brighton, for artificial stone sidewalks in Canal street, from Causeway street to Haymarket square, and in various locations in streets designated by the Commissioner of Public Works, from June 30 to August 31. This extension was requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, July 19, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant leave of absence, without loss of pay, to city employees who are duly accredited delegates and alternates of the Massachusetts State Federation of Labor in order that they may attend their annual convention to be held during the week of August 6, 1951, in Worcester, Mass.

Respectfully,

JOHN B. HYNES, Mayor.

The Rev. John J. Fogarty of St. Mary's Roman Catholic Church of Charlestown, representing Rt. Rev. Msgr. Anchin, was escorted to the rostrum.

INVOCATION

BY REV. JOHN J. FOGARTY.

Let us call to mind the omnipresence of God. By an act of our will let us place ourselves in the presence of God and pray:

Come, Holy Ghost, fill the hearts of thy faithful, and enkindle in them the fire of Thy love. Send forth Thy spirit and they shall be created, and Thou shalt renew the face of the earth.

O God, who didst instruct the hearts of the faithful by the light of the Holy Spirit, grant us in the same spirit to be truly wise and ever to rejoice in His consolation.

O God, great and omnipotent Judge of the living, grant that every thought, word and action of ours may always begin from Thee and by Thee be happily ended. And we pray, O Almighty God, that the members of this Council may be thy instruments in accomplishing the common good, and that in all their work and negotiations, they may practice all Thy virtues. May they be not only hearers, but also doers of Thy word.

And as we ask for Thy blessing upon this Council, let us be mindful of the eternal days in which we find ourselves, and petition Thee for world peace, the safety of our boys in service, and that the leaders who are now convening may make their plans and agreements in accordance with God's Holy Peace.

May the spiritual motto of all of us be that we do all for Thy greater honor and glory, O God, for the good of our own souls, and as a good example to our fellow men.

May the will of God be exercised and accomplished by us and through us and in us now and always. Amen.

The salute to the Flag was given by the members.

APPOINTMENTS BY THE MAYOR.

REPAIRS TO TENNIS COURTS, GRAMPAN WAY.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of July 2, 1951, requesting that proper repairs be made to the tennis courts on Grampian Way, Dorchester, Ward 13.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Park Department, July 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office, with attached enclosure, City Council order, requesting that proper repairs be made to the tennis courts on Grampian Way, Dorchester, Ward 13.

This is to inform you that under the program of this department the chief engineer is arranging for the repair or the installation of new tennis courts, if necessary, on Grampian Way, in the Savin Hill section of the Dorchester district.

Very truly yours,

FRANK R. KELLEY, Chairman.

PLANTING OF TREES ON CLANCY ROAD.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of July 2, 1951, requesting to plant trees on Clancy road, in Dorchester.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Park Department, July 3, 1951.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office, with attached enclosure, City Council order, requesting the planting of trees on Clancy road, Dorchester.

Trees are planted only in the early spring and late fall before the trees go into blossom and after the leaves have fallen.

Our experience shows that at any other time the chance of the trees surviving is very limited.

I have referred this matter to the general foreman of the Tree Division and if possible we will consider this street for fall planting.

Very truly yours,

FRANK R. KELLEY, Chairman.

TUBERCULOSIS HOSPITAL IN JAMAICA PLAIN DISTRICT.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Building Commissioner relative to your order of June 28, 1951, requesting that the proposed establishment of a tuberculosis hospital in the Jamaica Plain district of Boston be rejected.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Building Department, July 6, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

In answer to the City Council order of June 25, 1951, concerning the premises at 215 Forest Hills street, permit me to say that a public hearing was held before the Health and Building Commissioners on the application for a hospital for chest diseases. The matter has been taken under advisement and an early decision is expected.

Very truly yours,

HARRY J. KEEFE,

Building Commissioner.

GLEASON STREET ONE WAY.

The following was received:

City of Boston,
Office of the Mayor, July 9, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 2, 1951, requesting that a study be made of the advisability of making Gleason street a one-way thoroughfare.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Traffic Commission, July 12, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

With reference to the Council order of July 2, 1951, requesting that a study be made of the advisability of making Gleason street a one-way thoroughfare, we find that this is a short residential street with a normal 40-foot width and 16-foot roadway. It runs from Harvard street to Bradshaw street and forms a "T" intersection at each end.

The amount of traffic using this street is negligible and confined chiefly to local residents. Under ordinary conditions it would not seem that a one-way street was warranted here. However, if all of the residents wish it to be established as a one-way street there is no reason why the Traffic Commission would not be willing to establish such a regulation.

With respect to this proposal we should like to have the residents specify in which direction they wish the street to be made one way.

Sincerely yours,

WM. ARTHUR REILLY, Commissioner.

SURVEY OF WATER PRESSURE IN WELLINGTON HILL STREET AREA.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of July 2, 1951, requesting that a survey be made by the division engineer of the Water Division for the purpose of applying water pressure in the Wellington Hill Street area.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
July 13, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of July 2:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to request the division engineer of the Water Division to make a survey for the purpose of applying water pressure in the Wellington Hill Street area."

With reference to the above, I submit herewith self-explanatory report that was sent to me by Division Engineer Sullivan:

"I return herewith letter of July 5, from the Chief Clerk of the Mayor's Office, enclosing City Council order of July 2, 1951, requesting that a survey be made by the division engineer of the Water Division for the purpose of applying water pressure in the Wellington Hill Street area."

"A survey of the above area has been conducted periodically for the past four or five years."

"The water pressure in Wellington Hill street varies from 40 to 21 pounds at the top. The water mains are adequate in size for the nature of the district to provide adequate domestic service and fire protection for the neighborhood."

"With the advent of utensils used in the homes, such as air-cooled refrigeration, washing machines, dishwashing machines, garbage disposal machines, etc., all of which use water, the service pipes, ordinarily $\frac{1}{2}$ inch in diameter, leading into the residences, are not adequate in size to operate these devices. When an increase in pressure in the area

cannot be made, the pressure can be maintained and a sufficient volume of water obtained if the householder will apply for a larger and adequate sized pipe to meet their demands."

"The Water Division has agreed to meet one particular householder one way by assuming one half the cost of increasing the size of service pipe to his home, providing the householder increases the size of the pipe within the premises. No reply has been received to our proposal."

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

TRANSFER OF APPROPRIATION TO FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1951.
To the City Council.

Gentlemen:

For several years, protests have been received at the Mayor's office concerning the vibration problem created by quarry operations in the Grove Street section of West Roxbury. A few weeks ago, a committee of your Honorable Body held a public hearing in connection with this problem. I have received from the Fire Commissioner, who was present at this hearing, a recommendation that professional engineering services be engaged by his department to survey and investigate the conditions under which blasting is carried on in the quarry and to submit recommendations concerning the alleviation of the problem. In the opinion of the Fire Commissioner, an appropriation of fifteen hundred dollars (\$1,500) should be provided to permit a thorough survey and report on the situation. I accordingly submit herewith an order providing for the transfer from the Reserve Fund to the Fire Department of the amount suggested by the commissioner. I respectfully recommend approval of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$1,500, to the appropriation for Fire Department, 2, Contractual Services, \$1,500.

Referred to the Executive Committee.

SALE OF PORTION OF CHARLES RIVER AVENUE, CHARLESTOWN, TO THE TUDOR COMPANY.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication received from Gerald F. Scally, Chairman of the Board of Street Commissioners, relative to a partial discontinuance and proposed sale of a portion of Charles River avenue, Charlestown district. The Board of Street Commissioners had discontinued approximately 2,925 square feet of Charles River avenue as a public highway and has recommended the sale of the same to the Tudor Company at a price of \$2,193.75.

The sale of this land to the Tudor Company will enable the company to erect a new building upon its property. The proposed sale will satisfy the bare minimum requirements of the Tudor Company. Since Charles River avenue is not required for public purposes, it is hoped that when negotiations with various utility companies have been completed, the city will be in a position to discontinue Charles River avenue in its entirety.

I submit herewith an order whereby 2,925 square feet of land may be sold to the Tudor Company for the recommended price of \$2,193.75, and recommend the speedy adoption of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
July 11, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Attached find order discontinuing a portion of the highway named Charles River avenue

for a distance of approximately two hundred and twenty-seven feet southerly from a point approximately one hundred and forty feet southerly of Water street, containing two thousand, nine hundred and twenty-five (2,925) square feet, more or less.

In 1929, the Board of Street Commissioners discontinued another portion of Charles River avenue for a distance of approximately two hundred and fifty-seven feet northerly from the harbor line in the Charles River, containing twelve thousand, eight hundred thirty-seven (12,837) square feet, more or less. Under this order, approved by the Mayor on January 26, 1929, the discontinued portion was conveyed to the Tudor Company, a subsidiary of the Boston "Globe," for a price of \$6,593.50, or approximately 50 cents per square foot.

This avenue, although recorded as a public way, for a number of years, has served no general useful purpose as such, and except for the delivery of paper stock to the property of the Boston "Globe," it is little used for vehicular or pedestrian traffic.

The particular portion of Charles River avenue proposed to be discontinued in the attached order is assessed for \$1.50 per square foot, and in view of the fact that the Tudor Company intends to erect a new building in a portion of the location to be discontinued which, naturally, will bring new revenue in real estate taxes to the city, the Board recommends that the discontinued portion be conveyed to the Tudor Company, namely, two thousand, nine hundred and twenty-five (2,925) square feet, for two thousand, one hundred ninety-three dollars and seventy-five cents (\$2,193.75) or seventy-five cents per square foot.

The Board of Street Commissioners understands that the Tudor Company is in agreement with this proposal and it is believed that the conveyance, as proposed, will be to the city's advantage. The discontinuance, as heretofore referred to, is a necessary preliminary to such sale and the attached order, which will accomplish that purpose, is respectfully submitted herewith for approval.

Very truly yours,
GERALD F. SCALLY, Chairman.

Whereas, The City of Boston by an order of the Board of Street Commissioners passed July 11, 1951, discontinued a part of the public highway named Charles River avenue in the City of Boston; and

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately twenty-nine hundred and twenty-five (2,925) square feet of land within that area of Charles River avenue discontinued as a public highway under the aforesaid order of the Board of Street Commissioners; and

Whereas, The said area of land owned in fee by the City of Boston is no longer required for any public purpose; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to sell at private sale and convey to Tudor Company, a corporation duly organized and existing under the laws of the Commonwealth of Massachusetts, with a principal place of business in Boston, for the sum of twenty-one hundred ninety-three and 75-100 (2,193.75) dollars, by an instrument in writing satisfactory to the Corporation Counsel of the City of Boston, all the City of Boston's right, title and interest in and to a certain parcel of land bounded and described as follows:

Northerly by the southerly line of said Charles River avenue as hereby established, twelve feet; easterly by the easterly line of said Charles River avenue as it existed previously to this discontinuance, by two measurements, one hundred twenty-eight and 10-100 feet and ninety-nine and 45-100 feet; southerly by the southerly line of said Charles River avenue as it existed previously to this discontinuance, ten and 50-100 feet, and westerly by the easterly line of said Charles River avenue as hereby established, two hundred twenty-seven and 46-100 feet, containing twenty-nine hundred and twenty-five square feet, more or less.

The above-described parcel of land, together with the location and dimensions thereof, is shown on a plan marked "City of Boston, Charles River Avenue, Charlestown, May 9, 1951, Walter R. Luby, Acting Chief Engineer, Street Laying-Out Department."

Referred to the Executive Committee.

THE NEXT MEETING.

Coun. F. P. TRACEY moved that when the Council adjourned, it would be to meet again on Monday, August 6, 1951. Councilor Cook moved to amend the foregoing motion that when the Council adjourned it would be to meet again on Monday, July 30, 1951.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Washington street, Hyde Park district, as a highway, from Truman Highway to Badger road, with the name of Wakefield avenue or some other distinctive name, bounded and described as follows:

A highway named Wakefield avenue is hereby laid out, from Truman Highway to Badger road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to City of Boston, bounded:

LAND-TAKING IN CHARLESTOWN.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the discontinuance of Charles River avenue, Charlestown district, as a highway, for a distance of approximately 260 feet southerly from a point approximately 110 feet southerly of Water street, bounded and described as follows:

A portion of the highway named Charles River avenue is hereby discontinued on the easterly side for a distance of approximately 227 feet southerly from a point approximately 140 feet southerly of Water street.

Said portion of said highway as hereby discontinued is bounded:

Northerly by the southerly line of said Charles River avenue as hereby established, twelve feet; easterly by the easterly line of said Charles River avenue as it existed previously to this discontinuance, by two measurements, one hundred twenty-eight and 10-100 feet and ninety-nine and 45-100 feet; southerly by the southerly line of said Charles River avenue as it existed previously to this discontinuance, ten and 50-100 feet, and westerly by the easterly line of said Charles River avenue as hereby established, two hundred twenty-seven and 46-100 feet, containing twenty-nine hundred and twenty-five square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a portion of Charles River ave-

nue, Charlestown district, as a highway, on the easterly side, for a distance of approximately 227 feet southerly from a point approximately 140 feet southerly of Water street, under the order of the Board of July 11, 1951, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Harry H. Benn, 1325 Commonwealth avenue, Allston, to be reimbursed in the sum of \$18, as a result of an accident which occurred on April 26, 1951, when a motor vehicle belonging to the Police Department, which he was operating, collided with an automobile owned by Samuel Barbaro.

TRAFFIC SAFETY AWARDS WON BY CITIES.

Cities winning awards for excellence in traffic safety have recently been announced in three national contests. A total of 578 cities with populations over 10,000 participated in the traffic safety contest conducted by the National Safety Council, and cities winning first place in their population groups were Washington, D. C.; Syracuse, New York; Berkeley, California; Jackson, Michigan; and Belmont, Massachusetts. Peru, Indiana, and Stillwater, Oklahoma, tied. The national grand award for cities was won by Washington, D. C. Cities winning second and third places were Buffalo, New York; Milwaukee, Wisconsin; Oklahoma City, Oklahoma; Kansas City, Missouri; Arlington, Virginia; Wichita and Topeka, Kansas; Oak Park, Illinois; Burlington, Iowa; Plainfield, New Jersey; Klamath Falls, Oregon; and Albert Lea, Minnesota. Other awards included a special honor roll of 92 cities of more than 10,000 population which completed 1948 without a traffic death.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

ASSESSED VALUATIONS CONTINUE TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN BEACON STREET, WARD 18, FROM FAIRMOUNT AVENUE TO MILTON LINE, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 18, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Beacon street, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Beacon Street, Ward 18, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 8, 1951, with a certified check for TWO THOUSAND (2,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(July 28.) Commissioner of Public Works.

Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PROPOSALS FOR REPAIRING THE PILE BRACING OF THE CHARLESTOWN APPROACH OF WARREN BRIDGE OVER THE CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing the pile bracing of the Charlestown approach of Warren Bridge over the Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairing the Pile Bracing of the Charlestown Approach of Warren Bridge over the Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 8, 1951, with a certified check for SEVEN HUNDRED AND FIFTY (750) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.

PROPOSALS FOR THE CONSTRUCTION OF A 300-FOOT REINFORCED CONCRETE SEA WALL, REAR NEW MEN'S PRISON, ON DEER ISLAND, BOSTON HARBOR.

The Penal Institutions Commissioner of the City of Boston, office 803 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for the construction of a 300-foot reinforced concrete sea wall on Deer Island, rear new men's prison, Boston Harbor.

A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained on and after 12 M. on July 30, 1951, at Room 803, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for the Construction of a 300-Foot Reinforced Concrete Sea Wall on Deer Island, Rear New Men's Prison, Boston Harbor," and left at Room 803, City Hall Annex, before 12 M. of Tuesday, August 14, 1951, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the above Room 803 in the City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 803, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Penal Institutions Commissioner, Room 803, City Hall Annex.

Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN CADDY ROAD, DORCHESTER, FROM MONSON STREET TO SANEAGE STREET; AYLES ROAD, HYDE PARK, FROM WESTMINSTER STREET TO AYLES ROAD, ANSONIA ROAD, WEST ROXBURY, FROM BAKER STREET 515 FEET NORTHERLY; COTTAGE AVENUE, WEST ROXBURY, FROM BIRCH ROAD TO SPARROW STREET; PAULMAN CIRCLE, WEST ROXBURY, FROM CHURCH STREET 260 FEET EASTERLY, AND SPARROW STREET, WEST ROXBURY, FROM COTTAGE AVENUE TO BEYOND SPINNEY STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying water pipes in Caddy road, Dorchester, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes in Caddy Road, Dorchester, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 8, 1951, with a certified check for SIX HUNDRED (\$600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications given out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application thereto at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(July 28.) Commissioner of Public Works.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FUEL SAMPLING, ANALYSIS, AND ENGINEERING SERVICE.

The School Committee of the City of Boston invites bids for fuel sampling, analysis, and engineering service for the Boston school system. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon Street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Fuel Sampling, Analysis, and Engineering Service." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of fifty dollars (\$50), must be left at the office of the Business Manager on or before 10 o'clock noon on Wednesday, August 8, 1951. Copies filed with the Business Manager will be publicly opened and read at 10 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish said city a suitable bond or deposit of money or other security for not less than fifty (\$50) per cent of the amount of the contract.

HENRY J. SMITH,

Business Manager of the School Committee, (July 28.)

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

INVITATION FOR PROPOSALS FOR LEASES OF PUBLIC PARKING FACILITY ON BEACON, MILK, AND CONGRESS STREETS, BOSTON PROPER.

The Board of Real Estate Commissioners of the City of Boston, hereinafter called the Board, invites from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, proposals for leasing for a term of six (6) months, beginning September 1, 1951, and ending February 28, 1952, the public parking facility situated in Boston and containing approximately forty-five thousand (45,000) square feet of land at Pearl Street, Milk Street, and Congress Street, Boston Proper, upon the covenants, agreements and conditions contained in the form of lease which, with the form of proposal, may be obtained daily (except Saturdays, Sundays, and holidays) between 9 A.M. and 5 P.M., at the office of the Board, Room 809, City Hall Annex, Court Street, Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for Leasing of Public Parking Facility on Pearl, Milk, and Congress Streets, Boston Proper." One copy of the proposal, accompanied by a bid deposit of \$2,000, made under the terms stated in the form of proposal, in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, shall be filed with the Board at its said office on or before 5 P.M., August 8, 1951, at which time and place all proposals will be publicly opened and read. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School Street, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

GROUND-BREAKING CEREMONIES HELD BY BOSTON HOUSING AUTHORITY FOR START OF ROSLINDALE DEVELOPMENT—MAYOR HYNES TURNS FIRST SHOVEL OF DIRT—TO COST \$2,723,000.

Ground-breaking ceremonies were held by the Boston Housing Authority, Thursday, August 2, at 10 A.M., at the corner of Beech and Washington streets, Roslindale, to open the new public housing development which will be built at that location. Mayor John B. Hynes turned the first shovel of dirt.

In attendance were local representatives, state senators, civil leaders, and representatives from the several veterans' organizations in the neighborhood.

The ceremonies were opened by James J. Mahar, chairman of the Board, who introduced Monsignor Murray, of the Sacred Heart Church, Roslindale, who gave the invocation.

The Board members present included John Carroll, vice-chairman, Joseph J. Benkert, treasurer, Cornelius T. Kiley, assistant treasurer, and Owen A. Gallagher, member, who spoke on behalf of the Boston Housing Board.

The development is to be constructed by G. L. Rugo & Sons, and covers 7½ acres of land. There will be 16 buildings,

LONG ISLAND VIADUCT DEDICATED, WITH MAYOR JOHN B. HYNES OFFICIATING AND CUTTING RIBBON TO OPEN WAY TO TRAFFIC FROM MAINLAND—SPAN FROM MOON ISLAND TO LONG ISLAND EXPECTED TO BE GREAT BOON TO CITIZENS IN REACHING RELATIVES HOSPITALIZED AT INSTITUTION—OFFICIALS, NURSES, AND ATTENDANTS NOW HAVE HANDIER AND BETTER FACILITIES FOR PERFORMING THEIR SERVICES TO THOSE BEING CARED FOR—NO MORE DEPENDENCE ON FERRY AND WEATHER—FIRST VEHICULAR LINK IN 65 YEARS AS HOSPITAL—MONUMENT TO MAYOR HYNES.

One of several outstanding services that have been contributed to Boston and its citizens during the administration of Mayor John B. Hynes is the viaduct from Squantum to Long Island in Boston Harbor, opened to the public on Saturday, August 4. The span was officially opened at eleven o'clock on Saturday, with Mayor Hynes and Institutions Commissioner John R. McGillivray taking part, and Maurice J. Tobin, United States Secretary of Labor, former Mayor and Governor, as the chief speaker. Mayor Hynes laid the cornerstone of the viaduct September 14, 1950. He cut the ribbon to inaugurate the traffic, and Commissioner McGillivray was master of ceremonies.

This longest private-way viaduct in the world has been built at a cost of \$2,600,000. It will be a boon to citizens of Boston who have relatives hospitalized on Long Island, in that many of the difficulties in the way of visits have been done away with. Instead of the difficult and inconvenient trips made by boat down the harbor it will now be possible for citizens to visit relatives daily if that is so desired. It will also enable the Institutions Department to secure services needed by the ill with less difficulty and inconvenience, since nurses, doctors, and attendants will be able to save time and effort in reaching the island to render their aid.

The more than $\frac{3}{4}$ -mile viaduct from Moon Island, Squantum, to Long Island has an over-all length of more than three miles, including approach roads.

It is not open to the general public, but only to those who have business on the island. Special passes must be obtained from the Institutions Department at City Hall.

First trip each day, beginning Sunday, will be at 8.15 A.M. from Fields Corner. The next trip will be at 11 A.M., with a special trip for visitors at 2 P.M., which will leave the island at 3.30 P.M.

Ferry Service Was Connecting Link.

For the last 65 years, the only link between Long Island Hospital and the mainland has been a ferry, which averaged six trips a day in good weather.

Within 10 years, the new viaduct will have paid for itself through elimination of ferryboat expenses and cheaper contractual services for the island.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

LONG ISLAND VIADUCT DEDICATED BY MAYOR HYNES.

(Continued from page 825.)

Commissioner McGillivray cited four distinct advantages to be gained with the opening of the viaduct.

1. It will erase the difficulties experienced to date in obtaining hospital staff workers, who have been discouraged by the difficulty in traveling.

2. More visitors will be encouraged to visit the hospital.

3. An estimated 30 per cent will be saved in the cost of building a new \$2,000,000 hospital soon to be constructed as well as equal savings on all other future construction and maintenance.

4. The new roadway also will insure adequate fire-fighting service from the mainland to reinforce the fire fighters stationed on the island.

"At today's replacement costs it would cost between \$15,000,000 and \$20,000,000," said Mayor Hynes, when he advocated construction of the viaduct.

Free transportation to the island for visitors will be supplied by the City of Boston from Fields Corner Station in Dorchester. The city has contracted with the Eastern Massachusetts Railway for bus service to and from the island.

GROUND BROKEN FOR NEW HOUSING PROJECT IN ROSLINDALE.

(Continued from page 825.)

3 stories in height, containing 274 apartments, ranging from 1-bedroom to 5-bedroom units, with a total room count of 1,335. Play area space will consist of some 16,000 odd square feet, and parking will be available to tenants in several areas throughout the development. Many shade trees and decorative shrubs will provide a suburban landscape effect.

The construction of the development will be aided by federal funds, through the Public Housing Administration, and the cost will be \$2,723,000.

MAYOR PROTESTS THE TRANSFER OF VETERANS ADMINISTRATION OFFICE.

(Continued from page 825.)

IMPOSSIBLE TO PULL UP STAKES AND GO TO PHILADELPHIA, WHERE AN ACUTE HOUSING SHORTAGE WILL DEVELOP IF THE SEVERAL DISTRICT OFFICES ARE REMOVED TO THAT CITY. NOT ONLY WILL HUNDREDS OF FAITHFUL EMPLOYEES WHO HAVE MADE INVESTMENTS IN HOMES IN THIS AREA BE UPROOTED, BUT THE VETERAN IN THIS DISTRICT WILL FIND IT EXTREMELY INCONVENIENT, IF NOT IMPOSSIBLE, TO MAKE A PERSONAL VISIT TO THE VA OFFICE IF LOCATED IN PHILADELPHIA.

I MOST RESPECTFULLY URGE THAT YOU GIVE THIS MATTER PERSONAL ATTENTION AND CAUSE A REVIEW OF THE PROPOSED REMOVAL OF THIS DISTRICT OFFICE TO BE MADE. WHATEVER SAVINGS THE UNITED STATES GOVERNMENT MIGHT MAKE IN SUCH A TRANSFER WOULD REACT UNFAVORABLY TO THE INDIVIDUALS MOST CONCERNED WITH VA MATTERS AND WOULD CAUSE GREATER EXPENSE TO THESE INDIVIDUALS. I SINCERELY HOPE YOU WILL HAVE THE TIME TO GIVE THIS MATTER YOUR PERSONAL SCRUTINY.

Mayor of Boston.

EAST BOSTON STADIUM AND RECREATIONAL CENTER TO BE TAKEN OVER BY PARK DEPARTMENT UNDER CUSTODIAL CARE.

The East Boston Stadium and Recreational Center which has been under construction for some time and which is partially completed will be taken over by the City of Boston Park Department on Monday, August 6, under custodial care.

The State Department of Public Works which has constructed the stadium will spend the remaining amount of the present appropriation, \$18,000, for necessary and immediate improvements. William F. Callahan, State Public Works Commissioner, will seek, this year, additional funds for floodlights, for bleachers for the baseball field, for benches, and for other permanent improvements at the stadium and recreational areas, and will also seek a substantial appropriation for the construction of a bathhouse at the new beach at Orient Heights.

At the completion of these permanent improvements the State Department of Public Works will then turn over the stadium, recreational area, and bathhouse and beach to the permanent custody of the Park Department. In the meantime, starting next Monday, the stadium and recreational area will be manned by the Park Department, and the facilities will be open for the enjoyment of the people of East Boston.

CHARLESTOWN BRIDGE CLOSED EIGHT HOURS FOR REPAIRS.

Commissioner George G. Hyland of the Public Works Department announced that Charlestown Bridge over the Charles River, between Charlestown and Boston, was closed to vessel traffic for a period of 8 hours, Thursday, August 2, from 8 A.M. to 4 P.M., Daylight Saving Time.

Some very necessary repairs were made to the operating machinery, which required that the draw of the bridge be kept in a closed position, thereby preventing vessels from passing through.

Vehicular or pedestrian use of the bridge was not affected.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Approval has been given to striking out the words "120 days from date of approval of the contract by his Honor the Mayor," appearing in the contract between the City of Boston and Perfection Grate and Stoker Company, for furnishing and installing new oil-burning equipment at the Sanatorium Division, dated October 18, 1950, and substituting the words "August 15, 1951" in their place.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated September 17, 1950, with Frank J. Guaragna, 73 Sumner street, Dorchester, for artificial stone sidewalks in Columbia road, Forest Hills street, Francesca street, Morton street and Pilgrim road, and bituminous concrete sidewalks in Carroll street, from June 30, 1951, to August 31, 1951. This extension is requested for the reason that the contractor has been delayed because necessary materials and labor were not readily available.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Frank J. Guaragna has been directed to perform the following extra work under the contract for artificial stone sidewalks in Columbia road, Forest Hills street, Francesca street, Morton street, and Pilgrim road, and bituminous concrete sidewalks in Carroll street, dated September 15, 1950.

Items ordered: Perform the following work in Francesca street: Remove 29 trees, averaging from 5 to 6 inches, including stumps, for the lump sum of \$150, including labor and equipment. Estimated cost of extra work, \$150.

Baker & Co., Inc., has been directed to perform the following extra work under the contract for sheet asphalt pavement in Boylston street and Brookline avenue, dated October 9, 1950.

Items ordered: In Brookline avenue, remove and reset two Bradley-head catch basins, including labor, material, and equipment, for the sum of thirty-five dollars (\$35) each. Estimated cost of extra work, \$70.

S. J. Tomasello Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Autumn street, Deaconess road, and Pilgrim road, dated May 25, 1951.

Items ordered: 1. In Deaconess road, from Binney street to Brookline avenue, remodel existing defective catch basin, including labor, materials, and equipment, for the lump sum of \$75. 2. In Pilgrim road, from Longwood avenue to Francis street, relay 45 linear feet of existing hip gutter, including concrete base, labor, and materials at \$2 per linear foot. 3. In Pilgrim road, from Brookline avenue to across Short street, regrade and seed approximately 50 square yards of existing loam space at \$1 per square yard. Estimated cost of extra work, \$215.

POLICE DEPARTMENT ORDERS.

General Order No. 1,499.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Patrolman Thomas Carty, Division 18, 29 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,501.

The reinstatement and transfer of the following-named person is hereby ordered, to take effect Wednesday, August 1, 1951, at 7:45 o'clock A.M.:

Patrolman Charles A. Essenhaimer, from Superintendent's Office (armed service roll) to Division 14.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,502.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officers, effective at the close of business Tuesday, July 31, 1951:

In view of this operation of law, after July 31, 1951, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended:

Patrolman Joseph H. Kelly, Division 15.

Patrolman John J. Richardson, Division 14.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 23, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilors Sullivan and P. A. Tracy.

The Rev. Mario Tardivo of Sacred Heart Roman Catholic Church, North End, Boston, was escorted to the rostrum.

INVOCATION BY REV. MARIO TARDIVO.

O God, give all here Thy blessings. Extend Thy right hand upon the members of this Council. Send, O God of hope, to their midst, Thy Holy Ghost to inspire them with wisdom as they make resolutions, and guide Thee this Council as they make new laws. Give them courage and strength to defend Thy laws against all enemies. Make these servants of God conscientious councilors and righteous leaders of our dear city for the protection and welfare of its citizens and for the strength and freedom of our nation and for the peace of the world, and above all, for Thine own glory of God. Through Christ our Lord, Amen.

The salute to the Flag was given by the members.

INVITATION OF THE MAYOR TO THE COUNCIL TO MEET GENERAL MACARTHUR.

President HURLEY read a communication from his Honor the Mayor extending an invitation to the members of the City Council to be present on Thursday, July 26, 1951, in his office at 10 A.M., to meet with General Douglas MacArthur.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Referred to Committee on Confirmations.

CLEANING AND REPAIRS TO CITY POINT AREA.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:
I transmit herewith communication from the Metropolitan District Commissioner relative to your order of June 25, 1951, requesting that the beaches be cleaned and the benches repaired in the City Point area, which are in a deplorable condition.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan District Commission,
July 19, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of City Council orders requesting that the beaches be cleaned and benches repaired in the City Point area which, it is stated, are in a deplorable condition.

As to the criticism of our gravel walks, it should be borne in mind that all our landscape work is laid out by experts and must coincide with the esthetic beauty of the surroundings, so that under no condition should asphalt walks be put in.

As for the benches, they are now being repaired and put in good condition.

My captain reports that the beaches and bath-houses are in good condition and states that he has received no complaints. I would suggest therefore that if the councilor has any more complaints, he take them up with the police of the Old Colony Division, who are in complete control of the situation.

I am forwarding a copy of a report received from the Old Colony Division, which I felt would be of interest to your Council.

Very truly yours,
WILLIAM T. MORRISSEY, Commissioner.

DRINKING FOUNTAINS ALONG THE STRANDWAY AND PLAYGROUND AREAS IN SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:
I transmit herewith communication from the Metropolitan District Commissioner relative to your order of July 16, 1951, directing that new drinking fountains be installed along the Strandway and playground areas in South Boston; and that action be taken on the request to remove the concession stand from Columbus Park, South Boston.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan District Commission,
July 19, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to City Council order of July 16, 1951, I have directed my police captain of the Old Colony Division to report back to me where, in his opinion, drinking fountains should be installed.

The balance of the order I am referring to the Boston Park Department, which has jurisdiction over Columbus Park, South Boston.

Very truly yours,
WILLIAM T. MORRISSEY, Commissioner.

PROPERTY ADJACENT TO JAMES J. STORROW SCHOOL, WARD 22.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:
I transmit herewith communication from the Superintendent of Construction of the Department of School Buildings relative to your order of July 16, 1951, requesting the cleaning up and macadam surfacing of the school-owned property adjacent to the James J. Storrow School, Ward 22. Said property is located on Lothrop street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Department of School Buildings,
July 19, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Complying with your request for consideration and report on the subject matter of your form notice dated July 18, 1951, namely, City Council order of July 16, 1951, requesting the Department of School Buildings to clean up and macadam the surface of the school-owned property adjacent to the James J. Storrow School, Ward 22, which property is located on Lothrop street, please be informed that prior to the receipt of your letter and the City Council order an order was issued by this department to clean up the property described.

There are no funds available in the 1951 budget of this department to macadam the surface, but this work will be placed on the list of items for consideration when the 1952 budget is being prepared.

Very truly yours,
JAMES H. MOONEY,
Superintendent of Construction.

RENAMING LANSDOWNE STREET FRED HOEY STREET.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:
I transmit herewith communication from the Secretary to the Board of Street Commissioners relative to your order of July 16, 1951, requesting the renaming of Lansdowne street Fred Hoey street, in memory of the late sports broadcaster for the American and National leagues of Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
July 19, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Board receipt of your communication of July 18, enclosing copy of order introduced in the City Council by Councilor Shanley, requesting the change of name of Lansdowne street, Boston Proper district, to Fred Hoey street.

Advertised public hearings on the change of names of existing public ways, such as Lansdowne street, will be held in February, 1952, at which

time the Councilor's request will be given every consideration. As the change of a name of a public street cannot become effective, under the Statutes, until March 1st of a given year, it would be impractical to hold an advertised public hearing at this time.

Very truly yours,
L. W. COSTELLO, Secretary.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:
I submit herewith six orders for the naming of various intersections in the city in honor of veterans of World War II and the Korean action.

As the requests for the naming of these squares were made by the members of your Honorable Body, and the Committee to Memorialize Veterans after due consideration has recommended the naming of the various sites in honor of these veterans, I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
July 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Committee to Memorialize Veterans held this day, it was voted to designate the following intersections in honor of the following-named veterans:

William A. Shiverree Square.—Porter and London streets, East Boston district (Pfc. Shiverree, 1st Engineers Battalion, Company B, 1st Marine Division, killed in action at Inchon, Korea, September 15, 1950).

Joseph F. Earlbawey Square.—Rexhame street and Belgrade avenue, West Roxbury district (Pfc. Earlbawey, U. S. A., 14th Engineering Combat Division, killed in action in Korea, August 12, 1950).

Charles D. Litchfield Square.—Folsom and Dudley streets, Dorchester district (Pfc. Litchfield, U. S. A., Cannon Company, 157th Infantry, killed in action in Germany, March 17, 1945).

Anthony Amendolia Square.—Thorndike street and Harrison avenue, Boston Proper district (Pfc. Amendolia, U.S.A., 559th Regiment, Company M., 113th Battalion, killed in action in France, November 6, 1944).

Ervin M. Danielowski Square.—Howard avenue and Harlow street, Dorchester district (Shipfitter 2/c, U.S.N., U.S.S. "Buck," killed aboard ship, October 9, 1943).

Edwin F. Mahoney Square.—Hampden and Eustis streets, Roxbury district (Lieut. Mahoney, U.S.A., killed in action in Korea, April 16, 1951).

Notice of the above vote has been forwarded to the City Council for appropriate action.

Respectfully submitted,
L. W. COSTELLO, Secretary.

Ordered, That the space at the junction of Hampden and Eustis streets, Ward 8, be named Edwin F. Mahoney Square, in honor of Edwin F. Mahoney, killed in action in Korea.

NORWELL STREET ONE WAY.

The following was received:

City of Boston,

Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 9, 1951, requesting the study of the advisability of making Norwell street, or a section thereof, a one-way thoroughfare.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

July 16, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

With reference to Council order dated July 9, I have replied to Councilor Ansel concerning a similar request as of July 12, quoting the following report of our engineers:

"Norwell street is a long cross-town thoroughfare in Dorchester, running from 219 Washington street to 220 Talbot avenue. It is a 40-foot street with a 26-foot roadway and is about four fifths of a mile long. For its entire length it parallels the Midland Division of the N. Y., N. H. & H. R. R. Because of this, there is but one cross-intersection—the junction of Harvard and Norwell streets. All the rest are 'T' intersections, except two where the cross-streets dead-end at the railroad. The street is partly residential and partly commercial. Several large businesses, a coal company, lumber yard, and ice plant flank a long portion of the north side of the way between Washington and Harvard streets.

"Considerable traffic, including many trucks, uses the street, most of it in the direction from Washington street to Talbot avenue. The petitioners are residents of the east end of the street, between Carmen and Washington streets. Both sides of this end are occupied by three-story brick apartment blocks—apparently low-rent housing. The request appears to be that the portion of Norwell street next to Washington street be made one way.

"Unfortunately, there is no parallel street to accommodate the traffic which would be diverted if the street or a portion of it were made one way. The diversion in any direction would direct traffic by a roundabout route through streets which are entirely residential, and where the number of children is much greater than in Norwell street."

Respectfully yours,

WM. ARTHUR REILLY,
Commissioner.

SALE OF RECEIVING STATION, WARD STREET.

The following was received:

City of Boston,

Office of the Mayor, July 23, 1951.

To the City Council.

Gentlemen:

The City of Boston is owner of a piece of land on Ward street, Roxbury, which has been taken by the Boston Housing Authority for a housing project.

As explained in the accompanying communication from the Commissioner of Public Works, the city owns a receiving station on this land which must be dismantled and moved. Proposals were received by the Commissioner of Public Works, and it is his recommendation that the proposal of the Heggie Corporation, which has agreed to pay the city \$1,155 for the complete disposal of the structure, be accepted.

I therefore furnish herewith an order for the dismantling and sale of this receiving station to the

Heggie Corporation for the sum of \$1,155, and I respectfully request approval of the order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Public Works Department,
July 20, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

Because of the construction of a housing project by the Boston Housing Authority in a section of Roxbury which includes Ward street, it becomes necessary for this department to vacate the city-owned property under its jurisdiction, known as the Ward Street Receiving Station, which is located within the lines of the project.

The Boston Housing Authority has made the required legal takings in the area involved and it is my understanding that actual construction will start within the next three weeks. Anticipating this, we solicited proposals from six firms for dismantling this receiving station.

Alternate proposals were requested. Only two proposals were received at this office today which are as follows:

Alternate A(1). Amount to be paid by the city for doing the work and delivering to the department certain specified portions of the structure: Heggie Corporation, \$4,296; Daniel Marr & Son Company, \$8,977.

Alternate B(1). Amount to be paid by the city for doing the work and for complete disposal of all portions of the structure by the contractor: Daniel Marr & Son Company, \$7,565.

Alternate B(2). Amount to be paid to the city for doing the work and for complete disposal of all portions of the structure by the contractor: Heggie Corporation, \$1,155.

I consider that the offer of the Heggie Corporation under Alternate B(2) is the most advisable one, and I respectfully recommend its acceptance. However, the sale of city property is involved and the authority of the City Council will be required in order to dispose of the materials to be removed in dismantling this structure.

I submit an order which I recommend that your Honor present to the City Council covering the sale of the materials.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell to the Heggie Corporation for the sum of \$1,155, all portions of the Ward Street receiving station, Roxbury, dismantled in accordance with its proposal of July 20, 1951.

Referred to the Executive Committee.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening, relocation, and construction of Freeport street, Dorchester district, as a highway, for a distance of approximately 150 feet from a point approximately 200 feet southerly of Dorchester avenue, bounded and described as follows:

The highway named Freeport street is hereby widened on the westerly side for a distance of approximately one hundred and sixty-six feet from a point approximately two hundred and thirty-five feet southerly of Dorchester avenue and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Elizabeth A. Cotaunt, bounded:

Westerly by other land supposed to belong to said Cotaunt, twenty-four and 29-100 feet on a curve of two hundred seventy-one and 81-100 feet radius; northerly by land hereinafter described as taken from City of Boston, one and 9-100 feet, and easterly by Freeport street, twenty-four and 29-100 feet, containing thirteen square feet, more or less.

A parcel of land, supposed to belong to City of Boston, bounded:

Westerly by land supposed to belong to said City of Boston, one hundred forty-two and 38-100 feet on a curve of two hundred seventy-one and 81-100 feet radius; easterly by Freeport street, by three measurements, fifty-five and 3-100 feet, sixty and 9-100 feet on a curve of ninety-eight feet radius, and thirty and 74-100 feet, and southerly by land hereinbefore described as taken from Cotaunt, one and 9-100 feet, containing six hundred and nineteen square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed lands shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Freeport street as hereby widened is bounded:

Westerly by the westerly line of said Freeport street as hereby widened, one hundred sixty-six and 67-100 feet on a curve of two hundred seventy-one and 81-100 feet radius, and easterly by the westerly line of said Freeport street as it existed previously to this widening, by three measurements, fifty-five and 3-100 feet, sixty and 9-100 feet on a curve of ninety-eight feet radius, and sixty-five and 3-100 feet, containing six hundred and thirty-two square feet, more or less.

Voted, That this Board determines that the undermentioned estates sustain damages by the widening and construction of Freeport street, Dorchester district, as a highway, on the westerly side for a distance of approximately 166 feet from a point approximately 235 feet southerly of Dorchester avenue, under the order of the Board of July 20, 1951, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Elizabeth A. Cotaunt, 13 square feet, \$1.

City of Boston, 619 square feet, \$1.

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening, relocation, and construction of Saratoga street, East Boston district, as a public highway, between Annavoy street and the Winthrop boundary line, bounded and described as follows:

The highway named Saratoga street is hereby widened on the northerly side, nearly opposite Benner street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Port Development Company, bounded:

Southwesterly by the northeasterly line of said Saratoga street as it existed previously to this widening, by two measurements, one hundred sixty-seven and 77-100 feet and one hundred sixty-seven and 77-100 feet, and northeasterly by the northeasterly line of said Saratoga street as widened under this order, three hundred thirty-two and 44-100 feet on a curve of one thousand feet radius, containing fifteen hundred and fifty square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Saratoga street as hereby widened is bounded:

Southwesterly by the northeasterly line of said street as it existed previously to this widening, by two measurements, one hundred sixty-seven and 77-100 feet, and one hundred sixty-seven and 77-100 feet, and northeasterly by the northeasterly line of said street as hereby widened, three hundred thirty-two and 44-100 feet on a curve of one thousand feet radius, containing fifteen hundred and fifty square feet, more or less.

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement, consisting of the widening and construction of Saratoga street, East Boston district, as a highway, on the northerly side, nearly opposite Benner street, under the order of the Board of July 17, 1951, in the amount hereinafter mentioned, and awards said amount therefor.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 3, 1950, determining damages caused by the making of the public improvement consisting of the taking in fee of 9,488 square feet of land on Atherton avenue, for cemetery purposes, be, and the same hereby is, amended, by striking from said order the amount \$400, awarded to Aloysious V. Halpin, and inserting in place thereof the amount \$500; that the amount \$500 be, and the same hereby is, awarded to Aloysious V. Halpin for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of May 25, 1951, determining damages caused by the making of the public improvement consisting of the taking in fee of 30,299 square feet of land on Columbus avenue and Bragdon street for Fire Department purposes, be, and the same hereby is, amended, by striking from said order the amount \$1, awarded to the New England Hospital for Women and Children, and inserting in place thereof the amount \$20,500; that the amount \$20,500 be, and the same hereby is, awarded to the New England Hospital for Women and Children for the damages so sustained.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of Halleck street, Roxbury district, as a highway, between Ruggles street and Prentiss street; bounded and described as follows:

The highway named Halleck street is hereby discontinued, from Ruggles street to Prentiss street.

Said highway as hereby discontinued is bounded:

Northeasterly by Ruggles street, forty feet; southeasterly by the southeasterly line of said Halleck street as hereby discontinued, by three measurements, one hundred fifty-five and 25-100 feet, five hundred twenty-two and 84-100 feet, and three hundred thirteen and 37-100 feet; southwesterly by Prentiss street, thirty feet; northwesterly by the northwesterly line of said Halleck street as hereby discontinued, two hundred eighty-four and 8-100 feet; southwest-erly by the southwesterly line of said Halleck street as hereby discontinued, twelve and 46-100 feet, and northwest-erly by the northwesterly line of said Halleck street as hereby discontinued, by two measurements, five hundred fifty-four and 48-100 feet and one hundred fifty-three and 51-100 feet, containing thirty-six thousand eight hundred and sixty-eight square feet, more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, operate, repair and renew sewerage and water works and their adjuncts and all rights of public utility companies for their structures existing therein at the date of this order.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of Halleck street, Roxbury district, as a highway, from Ruggles street to Prentiss street, under the order of the Board of July 17, 1951, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Jacqueline road, West Roxbury district, as a highway, from Ashland avenue to Ansonia road, bounded and described as follows:

A highway named Jacqueline road is hereby laid out, from Ashland avenue to Ansonia road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Dennis L. Mahoney and Ellen L. Mahoney, bounded:

Easterly by Ansonia road, fifty-one and 36-100 feet; southerly by other land hereinafter described as taken from said Mahoneys, twenty-eight and 44-100 feet; southwesterly by other land supposed to belong to said Mahoneys, eighteen and 91-100 feet; northwesterly by land hereinafter described as taken from Leona M. Savage, thirty-five and 53-100 feet; northeasterly by other land supposed to belong to said Mahoneys, seven and 18-100 feet, and northerly by the same, thirty-two and 54-100 feet on a curve of fifteen feet radius, containing fourteen hundred and sixty-one square feet, more or less.

A parcel of land, supposed to belong to Dennis L. Mahoney and Ellen E. Mahoney, bounded:

Easterly by Ansonia road, twenty-seven and 31-100 feet; westerly by other land supposed to belong to said Mahoneys, fourteen and 59-100 feet on a curve of fifteen feet radius; southwesterly by the same, twenty-six and 47-100 feet; northerly by land hereinafter described as taken from said Mahoneys, twenty-eight and 44-100 feet, containing two hundred and eighty-six square feet, more or less.

A parcel of land, supposed to belong to Leona M. Savage, bounded:

Southeasterly by land hereinbefore described as taken from Mahoney *et al.*, thirty-five and 53-100 feet; southwesterly by other land supposed to belong to said Savage, one and 2-100 feet; northwesterly by Jacqueline road, thirty-five and 53-100 feet, and northeasterly by other land supposed to belong to said Savage, one and 2-100 feet, containing thirty-six square feet, more or less.

The land, owners unknown, being the private way known as Jacqueline road.

Trees or structures standing upon or affixed to the aforescribed lands shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said highway as hereby laid out is bounded:

Northwesterly by Ashland avenue, thirty-five and 55-100 feet; northeasterly by the northeasterly line of said Jacqueline road as hereby laid out, two hundred fifty-one and 24-100 feet; northerly by the northerly line of said Jacqueline road as hereby laid out, thirty-two and 54-100 feet on a curve of fifteen feet radius; easterly by Ansonia road, seventy-eight and 67-100 feet; westerly by the westerly line of said Jacqueline road as hereby laid out, fourteen and 59-100 feet on a curve of fifteen feet radius, and southwesterly by the southwesterly line of said Jacqueline road as hereby laid out, two hundred eighty-nine and 32-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Jacqueline road, as laid out under this order, from Ashland avenue to Ansonia road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore

referred to and on file in the office of this department.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS AND ALTERATIONS TO VARIOUS BULKHEAD DOORS OF THE SUMNER TUNNEL VENTILATING SYSTEM.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs and alterations to various bulkhead doors of the Sumner Tunnel ventilating system. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs and Alterations to Various Bulkhead Doors of the Sumner Tunnel Ventilating System," and left at Room 508, fifth floor, City Hall Annex, before 12 M. OF WEDNESDAY, AUGUST 15, 1951, with a certified check for ONE HUNDRED AND SEVENTY-FIVE (175) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Aug. 4.) Commissioner of Public Works.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR NEW LINT TRAP AND DUCT WORK, THIRD FLOOR TO ROOF, LAUNDRY BUILDING, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for new lint trap and duct work, third floor to roof, laundry building, Boston City Hospital, 818 Harrison avenue, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PROPOSALS FOR FURNISHING SPARK PLUGS FOR CITY DEPARTMENTS.

Proposals may be obtained at Room 1001, City Hall Annex. At this room the bids will be opened and read Friday, August 17, 1951, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Spark Plugs." The successful bidder must furnish a faithful performance bond for approximately one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Superintendent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN CLEVELAND STREET, WARD 18, FROM RIVER STREET TO BRAINARD STREET; RIVERSIDE SQUARE, WARD 18, FROM METROPOLITAN AVENUE TO 528 FEET EASTERLY, AND IN SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 18, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Cleveland street, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Cleveland Street, Ward 18, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 15, 1951, with a certified check for TWENTY-FOUR HUNDRED (2,400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PARK DEPARTMENT TAKES OVER FROM STATE CONTROL AND CARE OF PORTER RECREATIONAL AREA IN EAST BOSTON, INCLUDING STADIUM—CITY ALSO STILL HOLDS CONTROL OF WORLD WAR MEMORIAL PARK AND WILLIAM AMERENA PLAYGROUND—STATE PLEDGED TO COMPLETE CERTAIN SPECIFIED IMPROVEMENTS EXPECTED TO MAKE SPOT ONE OF BEST RECREATIONAL CENTERS IN COUNTRY—MAYOR HYNES APPROVES.

In keeping with agreements between the City of Boston Park Department and Commissioner William F. Callahan of the State Department of Public Works, the Park Department has taken over control and care of the Porter Recreational Area, including the stadium, in East Boston. The Park Board still also holds care and control of both World War Memorial Park and the William Amerena Playground. The official acceptance took place on Monday, August 6, after exchange of the following communications:

MAYOR JOHN B. HYNES OPENS BRIDGE LINKING LONG ISLAND AND ITS HOSPITAL TO MAINLAND—CALLS ATTENTION TO FACT THAT BRIDGE IS CULMINATION OF DREAMS, HOPES, AND EFFORTS OF HIMSELF AND OTHERS INTERESTED IN WELFARE OF THOSE COMPELLED TO LIVE AND LABOR AT HARBOR INSTITUTION—LONGEST OF ITS KIND IN COUNTRY.

With the snipping of the ribbon at the Moon Island end of the Long Island viaduct by Mayor John B. Hynes, on Saturday, August 4, a new era began for the City of Boston and the patients, officers, and workers at the Long Island Hospital.

This was pointed out in his brief address when Mayor Hynes took charge of the exercises and explained to the large

DEDICATION OF LONG ISLAND VIADUCT FULFILLS A DREAM TO BRING PATIENTS AND THEIR RELATIVES AND FRIENDS IN CLOSER RELATIONSHIP, SECRETARY OF LABOR MAURICE J. TOBIN TELLS AUDIENCE AT OPENING OF SPAN ON SATURDAY—DELIVERS CHIEF ADDRESS AT EXERCISES—VIADUCT LINKS FRIENDS AND RELATIVES IN SPACE AS WELL AS IN SPIRIT WITH ALL THE CITIZENS OF BOSTON AND THOSE TO WHOM CUSTODIAL CARE IS GIVEN.

At the formal opening of the Long Island viaduct on Saturday, August 4, Hon. Maurice J. Tobin, Secretary of Labor in the Cabinet of President Truman, former Mayor of Boston and former Governor of the State, delivered the following address:

It is a deeply moving experience for me to be able to take part today in the dedication of the Long Island viaduct.

As Mayor of Boston and Governor of the Commonwealth, I have been familiar with the problems of the Long Island Hospital and I have shared in the dream of those who hoped to see its isolation ended.

No longer will the chronically ill be cut off from the rest of the citizens of Boston, as a group apart. They belong to us. They are part of us. And this viaduct will link them to us in space as well as in spirit.

The Long Island viaduct will serve a great many practical purposes. It will dispense with the costly ferry service that has been the only link between Long Island and the mainland. The savings on this service alone will pay the full \$2,600,000 cost of the viaduct in a period of ten years.

SAVING TO CITY.

The viaduct will save the City of Boston additional money, when construction begins on the new 200-bed hospital unit that has been planned for the island. The fact that workers and building materials can be brought in by vehicle instead of by ferry is expected to cut the cost of that construction by 30 per cent.

This link between the island and the mainland will make it easier for the hospital to obtain doctors and staff workers to care for its patients. The long, time-consuming ferry trip to the island, which was impossible when the weather was bad, had discouraged many who might otherwise have participated in the noble work on the island.

It will also make possible more frequent visits by relatives and friends of the patients. These visits can sometimes do more to lift the patients' morale and restore their health than the most powerful medicines in the world.

Finally, the viaduct will enable firemen and fire-fighting equipment to reach the island quickly to reinforce the staff of firemen who are always stationed there.

To his Honor the Mayor,
Boston, Mass.

DEAR MR. MAYOR:

We have just returned from a trip to New England, during which we spent several days in and around your City of Boston. Our goings and comings were made by car, so we had every opportunity to observe and experience the motoring habits of the people of Boston and its environs. Hence this letter.

We have motored over practically every part of these United States and in all its larger cities, but Boston is a place apart. Nowhere have we found the driving courtesies that is the customary thing in your city. We were in the early morning rush downtown and in the

PARK DEPARTMENT TAKES OVER RECREATION AREA IN EAST BOSTON.

(Continued from page 857.)

COMMISSIONER CALLAHAN'S LETTER.

BOSTON, August 1, 1951.
COMM. FRANK R. KELLEY,
City of Boston Park Department.

DEAR COMMISSIONER:

Confirming our conference on July 30, it is agreed that the Department of Public Works will proceed with the construction of the following items by the immediate issuance of an extra work order to Farina Brothers on their contract No. 1118, not to exceed \$18,000:

1. Space under the seating area must be drained of water, including the grading of the area and the installation of piping and catch basins with sump pumps to lower the existing ground-water level.
 2. The boiler room must be water-proofed and proper drainage constructed to keep the floor in a dry condition.
 3. The entire plumbing and heating system must be overhauled, and leakage stopped and missing fixtures replaced.
 4. The louvers in entrance doors which have been broken must be replaced with solid panels.
 5. The running track must be resurfaced with proper material approximately two inches in thickness.
 6. Benches in children's area are to be painted to protect them from the weather.
 7. The Park Department requests that the entire outside fencing be refitted with a bottom rail to protect the wire fencing from damage.
 8. The shutters and glass in the press gallery, which have all been broken, must be repaired and the glass replaced.
 9. Certain lighting fixtures now missing must be replaced.
 10. Approximately twenty trees are not alive and should be replaced under the specifications.
- This work will be done with the understanding that you will accept immediate custodial care of the recreational area and stadium on Porter street in East Boston, according to the specifications already approved by you.

It is further agreed that the following items which you have requested will be completed at such time as the money is made available for use for this recreational area. These items are specifically:

1. A painting of all the seats in the stadium which are now treated with a weather preservative.
2. Seats and benches for the bocce courts, tennis courts, and softball fields.
3. The furnishing and construction of the spectator stands along the third-base line of the ball park for approximately 1,500 persons.
4. The installation of a suitable night lighting system for football and other sports areas.

There has already been submitted for His Excellency's capital outlay program a request for \$650,000 in order to provide for these additional facilities, as well as for the bathhouse, overpass, and completion of the beach at Orient Heights.

A request had been previously submitted to the Legislature for its deficiency budget for \$350,000 for some of these items. The Committee on Ways and Means approved the sum of \$65,000 and very carefully directed that the \$65,000 was to be spent for the removal of mud-wave and the sanding of the beach at Orient Heights.

The details of the final transfer to the City of Boston of both the recreational area and the Orient Heights Beach could be worked out at such time as the projects are completed according to the terms of agreement executed by the state and the City of Boston.

Immediately upon receipt of your acknowledgment to the terms of this letter, we will issue the extra work order and expect that you will take over custodial care of the Porter Stadium and recreational area.

Very truly yours,

WILLIAM F. CALLAHAN,
Commissioner.

CHAIRMAN KELLEY'S LETTER.

BOSTON, August 6, 1951.
COMM. WILLIAM F. CALLAHAN,
State Department of Public Works.

DEAR COMMISSIONER CALLAHAN:

Thank you for your letter of August 1, 1951, with respect to the Porter Recreational Area, including stadium.

The Board agrees with you that it would appear to be in the best public interest to have the recreational area and stadium in question made immediately available for public use, even though the project has not been fully completed.

Accordingly, in view of the commitments contained in your letter, this Board, acting in the name and behalf of the city, is accepting, effective at 10.30 o'clock A.M. today, Monday, August 6, 1951, care and control, including police protection, of the aforesaid Porter Recreational Area, including stadium.

It is to be distinctly understood that by this action this Board is not relinquishing care and control of either World War Memorial Park or William Amerena Playground, but that both said park and said playground shall continue to remain in the full care and custody of the City of Boston until the making of the conveyances provided for by the contract executed on July 27, 1949, by the Commonwealth of Massachusetts and the City of Boston pursuant to chapter 431 of the Acts of 1949.

Yours very truly,

FRANK R. KELLEY, Chairman,
Board of Park Commissioners.

MAYOR OPENS BRIDGE TO LONG ISLAND.

(Continued from page 857.)

group assembled for the ceremonies that the opening of the bridge was the culmination of efforts of himself, Secretary of Labor Maurice J. Tobin, the chief speaker, State Senator John E. Powers, Representative Thomas E. Linehan, now Judge Linehan of the South Boston District Court, and others.

Mayor Hynes also emphasized the fact that the opening of the span was a happy augury for better and closer relations between those whose lives and work are on the island and the remainder of the citizens of Boston.

John R. McGillivray, Boston Commissioner of Institutions, was master of ceremonies. Bishop Eric F. MacKenzie blessed the bridge, assisted by Rev. John B. Kinneen, Catholic chaplain at the Long Island Hospital.

Following the ceremony Mayor Hynes led a mile-long automobile parade across the bridge to the Long Island Hospital.

Escorting the cavalcade was the crack St. William's C.Y.O. Band of Dorchester, archdiocesan champions.

On the Long Island side of the bridge the remainder of the speaking program was held. The invocation was given by Rabbi Benjamin Mostofsky, Jewish chaplain at the hospital. Others who spoke at this time were Dr. John B. Andosca, medical director; Ralph A. Plunkett, plant superintendent; State Senator John E. Powers and Judge Thomas E. Linehan, co-sponsors of the legislative bill which paved the way for construction of the bridge; and President William F. Hurley of the City Council.

Institutions Commissioner McGillivray estimated that the cost of constructing the bridge will pay for itself in a decade by eliminating expenses of maintaining the ferry. The new viaduct, three and one-half miles from approach to approach, is the longest of its kind in the United States that is not a public highway.

DEDICATION OF LONG ISLAND VIADUCT.

(Continued from page 857.)

SYMBOL OF CONCERN FOR AFFLICTED.

These are some of the practical functions of the Long Island viaduct, but it is not practical functions alone that the viaduct serves. The viaduct is a symbol of a city's solicitude for the people who need its help. It is a constant and impressive reminder of the humanitarian spirit of the City of Boston and the people who live in it.

The story of the Long Island viaduct is a story of 12,074 cubic yards of concrete, of 1,300 cubic yards of granite, of 122,000 pounds of reinforcing steel, of 49,800 linear feet of timber piling. But it is not only a story of concrete and steel. It is a story of concern for the afflicted, of aid for the sufferer, of encouragement to the distressed. This viaduct is a bridge that brings people closer together. Men need bridges like that all over the world.

Today this viaduct will serve the Long Island Hospital. Is it not possible that tomorrow it may also be a link in a highway that circles the heavily congested traffic in Quincy and provides a speedy and direct route to other areas on the South Shore? The Quincy traffic congestion is a serious bottleneck in the Greater Boston highway system. It's a traffic problem that must be solved. It would be fitting indeed if the humanitarian project we are dedicating today could lead the way to the solution of that problem.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, July 30, 1951.
To All Department Heads.

GENTLEMEN:
You are hereby authorized to grant leave of absence, without loss of pay, to all city employees in your department who are duly elected delegates and alternates of the American Legion in order that they may attend their annual Department and National Conventions.

Department Convention, Holyoke, Massachusetts, August 16, 17, and 18, 1951.

National Convention, Miami, Florida, October 15, 16, 17, and 18, 1951.

Respectfully,

J. B. HYNES,
Mayor.

TOURIST THANKS MAYOR FOR COURTESIES.

(Continued from page 857.)

evening rush homeward. We were in the late afternoon crowding as cars tried to push their way into Boston from suburban areas to the north, but nowhere did we hear the impatient honking of horns so often the accompaniment of crowded traffic. As a "foreign" driver, I made several mistakes in maneuvering turns in the crowded downtown areas; not once was I glared at or blown at or told how dumb I was. Instead, motorists smilingly held up their lines of traffic so I could get where I should have been at first. Courtesy seemed to be the control word.

This letter is just to tell you how much a motorist from the deep south appreciated that courtesy on the part of your Boston drivers. It is something we all should copy, for courtesy in driving means safety in driving.

Sincerely,

W. McK. WRIGHT.

MAYOR SENDS CONGRATULATORY MESSAGES.

The following telegram and cablegram were sent from the office of the Mayor on August 2:

Hon. Charles Francis Adams, 177 Commonwealth Avenue, Boston, Mass.

CONGRATULATIONS TO YOU ON YOUR 85TH BIRTHDAY. MAY THE WARM AFFECTION OF THE PEOPLE OF BOSTON INCREASE YOUR HAPPINESS ON THIS DAY AND MAY YOU CONTINUE TO ENJOY GOOD HEALTH AND THE RESPECT OF YOUR MULTITUDE OF FRIENDS.

John B. Hynes,
Mayor.

Hon. David Ben-Gurion, Premier, Israeli. CONGRATULATIONS ON YOUR SUCCESSFUL ELECTION. REGARDS FROM THE PEOPLE OF BOSTON.

John B. Hynes,
Mayor.

CIRCULAR LETTERS.

CITY OF BOSTON,

MAYOR'S OFFICE, August 6, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant leave of absence, without loss of pay, to employees of your department who are approved delegates and alternates of the Disabled American Veterans, so that they may be able to attend their National Convention, which is to be held in Milwaukee, Wisconsin, August 11 through 20, 1951.

Respectfully,

JOHN B. HYNES, Mayor.

CITY OF BOSTON,

MAYOR'S OFFICE, August 6, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant leave of absence, without loss of pay, to employees of your department who are duly elected delegates and alternates of the United Spanish War Veterans, in order that they may attend their National Encampment, at Grand Rapids, Michigan, August 26 through 30, 1951.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR HYNES APPEALS TO CITIZENS IN BEHALF OF BLIND VETERANS IN CONVENTION IN BOSTON.

The following has been issued by Mayor John B. Hynes:

The Blinded Veterans' Association, a large organization of veterans who have lost their sight because of war service, is meeting in convention at the Copley Plaza Hotel, Copley square, Boston. The convention will end on Saturday with a parade in the downtown streets.

I most respectfully urge that motorists who are in the vicinity of Copley square exercise extreme caution during the next few days so that none of these distinguished veterans may be injured. Many of them are not totally blind and therefore are not accompanied by any visible sign of their infirmity.

I strongly urge that every precaution be taken by the drivers of motor vehicles to insure the safety of all the members of the Blinded Veterans' Association.

Remarks.

U. S. Rubber Company.—Above prices quoted are firm May 15, 1951, to December 31, 1951, inclusive. Any reductions in prices during that period will be allowed. In the event that the undersigned receive contract award on any or all of the above items on which prices are quoted, extension of contract beyond December 31, 1951, must be mutually agreed upon by the City of Boston and the undersigned.

E. F. Mahady Company.—A, prices guaranteed until August 31, 1951. B, at present time prices are frozen by Federal direction. In the event of a change in this policy our prices will have to be subject to manufacturers' prices prevailing at time of shipment. C, firm prices on orders calling for shipment not later than August 15, 1951, orders calling for shipment not later than Nov. 15, 1951, are subject to maximum advance of 10 per cent, orders calling for shipment thereafter are subject to prices prevailing at time of shipment.

A. S. Aloe Company.—As for prices quoted, the only stipulation governing the firmness of the prices shown is dependent

on whether any more price increases will be passed to us by our suppliers. If any increases take effect we will only pass on to you the actual differences added on to the quoted prices with no profit added.

C. H. Goldthwaite Company.—Item 1, subject to increase of 10 per cent after July 1, if increased by manufacturer; Item 7, on shipments up to August 15, 1951, orders after August 15, 1951, and up to November 15, 1951, maximum increase of 10 per cent, after November 15, 1951, prices will be those prevailing at that time of shipment.

T. J. Noonan Company.—We subscribe that where prices quoted are not firm, we will abide by the conditions set forth by the City of Boston under the title of "Price Basis." Prices quoted on the attached proposal are firm, with the following exceptions:

Item 91, Surgeons, Rubber Gloves:

(a) Prices firm for 100 gross, if order is placed before August 15, 1951.

(b) Orders placed between August 15, 1951, and November 15, 1951, are subject to a maximum increase of 10 per cent.

(c) Orders placed after Nov. 15, 1951, until contract terminates are subject to prices prevailing at the time of shipment.

Item 105, Hypodermic Needles:

(a) Prices firm on all brands of manufacture until December 31, 1951.

(b) Orders placed after December 31, 1951, will be subject to prices prevailing at the time of shipment.

Needles and syringes may be combined for quantity price.

Item 116, Hypodermic Syringes:

(a) Prices firm on all brands of manufacture until December 31, 1951.

(b) Orders placed after December 31, 1951, will be subject to prices prevailing at the time of shipment.

Needles and syringes may be combined for quantity prices.

Items 56 through 60:

We are quoting on genuine lamps made by the respective manufacturers.

VI. APPRECIATION.

The Acting Fire Commissioner is pleased to publish the following letter received by the Boston Firemen's Relief Fund from the Charles Holyoke Lumber Corporation, 231 Medford street, Charlestown, Mass.:

"July 20, 1951.

GENTLEMEN:

Enclosed please find our check for \$50 as a small token of appreciation for the fine work that the Charlestown companies of the Boston Fire Department did in extinguishing a fire that occurred on our premises on July 17, 1951.

If it had not been for the instant response, and quick work of these companies in extinguishing this fire, we would have been in a serious condition today.

Sincerely,

CHARLES HOLYOKE LUMBER CORPORATION,
by W. E. DROWN, President."

VII. COMMENDATIONS.

Hoseman Richard T. Daley of Engine Company 41 and Ladderman William F. Roache of Ladder Company 14 are hereby commended for responding to and working at fire, Box 5122, July 30, 1951, while off duty.

By order of Acting Fire Commissioner JOHN V. STAPLETON.

JAMES J. HARRINGTON,
Acting Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,503.

Detective Edward T. Weiler of Division 17 is commended and granted three days' additional vacation for meritorious police duty performed on Sunday, July 22, 1951.

Detective Weiler, while off duty and operating his own automobile from Norwood to Boston, observed two automobiles with two young men in each proceeding toward Boston. Their actions aroused his suspicions and he trailed them to a point near Washington and Grove streets, West Roxbury. Here the occupants of one car abandoned it and entered the other car. Detective Weiler pulled in front of this car and with drawn revolver apprehended the four young men, sending word to the division through a citizen for assistance.

Both these cars were stolen, although neither had been so reported. A search of the prisoners uncovered a set of jump wires and auto keys. Upon questioning, they admitted theft of additional cars and implicated three accomplices. All seven were found guilty and have been sentenced.

The Commissioner is pleased to bring to the attention of the department the fine police work by Detective Weiler in accomplishing the arrest of this group of automobile thieves.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 30, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor P. A. Tracy.

The Reverend Daniel A. O'Leary, of the Gate of Heaven Roman Catholic Church, South Boston, was escorted to the rostrum.

INVOCATION BY REV. DANIEL A. O'LEARY.

Let us pray. O God of Wisdom, Understanding, and Counsel, through Whom laws are enacted, judgments decreed, and authority administered, assist these men of the Council Chamber so that their administration may be conducted in righteousness and be eminently beneficial to the people over whom they preside. Grant that they may encourage due respect for virtue and religion by a faithful execution of the laws in justice and honesty. Let the light of Thy Divine Wisdom direct their deliberations and judgments and shine forth in all their proceedings so that they may tend to the preservation of peace and harmony, and the promotion of our national happiness, and thus perpetuate to us all the blessings of equal liberty. Amen.

The salute to the Flag was given by the members.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the appointment of John A. McGilivray, 24 Uperest road, Brighton, as constable with authority to serve civil process upon filing of bond, for the term ending April 30, 1952. Referred to Committee on Confirmations.

VETO OF ORDER FOR SALARY INCREASE FOR CERTAIN JAIL EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, July 24, 1951.
To the City Council.
Gentlemen:

Conformably with a resolution passed by your Honorable Body yesterday, I am returning herewith, disapproved, the order passed by your Honorable Body on July 16, 1951, accepting chapter 298 of the Acts of 1951, entitled "An Act Providing a Salary Increase for Certain Employees of the Suffolk County Jail."

My objections thereto are that the acceptance of the statute in question would, in effect, be a vain act, because its basic purpose has been essentially thwarted by events transpiring since its passage.

Respectfully,
J. B. HYNES, Mayor.

RENAMING MALDEN STREET REV. NEIL A. CRONIN MEMORIAL WAY.

The following was received:

City of Boston,
Office of the Mayor, July 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the secretary of the Board of Street Commissioners relative to your order of July 23, 1951, requesting me to instruct the Board of Street Commissioners to rename Malden street, in Ward 8, Rev. Neil A. Cronin Memorial Way.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
July 25, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I acknowledge for the Board receipt of your communication of July 25, enclosing copy of order introduced in the City Council by Councilor Hurley, requesting the change of name of Malden street to Rev. Neil A. Cronin Memorial Way.

Advertised public hearings on the change of names of existing public ways, such as Malden street, will be held in February, 1952, at which time the councilor's request will be given every consideration. As the change of a name of a public street cannot become effective, under the statutes, until March 1 of a given year, it would be impractical to hold an advertised public hearing at this time.

Very truly yours,
L. W. COSTELLO, Secretary.

BUS SERVICE, ANDREW SQUARE TO SAVIN HILL.

The following was received:

City of Boston,
Office of the Mayor, July 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the general manager of the Metropolitan Transit Authority relative to your order of July 9, 1951, requesting that the service be restored on the Andrew Square Savin Hill bus line to what it has been in the past.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
July 23, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to order of the City Council of July 9, forwarded with your communication of the twelfth, relating to service on the Andrew Square-Savin Hill bus line, the trustees have directed that mileage be adjusted to the passenger traffic so that only that number of miles which is felt justified may be operated, in the effort to keep the deficit as low as possible.

Figures concerning this particular line indicate that more than adequate capacity is offered for the riding available.

Very truly yours,
EDWARD DANA,
General Manager.

DOCTOR ON DUTY IN ACCIDENT WARD, BOSTON CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, July 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the president of the Board of Trustees at the Boston City Hospital relative to your order of July 9, 1951, requesting that a doctor be on duty at all times in the accident ward of the Boston City Hospital.

Respectfully,
J. B. HYNES, Mayor.

Boston City Hospital,
July 25, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Your communication to the trustees concerning the communication to you by the City Council with regard to having doctors on duty on the Accident Floor was turned over to me for reply to you.

Dr. Manary, superintendent, Dr. John P. Rattigan, coordinator of interns at the hospital, and myself are reorganizing that section of the hospital. In a short time I feel we shall be able to improve the conditions on the Accident Floor, which, as you know, is very busy.

We have a plan nearly completely worked out, which will be forwarded to you, and put into execution in the near future by the administration of the hospital.

Sincerely yours,
MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

PEDESTRIAN LIGHTS ON DORCHESTER AVENUE AT CRESCENT AVENUE.

The following was received:

City of Boston,
Office of the Mayor, July 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 16, 1951, requesting that the advisability be considered of installing lights on Dorchester avenue at Crescent avenue.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
July 23, 1951.

Hon. John B. Hynes,
Mayor of Boston,

Dear Sir:

With reference to City Council order of July 16, 1951, requesting that the advisability be considered of installing pedestrian lights on Dorchester avenue at Crescent avenue, our engineers report that at the present time traffic lights are located at Columbia road and Dorchester avenue and at Dorchester avenue and Savin Hill avenue.

These two lights are substantially in the same area as Crescent avenue and Dorchester avenue. There is some problem as to whether lights at Crescent avenue and Dorchester avenue would be efficient because of their proximity to the lights at Columbia road. However, further study will be given to this matter, as we realize the problem involved.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

STUDY OF TRAFFIC CONDITIONS ON QUINCY STREET, NEAR BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, July 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 16, 1951, requesting that a study be made of the dangerous condition of traffic on Quincy street, Ward 12, near Blue Hill avenue, with a view toward making said street one way or taking such steps as will prevent the danger now existing.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
July 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order of July 16, 1951, requesting that a study be made of the dangerous condition of traffic on Quincy street, near Blue Hill avenue, with a view toward making said street one way or taking such steps as will prevent the danger now existing, I wish to report that our engineers conferred with the police sergeant in Station 9 (the captain being on vacation) and gave consideration to the problem outlined in the Council order.

The intersection of Blue Hill avenue and Quincy street is signalized, and parking is prohibited at any time in the south side of Quincy street, from Bowdoin street to Warren street, so that, if these

regulations are observed, two-way traffic should be able to move on Quincy street.

We recently made a study of this area with a view to making several of the streets one way in this district, but because of the through traffic over Blue Hill avenue to Washington street, which depends upon Quincy street for passage, it does not seem at this time desirable to make it one way, as there is no suitable alternate route to handle the traffic which would be affected.

For years a heavy flow of traffic has been developing in the morning through Quincy street to Townsend, to Washington, then to Marcella, to Columbus avenue or Centre street. In the evening this flow of traffic is reversed, and it has become a cross-town movement of considerable proportions. There is no question but that the streets named are not wide enough for the amount of traffic which is developing, and one of the projects which the city has had in its files for years has been the establishment of a wide cross-town artery over this route.

For the present, however, there is nothing which appears to the Traffic Commission as suitable to provide a substantial relief from the congested conditions which are present on both Quincy and Townsend streets. The roadway width is such that it is necessary that the residents observe the parking prohibitions on these streets until such time as a substantial roadway can be established.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

TRANSFER OF APPROPRIATION TO HOSPITAL DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, July 30, 1951.

To the City Council.

Gentlemen:

I am in receipt of the attached request that the sum of fifty thousand dollars (\$50,000) be transferred from available sources to the budget of the Hospital Department to permit the installation of screens throughout the hospital. I feel that such an installation is not only desirable, but absolutely necessary in order to safeguard the treatment and care of patients at the hospital. I therefore submit an order providing for the transfer of the requested amount from the Reserve Fund and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$50,000, to the appropriation for Hospital Department, 26-11, Installations, Alterations and Repairs, \$50,000.

The rules were suspended, and the order was passed, yeas 18, nays 0:

EASEMENT IN LAND TO NORTHEASTERN GAS TRANSMISSION COMPANY.

The following was received:

City of Boston,

Office of the Mayor, July 30, 1951.

To the City Council.

Gentlemen:

The Northeastern Gas Transmission Company, with offices at 31 Hillman street, Springfield, Mass., is presently undertaking to bring natural gas to the northern metropolitan Boston area. To do so, it is essential that it acquire certain pipe-line easements. In conformity with the statutes, the company has sought and obtained the approval of the Massachusetts Department of Public Utilities to the location of the pipe line. Included in the location so approved are two parcels of land, one partly in the town of Burlington and partly in the city of Woburn, and the other wholly in the City of Woburn, owned by the City of Boston, as it is trustee of the public charitable trust created by the first paragraph of Item Fourth in the will of Mary P. C. Cummings, late of Woburn, Middlesex County, Mass.

After extensive negotiations, the Northeastern Gas Transmission Company has finally offered the City of Boston twelve hundred dollars (\$1,200) for a pipe line easement in the two parcels of land just mentioned. A real estate engineer and appraiser employed by the city has certified to the city that in his opinion the fair cash value of the easement to be granted, when the reservations and covenants to be inserted in the indenture are taken into consideration, is not in excess of that sum.

Since the construction of the proposed pipe line will be very much in the public interest, I accordingly respectfully urge the early adoption by your Honorable Body of the order transmitted herewith.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That his Honor the Mayor be, and he hereby is, authorized in the name and behalf of the City of Boston, as it is trustee of the public charitable trust created by the first paragraph of Item Fourth in the will of Mary P. C. Cummings, late of Woburn, Middlesex County, Mass., to grant to Northeastern Gas Transmission Company, by a written instrument approved as to form by the Corporation Counsel of the City of Boston, in consideration of the sum of twelve hundred dollars (\$1,200), and subject to the reservations and covenants hereinafter set forth, a right and easement to lay, construct, maintain, operate, repair, replace, alter, change the size of, and remove in the subsurface soil of the two hereinafter described rights of way a pipe line (with fittings and appliances, including cathodic protection equipment) for the transmission of natural gas, with all rights necessary or convenient for the use and enjoyment of said right and easement, including, without limiting the generality of the foregoing, a free right of ingress and egress over and across said rights of way for the purposes of said right and easement, a right to cut any trees or brush standing or growing within said rights of way that may injure, endanger, or interfere with the construction or use of said pipe line, and a right to use for purposes incidental to the purposes of said right and easement, until the expiration of one year after the construction of said pipe line is completed, any and all land lying within ten feet of the easterly sides of said rights of way and any and all land lying within ten feet of the westerly sides of said rights of way.

The first of said rights of way is throughout the length and breadth of a parcel of land, thirty feet in width, lying partly in the Town of Burlington and partly in the City of Woburn, Mass., the center line of which parcel is shown on Northeastern Gas Transmission Company's plat No NB-L21-DE13-1, and is more particularly described as follows: Commencing at a point on the southerly side of a way in the Town of Burlington called Blanchard road, which point is eight hundred twelve (812) feet, measured along the southerly side of said Blanchard road, from a northwest corner of the land of the City of Boston as it is trustee as aforesaid; thence south 28° 32' east, twenty-three hundred thirty-three (2,333) feet across the line between Burlington and Woburn to a point on a southeasterly bound of the land of the City of Boston as it is trustee as aforesaid, which is also a northwesterly bound of land now or formerly of one Charles Cummings and is one hundred seventy-six (176) feet in a northeasterly direction from a northwest corner of said land now or formerly of Charles Cummings when measured along said northwesterly bound.

The second of said rights of way is throughout the length and breadth of a parcel of land, likewise thirty feet in width, lying in the City of Woburn, Mass., the center line of which parcel is also shown on said plat and is more particularly described as follows: Commencing at a point on a northwesterly bound of land of the City of Boston as it is trustee as aforesaid, which is also a southeasterly bound of said land now or formerly of Charles Cummings and is two hundred seventy-five (275) feet in an easterly direction from a northwest corner of land of the City of Boston as it is trustee as aforesaid, when measured along said northwesterly bound; thence south 28° 32' east, sixty-three (63) feet to a point; thence south 35° 32' east, four hundred four (404) feet to a point on a southeasterly bound of land of the City of Boston as it is trustee as aforesaid, which is also a northwesterly bound of land now or formerly of Michael A. Seminatore and is four hundred ninety-two (492) feet in a northeasterly

direction from a southwest corner of the land of the City of Boston as it is trustee as aforesaid, when measured along said southeasterly bound.

Said right and easement is to be subject to the following reservation: The City of Boston as it is trustee as aforesaid reserves to itself, its successors and assigns, the right to use said two parcels of land for any purpose (including the placing and maintaining of any structure in, under, or over said parcels) except such as may injure, endanger, or interfere with said pipe line (with its fittings and appliances, including cathodic protection equipment).

In further consideration of the grant of said right and easement, Northeastern Gas Transmission Company is to covenant for itself, its successors and assigns, with the City of Boston as it is trustee as aforesaid, its successors and assigns, as follows:

1. That if within three years after the granting of said right and easement Northeastern Gas Transmission Company, or its successors or assigns, shall not have completed the construction of the pipe line for which said right and easement is granted, Northeastern Gas Transmission Company, or its successors or assigns, will release and surrender said right and easement and the rights necessary or convenient for the use and enjoyment thereof;

2. That every pipe line laid or constructed under said right and easement, with its fittings and appliances (including cathodic protection equipment), will be kept in good repair and condition and will be buried to such depth, not less than four feet, that it will not interfere with the cultivation of the soil;

3. That whenever from time to time Northeastern Gas Transmission Company, or its successors or assigns, in the exercise, or purported exercise, of said right and easement or of any of the rights necessary or convenient for the use and enjoyment of said right and easement, disturbs the surface of the soil of, or any fence, wall, or structure on, either of said parcels of land or the ten-foot strips on the easterly or westerly sides thereof, or cuts any tree or brush standing or growing on either of said parcels or any of said ten-foot strips, Northeastern Gas Transmission Company, or its successors or assigns, will, as soon thereafter as reasonably may be, restore such soil surface, fence, wall, or structure to substantially the same condition in which it was immediately prior to such disturbance, and, unless otherwise directed in writing by the City of Boston as it is trustee as aforesaid, its successors or assigns, remove from the premises any and all trees and brush so cut;

4. That Northeastern Gas Transmission Company, its successors and assigns, will indemnify and save harmless the City of Boston as it is trustee as aforesaid, its successors and assigns, from any and all duties, excises, assessments, rates, taxes, claims, demands, actions, causes of action, suits, damages, costs, expenses, and liabilities whatsoever, of every name and nature, both at law and in equity, occasioned by or in any way growing out of (a) the granting of said right and easement or of the rights necessary or convenient for the use and enjoyment of said right and easement, or (b) the holding, exercise, or purported exercise, of said right and easement or said rights or any thereof, or (c) the leaking, breaking, or bursting of said pipe line; and

5. That if at any time Northeastern Gas Transmission Company, or its successors or assigns, abandons the pipe line for which said right and easement is granted, Northeastern Gas Transmission Company, or its successors or assigns, will remove said pipe line and release and surrender said right and easement and the rights necessary or convenient for the use and enjoyment thereof.

Further Ordered; That the sum of twelve hundred dollars to be paid for the grant described in the foregoing order be added to the corpus of the public charitable trust created by the second paragraph of said Item Fourth, the net income therefrom to be applied to the care and maintenance of the real estate in Woburn and Burlington devised to the City of Boston by the first paragraph of said Item Fourth as a public pleasure ground.

Further Ordered; That the Corporation Counsel of the City of Boston be, and he hereby is, authorized and requested to petition the Supreme Judicial Court in the name and behalf of the City of Boston as it is trustee of the public charitable trusts created by Item Fourth in the will of Mary P. C. Cummings, late of Woburn, Middlesex County, Mass., for instructions whether the City of Boston as trustee as aforesaid may (1) lawfully make the grant described in the first of the foregoing orders, and (2) add the twelve hundred dollars to be paid therefor to the corpus of the public charitable trust created by the second paragraph of said Item Fourth, the net income therefrom to be applied to the care and maintenance of the real estate in Woburn and Burlington devised to the City of Boston by the first paragraph of said Item Fourth as a public pleasure ground.

A parcel of land, supposed to belong to Ethel Raskind, bounded:

Northerly by land hereinbefore described as taken from Kathleen M. Dolan, twenty-six and 71-100 feet; easterly by other land supposed to belong to said Raskind, one hundred five and 82-100 feet; southerly by land hereinafter described as taken from Milton Motor Mart, Inc., twenty-eight and 87-100 feet; and westerly by Dorchester avenue, one hundred five and 83-100 feet, containing twenty-nine hundred and forty-one square feet, more or less.

A parcel of land, supposed to belong to Milton Motor Mart, Inc., bounded:

Northerly by land hereinbefore described as taken from Raskind, twenty-eight and 87-100 feet; easterly by other land supposed to belong to said Milton Motor Mart, Inc., by two measurements, one hundred ninety and 19-100 feet and fifty and 76-100 feet on a curve of four hundred fifty-two and 54-100 feet radius; southerly by land hereinafter described as taken from Stover *et al*; eight and 41-100 feet; westerly by the same, ten and 90-100 feet; again southerly by the same, twenty-four and 70-100 feet; westerly by Dorchester avenue, by two measurements, nine and 38-100 feet and two hundred thirty-one and 34-100 feet, containing seventy-four hundred and seventy-eight square feet, more or less.

A parcel of land, supposed to belong to George P. Stover and Burton S. Stover, bounded:

Southerly by Adams street, twenty and 20-100 feet; westerly by other land hereinafter described as taken from said Stovers, one hundred and one feet; northerly by land hereinbefore described as taken from Milton Motor Mart, Inc., eight and 41-100 feet; easterly by other land supposed to belong to said Stovers, by two measurements, eighty-one and 61-100 feet on a curve of four hundred fifty-two and 54-100 feet radius and thirty-one and 13-100 feet on a curve of twenty feet radius, containing three hundred thirty-three square feet, more or less.

A parcel of land, supposed to belong to George P. Stover and Burton S. Stover, bounded:

Southerly by Adams street, thirty-six and 79-100 feet; westerly by other land supposed to belong to said Stovers, one hundred eleven and 43-100 feet; northerly by land hereinbefore described as taken from Milton Motor Mart, Inc., twenty-four and 70-100 feet; and easterly by the same and by other land hereinbefore described as taken from said Stovers, one hundred eleven and 90-100 feet, containing thirty-four hundred and nineteen square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Dorchester avenue as hereby widened and relocated is bounded:

Southerly by Adams street and Washington street, by three measurements, fifty-six and 99-100 feet, sixty-nine and 98-100 feet, and twelve and 49-100 feet; westerly by the westerly line of said Dorchester avenue as hereby widened and relocated, by three measurements, nineteen and 33-100 feet on a curve of twelve feet radius, five hundred eighty-seven and 91-100 feet, and one hundred sixty-four and 9-100 feet; northerly by the northerly line of said Dorchester avenue as hereby widened and relocated, fifty-six feet; easterly by the easterly line of said Dorchester avenue as hereby widened and relocated, one hundred twenty-one and 73-100 feet on a curve of five hundred ninety-five and 42-100 feet radius; northerly by the northerly line of said Dorchester avenue as hereby widened and relocated, twenty-two and 63-100 feet on a curve of twelve feet radius; easterly by the easterly line of said Dorchester avenue as hereby widened and relocated, forty-three and 75-100 feet; southerly by the southerly line of said Dorchester avenue as hereby widened and relocated, twenty-one and 43-100 feet on a curve of twenty feet radius; easterly by the easterly line of said Dorchester avenue as hereby widened and relocated, by two measurements, four hundred two and 5-100 feet and one hundred thirty-two and 37-100 feet on a curve of four hundred fifty-two and 54-100 feet radius; and northerly by the northerly line of said Dorchester avenue as hereby widened and relocated, thirty-one and 13-100 feet on a curve of twenty feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Dorchester avenue, from Adams street to Richmond street, will receive benefit or advantage, beyond the general advantage to all real estate in

said city, from the improvement herein ordered, each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN VARIOUS SCHOOLS, GROUP B-3.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in various schools, Group B-3.

Proposals will be received until 12 o'clock noon, Friday, August 31, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Tuesday, August 28, 1951.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN ANTRIM STREET, WARD 1, FROM BENNINGTON STREET TO ASHLEY STREET; EAST EAGLE STREET, WARD 1, FROM CONDOR STREET TO GLENDON STREET; EUTAW STREET, WARD 1, FROM WHITE STREET TO BORDER STREET; MARION STREET, WARD 1, FROM PARIS STREET TO BENNINGTON STREET; MONMOUTH STREET, WARD 1, FROM WHITE STREET TO MERIDIAN STREET; AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 1, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Antrim street, Ward 1, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Antrim Street, Ward 1, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 22, 1951, with a certified check for FOUR THOUSAND (4,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR HYNES PLEASED WITH ATTITUDE OF LARGER TAXPAYERS WHO HAVE AIDED CITY FINANCIALLY BY EARLY PAYMENT OF TAX LEVIES—ACTION ENABLES FINANCIAL AUTHORITIES TO BORROW LESS FOR CURRENT EXPENSES AND THUS MAKE SAVINGS ON INTEREST CHARGES POSSIBLE.

On August 16 the following statement was issued by the Mayor:

Some of the larger taxpayers of the city such as the Edison Company, the John Hancock Company, the Standard Oil Company, Revere Sugar Refinery, and the Gillette Company have made advance tax payments to the city.

In making such payments these companies make it possible for the financial authorities of the city to borrow less money for current expenses, and thereby make considerable savings in such borrowings in the form of interest.

I wish to congratulate these concerns and also to request other concerns in the city to forward their tax payments now, if such can possibly be done. The city can save by these advance payments about \$40,000 for the months of August and September. Such a saving is of considerable benefit to the city and will be reflected in the over-all costs of operating the city government.

I most respectfully urge large taxpayers who can do so to forward their tax payments to the City Collector as soon as possible.

MAYOR SENDS WATER FROM CHARLES RIVER TO CHICAGO FOR DEDICATION OF NEW BRIDGE—BOSTON HONORED BY CHICAGO IN NAMING STRUCTURE "PAUL REVERE BRIDGE"—LETTER FROM MAYOR ACCOMPANIES GIFT.

On Wednesday, August 15, 1951, the Honorable Martin Kennelly, Mayor of Chicago, dedicated a new bridge, to be known as Paul Revere Bridge. Mayor Kennelly requested Mayor John B. Hynes to send a bottle of water from the Charles River to be used in the dedication ceremonies. Louis J. Brems, Patriotic Director for the City of Boston, representing Mayor Hynes, obtained the water from the Charles River from Warren Bridge and took it to the East

MEDICAL BILLS AND NURSING HOME CARE BOOSTED EXPENDITURES OF THE DEPARTMENT OF VETERANS' SERVICES FOR MONTH OF JUNE OVER THOSE OF PREVIOUS YEAR—COMMISSIONER FRANCIS X. COTTER MAKES REPORT TO MAYOR JOHN B. HYNES—40 LESS CASES AIDED, HOWEVER—1,483 CASES AIDED IN JUNE OF THIS YEAR, REPRESENTING A TOTAL OF 2,829 INDIVIDUALS.

Medical bills and nursing home care furnished to applicants for Veterans' Services aid during the month of June, 1951, produced an increase in expenditures over the same period of the previous year, according to the report from Francis X. Cotter rendered to Mayor John B. Hynes. The increase amounted to \$4,070.85, despite the fact that there were 40 less cases aided.

The complete report reads as follows:

BOSTON, August 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of June, 1951.

Very truly yours,

FRANCIS X. COTTER, *Commissioner.*

Expenditures for veterans' benefits for June, 1951, show an increase of \$4,070.85 in comparison with expenditures for the corresponding period of 1950, this despite the fact that 40 less cases were aided. This unusual situation is caused by an expenditure for relief in the nature of medical bills, nursing home care, etc., \$5,233.35 in excess of similar expenditures of one year ago. Another factor is the increased budget allowance authorized by the state for family cases.

The 1,483 cases aided during the month of June, 1951, represent a total of 2,829 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 218 cases closed during the month of June, 1951, because of obtaining employment, having been awarded unemployment compensation, receiving social security, and becoming ineligible to receive financial assistance for miscellaneous other reasons.

WATER FROM CHARLES RIVER USED TO DEDICATE BRIDGE.

(Continued from page 881.)

Boston Airport, where it was flown to Chicago by United Air Lines, Flight 627, Monday, August 13, 1951, at 9:05 a.m. On arrival in Chicago a young man dressed in Paul Revere costume received the water from the stewardess of the United Air Lines and delivered it to his Honor, Mayor Martin Kennelly, with the following letter:

HON. MARTIN KENNELLY,
Mayor of Chicago.

DEAR MR. MAYOR:

The City of Boston is pleased and honored to send herewith a bottle of water taken from the old and historic Charles River, which was crossed on the night of April 18, 1775, by Paul Revere at the beginning of his famous ride through the Middlesex farms and villages to Lexington, Massachusetts.

The name of Paul Revere is synonymous with the birth of our Republic. It is gratifying to us who live in the atmosphere of Paul Revere, John Hancock, and Samuel Adams that your great city of Chicago is naming a bridge for one of America's immortals.

May this little bit of New England, as represented by this water from the Charles River, baptize your new Paul Revere Bridge with some of the spirit which animated Paul Revere and the early colonists to seek the liberty, freedom, and justice which is our heritage in this year of 1951.

Sincerely,

JOHN B. HYNES,
Mayor of Boston.

MAYOR APPEALS TO CITY EMPLOYEES FOR GREATER DONATIONS OF BLOOD TO RED CROSS FOR ARMED FORCES—NEED IS FOR 125 PINTS PER DAY.

Mayor John B. Hynes has again issued an appeal to the city employees and to the general public to respond to the call of the American Red Cross for blood donations for the armed forces, local hospitals, and Civil Defense Blood Bank. "In recent weeks," he said, "more than 200 city employees have donated, but many more donations are needed if the Red Cross is to reach its goal of 125 pints per day in Boston.

"I wish to compliment, at this time, the Boston Chapter of the Red Cross for the heroic work it is performing in collecting blood. The efficiency with which its nurses operate, both at the Blood Bank at Dartmouth street and at the Sub-Bank at Congress street, is worthy of the highest commendation. Their efforts have already been the means of saving an untold number of lives both among the armed forces at Korea and at the local hospitals.

"City of Boston employees and their families, while in any Massachusetts hospital, will be furnished, without charge, such blood as shall be needed in whatever amounts are available. Already several members of families of city employees have benefited by the blood donations.

"The blood of all donors is typed at the time of the donations, and cards stating its kind are mailed to them for their card cases or wallets. In the event of an accident, such cards on their persons may be the means of preserving their lives."

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, August 13, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby authorized to grant leave of absence, without loss of pay, to all employees of your department who are approved delegates and alternates of the WAC Veterans' Association, so that they may attend their national convention at the Copley-Plaza Hotel, in Boston, on August 17, 18, and 19, 1951.

Respectfully,

JOHN B. HYNES, Mayor.

WINTHROP SQUARE PARKING BIDS POSTPONED.

Chairman Herman Carp of the Board of Real Estate Commissioners has issued the following statement:

Bidding for the leasing of the city-owned parking facility at Winthrop square, Boston, has been temporarily postponed, pending permission of the National Production Authority of the United States Department of Commerce to construct. Completed plans prepared by the Board of Real Estate Commissioners of the City of Boston provide for a 600-car parking facility in the heart of downtown Boston, in an effort to help solve the traffic problem of the city. The structure, when constructed, will consist of two stories underground, a street-floor level, and a roof level providing for the temporary parking of 600 pleasure vehicles. The building will extend from Devonshire street, at Winthrop square, clear through to Federal street.

The application for permission to construct the building was made by the Board of Real Estate Commissioners last spring, and to date the city has not obtained permission from the National Production Authority to construct.

The project has met with the approval of the Boston Chamber of Commerce, Boston Real Estate Board, and has been acclaimed by the press of Boston as a pressing necessity for the successful conduct of business in this city. The Boston Department of Civil Defense insists that the project be commenced immediately, so that in the event of emergency there will be no cars parked in the streets in this very densely settled section of the city, thus allowing for the free flow of emergency and defense vehicles.

Two months ago the Board of Real Estate Commissioners advertised for prospective bidders for the leasing of the land. In accordance with the terms of the proposed lease, the successful bidder would be awarded a 40-year lease of the city's land at Winthrop square, and said successful bidder would construct the building in accordance with the city's prepared plans and specifications, at a cost to the bidder of approximately \$1,250,000.

Upon the completion of the building, title to the structure would revert to the City of Boston, and the lessee would operate the parking facility for 40 years, reasonable rates for the parking of vehicles having been previously established by the City's Board of Real Estate Commissioners.

The bids were to have been opened at 3 p.m., on Thursday, August 16, 1951, and, in accordance with the terms of the proposed lease, construction was to have been commenced on or before November 1, 1951, and the building would have been completed in May of 1952.

However, it is the intention of the Board of Real Estate Commissioners, at the instruction of Mayor John B. Hynes, to argue the case in person before the National Production Authority at Washington, during the early part of next week; and it is believed that, with an early determination by the National Production Authority, construction will still be commenced during the calendar year of 1951.

Immediately upon approval of construction of the Winthrop Square project by the National Production Authority, the Board will readvertise for prospective bidders.

Plans for construction of off-street parking facilities for 700 cars at Post Office square, and a 600-car structure for Back Bay, to be located at Berkeley street, St. James avenue, and Clarendon street, are being rapidly completed.

POLICE DEPARTMENT ORDERS.

General Order No. 1,505.

The reinstatement and transfer of the following-named person is hereby ordered, to take effect on Wednesday, August 15, 1951, at 7.45 o'clock A.M.:

Patrolman Gerard S. Sheehan, from Superintendent's Office (armed service roll) to Division 18.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A catch basin in the southwesterly side of Morton street, approximately 80 feet northwesterly from Codman Street Extension, in the Dorchester district, at an estimated cost of \$450.

A sanitary sewer of 90 feet of 10-inch pipe and a 90-foot surface drain in Tiverton road, between Glenhill road and dead end, in the Dorchester district, at an estimated cost of \$1,800.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Littledale street, West Roxbury district, as a highway, from Dale street approximately 315 feet northeasterly, bounded and described as follows:

A highway named Littledale street is hereby laid out, from Dale street approximately 315 feet northeasterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Dale street, forty and 89/100 feet; northwesterly by the northwesterly line of said Littledale street as hereby laid out, three hundred six and 4/100 feet; northeasterly by the northeasterly line of said Littledale street as hereby laid out, forty feet, and southwesterly by the southeasterly line of said Littledale street as hereby laid out, three hundred fourteen and 94/100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Littledale street, northeasterly from Dale street for a distance of approximately 315 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Parcel.	Amount.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

HOSPITAL DEPARTMENT.
(Sanatorium Division.)

BOSTON, August 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

We request your Honor's permission to engage the services of James H. Ritchie and Associates for architectural services in connection with necessary repairs, alterations and renewals in the Kitchen Building of the Sanatorium Division.

Your approval is respectfully requested to dispense with advertising because of the personal nature of the services involved.

The estimated cost of this work is \$20,000, and the architect is to be paid a fee equal to 10 per cent of the actual cost of the above work, subject to the approval of the provisions of the contract for said services.

This matter was approved of by the Board of Trustees at a meeting held on August 6, 1951.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

BOSTON, August 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

We request your Honor's permission to engage the services of James H. Ritchie and Associates for architectural services in connection with necessary repairs, alterations and renewals in Building G at the Sanatorium Division.

Your approval is respectfully requested to dispense with advertising because of the personal nature of the services involved.

The estimated cost of this work is \$90,000, and the architect is to be paid a fee equal to 10 percent of the actual cost of the above work, subject to the provisions of the contract for said services.

This matter was approved of by the Board of Trustees at a meeting held on August 6, 1951.

Respectfully yours,

MARY MOORE BEATTY, M. D.,
Assistant Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, August 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicly advertising for bids, to the Crandall Engineering Company, 261 Franklin street, Boston, Mass., to make a topographical survey of Long Island, Boston Harbor, Mass. The estimated cost of the proposed survey is \$12,000.

At present there is no such survey available. It is impossible to do any future long-range planning without this survey. In fact, in order to obtain any Federal funds for hospital building, this topographical survey of the land is required.

The Crandall Engineering Company are a proven engineering company, and are on the site. Therefore, in view of the professional nature of the services involved, it is felt that nothing would be gained by publicly advertising for bids.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Friday afternoon, August 3, 1951, at about 4 P.M., failure of the operating machinery at the Summer Street Bridge, over Fort Point Channel, due to a bolt pulling through the foundation, caused severe damage to the gears of the operating machinery. The bridge was put on for vehicular traffic with the aid of two MTA wreckers but it could not be opened for water traffic until repairs were made.

The General Ship and Engine Works, Inc., 336 Border street, East Boston, Mass., were immediately called in to make repairs and are now in the process of replacing and renewing the broken gears. This concern is thoroughly familiar and experienced in the work to be done, having done work of a similar nature for this division (Bridge and Highway).

In addition to the immediate repairs necessary, the city will require a complete set of spare gears for possible emergencies in the future.

The estimated cost of the repairs and the spare gears will be approximately \$2,600.

In view of the foregoing and since time will not permit of advertising for bids, I respectfully request the authority of your Honor to dispense with advertising and to enter into a contract with the General Ship and Engine Works, Inc., to do this work.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, August 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 5 of the current year, a contract was awarded in the amount of \$31,871 to the S. J. Tomasello Corporation, of 25 Huntington avenue, Boston, for reconstructing Corey road and other designated streets in the Brighton-Allston area. The above-referenced contractor submitted the lowest bid, which was obtained as the result of publicly advertising for proposals.

I visited the site of the Corey Road project this morning and noticed that the roadway and sidewalk surfaces of Jordan road, from Corey road to the Brookline line, were in a deplorable condition. The street, which is only 130 feet long, should be reconstructed for its entire length.

The above-referenced contractor has agreed to reconstruct Jordan road at the unit bid prices included in his present contract. There obviously would be no advantage to publicly advertise for proposals to reconstruct that street, because the unit prices at which the Tomasello Corporation has agreed to do the work were obtained after publicly advertising for proposals for the Corey Road project, which is a much larger project than the one involving Jordan road.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for proposals and for reasons as described above, to the S. J. Tomasello Corporation, of 25 Huntington avenue, in the estimated amount of \$2,800, for reconstructing Jordan road, from Corey road to the Brookline line, Ward 21.

It is to be understood that the reconstruction of Jordan road will be done in accordance with the standard specifications of the department and at the unit prices included in the above-referenced contract involving Corey road, except for one or two items which will have to be included in the Jordan road contracts, but which are not now included in the Corey road contract. The unit prices for any items not included in the Corey road contract will be on the basis of an agreement with the above-referenced contractor.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, August 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Ward General Contracting Company has been designated by me to effect repairs to bituminous macadam pavement in District 2 in locations where openings have been made by public service corporations.

This contractor is engaged in this so-called "patch paving" work at the present time and, in many locations, the macadam roadway areas opened by the Water Division of this department should also be repaired by the above-referenced contractor concurrently with

the patching work being done for public service corporations. Generally speaking, it would not be good policy or in the best interests of the motoring public to designate one contractor to patch roadway areas for public service corporations and another contractor to patch areas opened by the Water Division of this department. While it is not my intention to resurface all areas on macadam streets opened by the Water Division, I feel that we should make arrangements to effect permanent surface repairs to openings made by the Water Division on heavily-traveled highways or in locations where the present trench area has settled or is in an unsightly or generally poor condition.

The schedule of prices for which the above-referenced contractor is doing this work for the public service corporations is fair and reasonable, and I do not believe that it would be practical or feasible for the city to publicly advertise for proposals to do this work.

Your approval is respectfully requested, to the award of a contract, without publicly advertising for bids, to the Ward General Contracting Company, 157 Hampden street, Roxbury, in an amount not to exceed \$3,000, for effecting repairs to bituminous macadam pavement in locations in District 2, where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Health Department has submitted a requisition to this office for 100 post index visible No. 5 flat books as per specifications.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Postindex Company, the only source of supply for the above books. The Health Department has requested Post-index books because they are best suited to the needs of the Nursing Service. It is my opinion therefore that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,750, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing air circulators and desk lamps to the Fire Department. These bids were publicly opened and read in this office on July 31, 1951.

Authority is requested to award the items to the lowest bidders at the prices checked on the accompanying tabulation. Approximate total amounts of awards will be as follows:

Allied Electric Supply Company, Inc., \$1,533.53, less cash discount of 2 per cent, date of payment; Westinghouse Electric Supply Company, \$731.54, less cash discount of 2 per cent, payment in ten days; M. J. Leahy, Inc., \$435, less

cash discount of 2 per cent, date of payment; Marshall & Co., Inc., \$20.34, less cash discount of 2 per cent, date of payment.

A formal contract will be executed for the award to Allied Electric Supply Co., Inc.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On July 20, 1951, your Honor approved a letter to award a contract to C. H. Goldthwaite Company for furnishing surgical dressings to the various city departments.

One of the items awarded to this company was gauze sponges, 4x4. The Boston City Hospital now requires, at once, an additional 75 cartons of sponges. Inasmuch as C. H. Goldthwaite Company can make immediate delivery on these sponges at the same price as that submitted by this company in the publicly opened bid of July 5, 1951, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to C. H. Goldthwaite Company. This company was one of several tie bidders at the time of the public opening, and, since a comparatively short period of time has elapsed, it is my opinion that no advantage could be gained by publicly advertising now.

Total amount of contract is not to exceed \$2,387.25, less 2 per cent cash discount, date of payment.

Respectfully yours,

JOHN V. MORAN
Superintendent of Supplies.

BOSTON, August 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for an emergency delivery of oxygen gas.

Authority is requested to award a contract, without public advertisement, to S. S. White Dental Manufacturing Company, pending the award of a new contract on the publicly advertised bid. This company had the previous contract for the gases.

Approximate total amount of contract will be \$1,160, less cash discount of 2 per cent, date of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for two Burroughs, Style 9131128, bookkeeping machines.

The Burroughs Adding Machine Company is the manufacturer of these machines. Authority is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Burroughs Adding Machine Company. It is my opinion that no advantage could be gained by publicly advertising for bids.

Total amount of contract will be

\$1,830, less 10 per cent trade discount, \$183, making the net delivered price \$1,647.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for four "Frigidaire" refrigerators.

Inasmuch as the Commercial Refrigeration Company is the exclusive agent in this area for the above equipment, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Commercial Refrigeration Company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,885.42, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Dooley Brothers, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Carlisle street, Castleton street, Eldora street, Roys street, Schiller street, Sunnyside street, Zamora street, and cement concrete pavement in Sunset street, dated May 15, 1951.

Items ordered: 1. At No. 12 Sunnyside street, furnish and install approximately 55 linear feet of chain link fence (36 inches high), including top and bottom rails, including labor, materials, and equipment, at \$4 per linear foot. 2. At No. 11 Sunnyside street, furnish and construct approximately 36 linear feet of wooden fence, 28 inches high, to match existing fence, including labor, materials, and equipment, at \$4 per linear foot. The above work was necessitated by the removal of trees and roots at the above locations. Estimated cost of extra work, \$364.

S. J. Tomasello Corporation has been hereby directed to perform the following extra work under the contract for bituminous concrete pavement in Aldworth street, Lawndale terrace, Stelman road, and various locations of the city, dated July 2, 1951.

Items ordered: Remove and dispose of about 36 cubic yards of earth excavation at three dollars (\$3) per cubic yard. Estimated cost of extra work, \$108.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 29, 1949, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Como road, formerly Stoughton street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding

thereto Frank A. Varano and Elizabeth M. Varano, \$600. That the amount \$600 be, and the same hereby is, awarded to Frank A. Varano and Elizabeth M. Varano, for the damages sustained by the making of the said improvement.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective August 15, 1951:

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by adding the following:

PROCEEDINGS OF SCHOOL COMMITTEE.

February 15, 1951.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:44 o'clock P. M., Mr. White presiding.

Present: Messrs. McDevitt, Muchnick and White.

CONSOLIDATION OF SCHOOLS

In connection with the proposed consolidation of schools, Mr. Muchnick and Mr. McDevitt requested that there be included in the public record that portion of their remarks in Conference which had to do with the consolidation of schools.

As there were no objections, it was agreed that the conference discussion on the proposed consolidation of schools be included in the minutes of today's meeting.

The following is the discussion in Conference on the proposed consolidation of schools:

Mr. White: Representative Reilly from Ward 15, a member of the Committee on Ways and Means of the Legislature, would like to be heard at this time on a matter on the agenda: "Study in connection with possible consolidation of schools."

The Committee would be pleased to hear you at this time, Mr. Reilly, to save you some time if you would like to be heard.

Mr. Reilly: Thank you very much, Mr. Chairman.

Mr. Chairman and Members, I am most grateful to you for giving me the opportunity to speak and to go on record as being opposed to the proposed consolidation of these schools.

I realize that this argument is based on saving money. Being a member of the Committee on Ways and Means in the Legislature, I am cognizant of the fact that it is not only desirable but necessary for us to effect savings wherever possible.

However, in my opinion—and I reflect the opinion of a great many mothers and fathers of my section—this is not the way to effect economies.

Possibly I have a little additional feeling towards the proposed consolidation of Dorchester High School; for, after all, that was the school which I attended as a boy, so I have a particular feeling of deep interest in regard to the well-being and the safeguarding and retention of that particular school.

There are mothers here from the Home and School Association who have come here with petitions that they secured overnight without any intensive effort but merely as a reflection of the opinion of various mothers and fathers throughout the Dorchester area.

I think they will leave those, or you might record them, Mr. Chairman, at your discretion.

However, may I particularly impress upon this Committee the desirability of the retention of all school facilities that we now enjoy. We realize they are expensive. Anything good must be paid for.

I think that after the completion of this World War III that seems to be imminent, and with the children who are now in the elementary schools being potential pupils of the high schools, you will need the potential capacity of your high schools. It seems we have an overloading of some of our local schools, and in another year, or two or three, we will need these high schools.

For the various reasons—not only emotional reasons but educational reasons—it stands to reason that you as a School Committee should retain the schools we now have in existence and try to effect economies elsewhere.

I know it is difficult, appreciating your problem, but try to effect the economies in some other field.

Chairman: Thank you, Mr. Reilly.

Mr. Muchnick: Mr. Chairman, I don't have any questions, but I had intended to make later in the meeting a motion that Dorchester High School for Girls be discontinued and that several other schools be discontinued.

With reference to the Dorchester High School, I would like to make that motion now so that Representative Reilly can hear it: The method of closing it, the reasons for closing it, and possibly he may want to ask me some questions or have some of these people who are here with him understand the situation so that it won't be necessary for Representative Reilly to come back at any other time.

I can do this later in the meeting, but I think that it would be far better to do it right now for his information and for the information of those people whom he represents here today and who are not here today.

Mr. White: The Chairman would like to state this, Mr. Muchnick. No matter what motion you make today on the consolidation of the schools which you have in mind, no action can be taken.

Mr. Muchnick: I agree with that. I would not want it taken today.

Mr. White: So, as a consequence, I imagine that most of these parents and the people whom Representative Reilly is here speaking for might want us to take what petitions they desire to submit and place them on the record; but, at the same time, I think that we will have a request for public hearings on this because I had several calls today. When I talked to the Assistant Secretary today, I was informed that there would not be a full Board and therefore no action could be taken. I readily realize that now.

I do not like to interfere with the convenience of these people who have come in, but I think they might feel that they would get a better hearing if we had a full Board present.

Mr. Muchnick: Yes, but I would like to get this statement of mine on the record, and particularly to Representative Reilly and these people who are here.

Mr. White: I have no objection to that.

Mr. Muchnick: So they will know some of the facts as I know them and can discuss them with the people in the neighborhood who will be most affected.

Mr. White: Do you want to make a statement, Mr. Reilly?

Mr. Reilly: May I answer, Mr. Chairman, rather than have any misconstruction or any erroneous impressions gathered that I am not willing to discuss it with Mr. Muchnick?

I came here specifically, and I know I have generalized. I know that I came in here merely because I was notified by mothers and fathers in the area that might be affected to come in here and register their protests. I think in fairness to me that after Mr. Muchnick presents his views on this proposed consolidation, I should be allowed to consider his views. There may be something of merit. I do not know. Personally, at the present moment I would like to hear the viewpoint fully.

I am at the present time merely reflecting the opinion of the people in my district in vigorously opposing it. After he presents his case to the Board, then we might well come in and give you our viewpoint on this proposal.

Chairman: Before Representative Reilly goes, I would like to ask the Superintendent if the Board of Superintendents in its deliberations has discussed the consolidation of these two particular schools?

Superintendent: You mean Dorchester High School for Girls and Boys?

Mrs. Clougherty: Dorchester High School for Girls. It has nothing to do with the Boys at all.

Chairman: It is consolidation, eliminating the one?

Superintendent: Mr. Chairman, as you know, the matter of consolidating Dorchester High School for Girls and Dorchester High School for Boys was before the School Committee and before the Board of Superintendents perhaps as long ago as last Spring. The Board of Superintendents very definitely was opposed and said that it could not be done.

In other words, we could not take the Dorchester High School for Girls and put the pupils of that school in the Dorchester High School for Boys. We could not put them in, either, as two separate schools operating in the same building, or we could not take that number of girls and put them in the building as one school, "Dorchester High School," leaving off "for Boys" or "for Girls" be-

cause of the size of Dorchester High School for Boys. So, that matter, Mr. Chairman and Members, was thoroughly discussed by the Board of Superintendents and brought into the School Committee and settled.

Mr. White: Was there any other proposal before your Board that you have studied on the elimination of Dorchester High School for Girls?

Superintendent: We have been studying now for some time, as you know, Mr. Chairman and Members, problems of consolidations of all buildings and elimination of buildings and districts. It is nothing new to us.

It is a continuous study that we are making, and we have come in here, as you know, and recommend the discontinuance of the Lucretia Crocker School back a year ago when we knew that it would not interfere with the educational advantages of the children of that particular district, so the problem of consolidations is constantly before us, and the Board of Superintendents is not ready to make any recommendations on consolidating the Dorchester High School for Girls with any of the other high schools, boys' or girls.

Mr. Muchnick: Mr. Chairman—

Mr. White: Then may I ask you one question, Mr. Muchnick? Is your motion now something that has not been before the School Committee before?

Mr. Muchnick: I think it is. I have a very specific proposal, and I move that the Dorchester High School for Girls be discontinued as of the close of school in June, 1951, under the following arrangement:

Close the building now occupied by the Dorchester High School for Girls as of the close of school in June, 1951, and discontinue the use of this building for high school purposes as of that time; transfer those pupils who, in September, 1951, will enter grades 11 and 12 at the Dorchester High School to a wing of the Jeremiah E. Burke High School, to continue there as a separate unit as students of the Dorchester High School for Girls and to be graduated in that fashion.

During this period ending with graduation in June of 1953, the Dorchester High School for Girls will have its own head master, administrative staff, and so forth, in the wing to be occupied by it at the Jeremiah E. Burke High School.

As of January 31, 1951, (just a couple of weeks ago) there were enrolled in the Dorchester High School for Girls the following number of students: Grade 9, 39 pupils; grade 10, 251; grade 11, 221; and grade 12, 169, making a total of 680 students at that school.

As of September, 1951, let the 39 grade 9 students be absorbed in grade 10 of the Burke High School. Let the 472 students who will be entering grades 11 and 12

complete their junior and senior years as members of Dorchester High School for Girls if they so desire, with the last Dorchester High School for Girls graduating class to be graduated in June of 1953.

Let no new pupils be admitted to grades 9 and 10 in the Dorchester High School for Girls beginning with this next September, and thus the Dorchester High School for Girls will go out of existence in June of 1953.

Back again as of January 31, 1951, there were a total of 971 pupils enrolled in the Jeremiah E. Burke. Add this number to the figure of 511, which latter figure is the total number of students presently in grades 9, 10, and 11 of the Dorchester High School for Girls, and we have a total of 1482 pupils.

This combined total of 1482 is far less than the capacity of the Burke High School, and in this connection it should be noted that in 1941 there were 1954 pupils at the Burke and in 1945 there were 1627 pupils at the Burke.

When Miss Wiseman retires, have the head master of the Dorchester High School become head master of the Jeremiah E. Burke, and eliminate the rest of the Dorchester High School administrative staff by retirement or by transfers that will be made necessary as a result of the retirements and resignations of other personnel.

Now, if we do that in that fashion, the only possible thing that can happen is a blow to the tradition of Dorchester High School and the potential blow to alumnae of Dorchester High School that their school is no longer in existence. It doesn't in any way hurt the present student body.

It may require some few girls who now walk to school to take a street car to the Jeremiah E. Burke, which will cost their families approximately \$16 a year per pupil, and no more, at the rate of car checks as we now have them.

As against that, the City of Boston will save heat and light and custodial service. Within a few years, the salary of a head master and the salaries of secretaries, switchboard operators, and various other things, will be saved; and in exchange for that, the pupils who will be attending the Burke instead of the Dorchester High School will be getting their education in a much more modern building, one that is much newer, and they will have the advantages of the best equipment that the School Department has instead of having the disadvantages, particularly in the case of Dorchester High School, of not being able to take cooking, for example, because the cooking equipment is out of repair and it will cost too much to repair it.

You may not require this, but while you were out, we were informed that cooking was discontinued at the Dorchester High

School last year or the year before because of the retirement of the teacher, and also because the facilities for cooking at Dorchester High School are not any good any more.

Mr. White: Whom were you referring to then?

Mr. Muchnick: You.

Mrs. Clougherty: They have brand-new stoves up there.

Mr. Muchnick: That, Mr. Chairman, is the plan for the Dorchester High School as I see it. I have a similar plan for various other schools. I don't think that I want at the moment to take the others up. I want to present the others before we adjourn for consideration both by the Board of Superintendents and for consideration by the members of the School Committee and anybody else who wants to consider it.

However, I thought that this one should be presented now so that the people who were here could understand my position.

Mr. White: I do not think we should take action on any motions at this time because I think it would be the opinion of the Committee that this should go along with your other suggestions to the Board of Superintendents for study. I think that would be your own opinion. This particular plan of yours is brand new to me. The original plan was to consolidate the Boys' and Girls' High School.

Mr. Muchnick: And that was pointed out to be not particularly feasible, so I did not press it.

Mr. White: That is right, so we have not taken any action on that. Now this is a new motion. I move now that this particular motion be given to the Board of Superintendents.

Mr. Muchnick: I would just as soon present the others now.

Mr. White: Then I can make my motion at that time.

Mr. Muchnick: I move that the Boston Clerical School be discontinued as of the close of school in June 1951 under the following arrangements:

Close the building now occupied by the Boston Clerical School as of the close of school in June 1951 and discontinue the use of this building for Clerical School purposes as of that time.

Transfer those pupils who in September 1951 would normally be returning to Boston Clerical School to the Roxbury Memorial High School for Girls to be treated as possible graduates in clerical studies of the Roxbury Memorial High School.

Discontinue as of June 1951 the school entity now known as Boston Clerical School.

As of January 31, 1951, there were enrolled a total of 298 students at the Boston Clerical School. As of January 31, 1951, there were enrolled a total of 1031 pupils in the Roxbury Memorial High School for Girls. The two total enrollments equal the grand total of 1329 pupils now attending both schools, which is far less than the capacity of the Roxbury Memorial High School for Girls.

In this connection, it should be noted that in 1941 there were 1645 students at the Roxbury Memorial for Girls, and in 1945 there were 1431 pupils at that school.

Arrangements should be made to transfer the head master, administrative personnel, custodial staff, etc., of the Clerical School to such other schools as may be required to fill vacancies beginning in September.

Mr. White: On both of those, may I ask you one question? What are your estimated savings for the year 1951?

Mr. Muchnick: You would save, if we did this as of June, at a minimum, the custodial appointments that we are planning now.

There are, as I get the figure—and I am not sure that it is correct—five junior custodians at Dorchester High School plus a senior, and one plus a senior at the Clerical School. There, of course, would be savings in secretarial help. It is possible that there will be savings in a head mastership.

Mr. White: You have no estimate, though, at this time?

Mr. Muchnick: No. Those figures are one of the reasons I would like to have it studied by the Board of Superintendents. You would save even on deliveries from the Supply Room. Instead of going to 10 schools, they would be going to six schools or whatever it was after the consolidation was worked out. I have another one—

Mr. White: Would there be any additional expenditures on car tickets? I won't ask that question at this time. The Board of Superintendents ought to bring in a complete picture.

Mr. Muchnick: I move as of the close of school in June 1951 the English High School be transferred from its present location to the building presently occupied by the High School of Commerce under the following arrangement:

Close the building now occupied by English High School as of the close of school in June 1951 and discontinue the use of this building for high school purposes as of that time.

Relocate the English High School in the premises now occupied by the High School of Commerce. As of January 31, 1951, the total number of students attending English High School was 1354.

It would appear from the records that the High School of Commerce has ample space to house that number of pupils. The total seating capacity is given at figures ranging from 1371 to 1600 on different reports submitted by the Superintendent within the last three months.

Regardless of that, however, it is a fact that during the year 1946, when the High School of Commerce and the Veterans' School were both occupying the premises of the High School of Commerce under different head masters and with different administration

staffs, there was a total of 1398 students in attendance in that building, which is more than the number currently attending the English High School.

With reference to the students and the future of the High School of Commerce, the following are the facts as of January 31: There were enrolled in the High School of Commerce the following number of students as of that date: Grade 9, 94; grade 10, 188; grade 11, 176; grade 12, 136, making a total of 594.

With reference to these students, those in grade 12 will have graduated in June, 1951. Transfer the 364 students who comprise grades 11 and 12 as of September, 1951 (that is, the present grades 10 and 11) to a wing at the Boston Latin School to continue there as a separate unit as students of the High School of Commerce and to be graduated in that fashion.

During this period, ending with graduation in June, 1953, let the High School of Commerce have its own head master and administrative staff and so forth in the wing to be occupied by it at the Boston Latin School.

As of September 1, 1951, let the 94 students who are presently in grade 9 be absorbed in the district high schools or other high schools of their own choice. Let the 364 who will be entering grades 11 and 12 complete their junior and senior years as members of the High School of Commerce if they so desire, with the last Commerce graduating class to be graduated in June, 1953.

Let no new pupils be admitted to grades 9 and 10 in the High School of Commerce beginning with September, 1951, and thus the High School of Commerce will go out of existence in June, 1953.

As of January 31, 1951, there were a total of 2030 students at the Boston Latin School. According to the information furnished by the Superintendent, the capacity at the Boston Latin School is either 2844 or 2873 pupils. Add the present enrollment of the Latin School—namely 2030, to the 364 of Commerce High School presently in grades 10 and 11 and you have a grand total of 2394, far fewer than the capacity of the Boston Latin School.

Obviously, a great savings can be worked out here in custodial personnel, administrative staff, and so forth.

With reference to the students involved at English, Commerce, and the Latin School, it must also be kept in mind that unfortunately we can anticipate that in at least grade 12 in each of these schools there will be a great falling off of members as many of the boys will be entering the military service and thus unfortunately there will be even more space available.

That is my plan with reference to high schools. With reference to other schools, junior high and elementary, I know of two specific

situations that can be corrected almost overnight.

I move that the Champlain and Oliver Wendell Holmes Schools be combined in the Oliver Wendell Holmes School. That is one with which I have pretty great familiarity. The two schools are next-door to each other. They are separated by a fence which cuts off their common schoolyard.

The Champlain has approximately 250 pupils in it. I do not recall the exact figure. The Oliver Wendell Holmes has about 370 or 380, I think. No, I think that figure is high.

When I went to the Oliver Wendell Holmes, we had more than 850 pupils there. There is still the same space there, and there is absolutely no reason to be running two schools next door to each other when one school can house very adequately, and still have room left over, the pupils of both schools.

Then there is the other school with which I am somewhat familiar, the Patrick T. Campbell which has in it presently 1100 pupils, and it has room in the school for 1330, according to one report that we received, but many more according to another report.

Arrangements can be made—although I do not have that one worked out—to combine it with the Quincy E. Dickerman School and eliminate one of the schools in that area, which does not need all that space.

It has room in the Patrick T. Campbell for an extra 454 pupils according to the information that we were given here, and the Quincy E. Dickerman School has in total—Mr. Superintendent, it is not the Quincy E. Dickerman. It is the Phillips Brooks that is in the same neighborhood as the Campbell, isn't it?

Superintendent: That is true. They are both close there, Mr. Muchnick.

Mr. Muchnick: It is the Phillips Brooks that now has in two schools a total of 740 according to this, but I understand that has dropped off a little.

The pupils from one of those schools in the Phillips Brooks District could easily be taken out of that school, moved into the Patrick T. Campbell, and at least one more school in that area could be discontinued.

There are others in other parts of the city where the same thing can be done. Some time ago the late Dr. Barry conducted a survey when Mr. Gould was Superintendent towards the potential closing of schools in the East Boston district. Nothing was ever done about it, but there is a terrific amount of waste space in the high school, for example, over in East Boston, and I don't know why a wing of that could not be occupied by the 377 pupils or rather the 461 pupils who are at the Donald McKay or the 750 who are at the Joseph H. Barnes, and eliminate either one of those two junior high schools.

If a thoughtful approach were made to this plan, it seems to me, we could, without hurting anybody one iota and without in any way adversely affecting the educational processes of the city, cut out anywhere between 10 and 20 schools with a terrific savings to the city, a savings that is particularly needed this year when the prospects of the tax rate are not very bright.

Now I would like to have a report from the Board of Superintendents as soon as is reasonably possible so that we can do something about this before the budget is passed because it seems to me if we act with a reasonable degree of care and economy, we should be able to lop off anywhere from \$600,000 up from the budget, and obviously that would be a terrific savings on the tax-rate.

Mr. White: Is that what you estimate these consolidations would save?

Mr. Muchnick: I would call it more a guess than an estimate, frankly, but I think if my guess was right on last year's budget—

Mr. White: It was strictly a guess, though, I think.

Mr. Muchnick: Maybe my luck will hold good again.

Mr. White: Before I recognize the Superintendent, I would like to ask one question of Mr. Muchnick. Is this plan that you are submitting now in lieu of your proposal to float a bond issue? Did you file the bill that you told the School Committee you were going to file to borrow \$35,000,000 to build new schools throughout this city?

Mr. Muchnick: "A" has nothing to do with "B."

Mr. White: Would you answer the question? I will find out for myself whether it does or not.

Mr. Muchnick: I am trying to answer the question, and I am trying to give you my impressions of what the answer ought to be.

Mr. White: I didn't ask for that answer.

Mr. Muchnick: You asked for my answer, and I am trying to give it to you.

Mr. White: Did you file the bill to borrow \$35,000,000 to build new schools?

Mr. Muchnick: Yes, I did, but that wasn't what the question was.

Mr. White: Yes, I think it was. I asked you if that was in lieu of this, and then I asked you if you filed the bill.

Mr. Muchnick: This is not in lieu of it.

Mr. White: Then I asked directly: Did you file the bill to borrow \$35,000,000?

Mr. Muchnick: I filed a bill for leave for the School Committee to borrow \$35,000,000 because I am convinced that even with consolidations, because of population shifts and because of the age and almost unreparability of some of our schools, it will be necessary to replace them with proper buildings, and I would like us to have

the funds with which to replace those buildings.

Mrs. Sullivan: At the expense of the children?

Mr. White: Superintendent?

Superintendent: I would like to ask Mr. Muchnick if he is willing to answer one or two questions, and I am asking questions dealing with Dorchester High School for Girls, especially, because Representative Reilly has just spoken in connection with that particular school, although there are many questions that I would like to ask Mr. Muchnick eventually in regard to other schools and districts.

In connection with the abolition of the Dorchester High School for Girls, Mr. Muchnick, would you abolish it, too, as a summer school center? That is Question 1.

Mr. Muchnick: If the building is discontinued, the answer is yes. Is there any reason why the summer school center—

Superintendent: The answer is yes—you would discontinue it as a summer school center?

Mr. Muchnick: I would discontinue it as a summer school center and relocate the summer school in some other central building, whether it be the Burke, the Dorchester High School for Boys, Memorial, or any other place that was most convenient for most of the people who attended.

Superintendent: And two other questions. You would discontinue it, too, as an evening school, for which it is now used?

Mr. Muchnick: With the same provision—that the evening school be relocated at the Burke or at the Dorchester High School for Boys or at Memorial or any other place that is convenient, bearing in mind the Burke is on the same street-car line, the Warren-Washington-Dudley-Codman Square line—as is Roxbury Memorial—and bearing in mind further that if it were changed to the Dorchester High School for Boys, it is on the same bus line which passes the Dorchester High School for Girls, the Ashmont-Talbot, Norfolk Street bus line.

Superintendent: And the third question: Would you discontinue, too, the School Center there?

Mr. Muchnick: Yes, with the same proviso.

Superintendent: There is presently one in the Jeremiah E. Burke, so would you ask the School Center activities to be placed in the Jeremiah E. Burke School Center.

Mr. Muchnick: Either the Jeremiah E. Burke or the Dorchester High School for Boys, or whichever center was best for the people who use the place consistent with our finances, consistent with our personnel, and particularly consistent with our tax rate.

Superintendent: Mr. Chairman, if the Committee cares to have us do it now, we will be glad to do it.

Mr. White: Do what?

Superintendent: In other words, we will be glad to take up for consideration anything that Mr. Muchnick has mentioned here today right now, or we will bring in a report a week from today or at the next meeting, whatever is the will of the Committee.

Chairman: The Chair would like to suggest that the report be studied and brought in when there is a full complement of the School Committee members present so we won't postpone any vote.

I would be delighted to have an opportunity of settling the matter today if there were a full Board, but there is not one and will not be one.

Superintendent: The only reason I asked it, Mr. Muchnick, is this. I am prepared today to answer all of your questions or propositions and explain them in detail, but I agree with the Chairman that it is not the day to do it. However, I am prepared to do it forthwith.

Mr. White: If it is the will of the present members that you give your opinions on Mr. Muchnick's motions at this time and that transcripts of your statements and Mr. Muchnick's be submitted to the other members of the Committee, I am perfectly willing to continue listening. If the rest of the Committee think that the full Board should be here, as I do, we will postpone the discussion.

Mr. McDevitt: Mr. Chairman, as a member of this Committee, I feel that this is a matter of very, very great importance for the School Committee to deliberate on in full, and I would suggest that it be held for a full Board.

Superintendent: That is perfectly agreeable to me, Mr. Chairman. I do have a letter here from the President of the Dorchester High School for Girls Alumnae Association, and, of course, a number of other letters dealing with this whole problem.

The one I am emphasizing especially is from the President of the Alumnae Association, who wishes to make a protest of any action without a public hearing; and I think it is wise, as you have said, to withhold it. She adds: "with ample notice to the alumnae, to the parents, and to the Home and School Association, and to those concerned."

Mr. White: As you know, Superintendent, this Committee has never denied anybody the right to a hearing, and a public hearing if it was so requested. I do not think we will begin now to change that policy.

Mr. Muchnick: Mr. Chairman, I do not think there has been anything in what I have said which would imply that I do not want the people to have a public hearing any more than anybody else wants them to have a public hearing.

Mr. White: I did not think there was any such implication.

Mr. Muchnick: I would like that those public hearings be set up as expeditiously as possible. I would just as soon have them out

in the respective neighborhoods where the schools are located, I don't know that alumnae associations as such should be in any way controlling factors. I think we will find that at least a good proportion of those who belong to the alumnae association have moved from Boston, to take advantage of lower tax rates in neighboring communities, and I do not think they will tell us to continue schools and have tax rates go up when there is no particular need for it.

Mr. Reilly: Mr. Chairman, may I intrude, with due deference to the Board? I think you were most courteous in allowing me to present my case or my protest before the Board, and I did not want to appear discourteous to Mr. Muchnick and requested that I remain to hear his presentation of his facts. For that reason I remained seated.

Going along with the wishes of the Alumnae Association and the people of the district, I think a series of public hearings might be the most efficacious way to get the trend of opinion. I don't think now is the time for a rebuttal presentation on Mr. Muchnick's proposal. I simply want to thank the Committee. I do not want you to feel that I was running away from a possible controversy.

Mr. White: Thank you, Mr. Reilly.

Mr. McDevitt: Mr. Chairman, I would like to ask the Board of Superintendents in discussing the Clerical School to consider the following. I had intended to bring this up at a later meeting. This is not in the form of a motion but merely a request for a parallel study, along with the study of Mr. Muchnick's motions, of the feasibility of moving the student body from the Clerical School in Roxbury into Teachers College.

I have no facts to substantiate the room that might be available there; but, as I see it, it is set up more or less as a junior college; and if there is room and if it would be recommended by the Board of Superintendents to move that body into Teachers College, I would ask for that study.

In addition, I would like to know also whether they would recommend for or against the proposal that this coming September we allow our young men graduating from our high schools to take that two-year course at the Boston Clerical School.

It seems to me that there is a dire need for young men who can do typing, shorthand, and office practice; and in view of this war situation, I should like to ask the Board to make a study of either admitting boys in September in the present building or moving the entire enrollment into Teachers College, which is, in itself, a junior college, along with our Teachers College, and then admit young men high school graduates to the so-called clerical course. If I may have a study—

Mr. White: I am sorry. This is not as yet a public hearing, Mrs. Clougherty, and we are not recognizing the public in general. This is a Committee conference, and to my knowledge there have been no requests for a public hearing.

I just understood from a conference that I had now that there are people who came here today under the impression that this was a public hearing. I tried just now to explain to these ladies here that this is not a public hearing. However, if it is the will of the Committee and unanimous consent is given, I am perfectly willing to listen to the statements of these women who came in today.

Mr. Muchnick: I think it is a good idea.

Mr. White: All right. There are no objections. The Chair would now like to recognize Mrs. Clougherty.

Mrs. Clougherty: I am President of the Home and School Association. We had a meeting yesterday and drew up this petition. These are some of the reasons:

The school is centrally located, and therefore easily accessible not only for use as a day high school but also for evening activities. At present it is vitally needed for civilian defense.

Secondly, the school is the only school for girls in the Dorchester district.

Third, it is obvious that more high school space will be needed in a few years because the elementary schools are now crowded. It would be more expensive to build or reopen later than to continue the school now.

Fourth, the centennial of the school is to be celebrated in 1952, and it seems especially unfortunate to contemplate closing the school at this time. The community is proud of the history and tradition of this school.

Fifth, the effect on the students and the citizens of the community will be very serious.

There was a very strong opposition expressed by those present at the meeting of the Home and School Association on Wednesday, February 14th. The committee wishes to state that the signatures attached were secured within a few hours, and it is confident that thousands can be added.

I hope, Mr. Muchnick, that you realize that to break the spirit of 700 pupils is something to be dealt with.

Mr. Muchnick: I agree with that completely, but I do not agree that it will in any way affect the spirit of the student body.

Mrs. Sullivan: I want to know what is going to become of all the vacant schoolhouses? Who is going to pay the taxes on those if it is taxes that are worrying you?

Mr. White: Are you asking me?

Mr. Muchnick: Are you asking me?

Mrs. Sullivan: Yes.

Mr. Muchnick: We don't pay taxes on school buildings.

Mrs. Sullivan: But you have to pay for their support.

Mr. Muchnick: On vacant buildings we don't pay taxes.

Mrs. Sullivan: Will you leave the buildings there to rot?

Mr. Muchnick: Those buildings that become vacant and that the School Department has no use for can be sold. It gets income and sells them normally to people who pay taxes, so that you not only save money that you are not spending—

Mrs. Sullivan: It is one of those deals where they sell them for about \$5.00?

Mr. White: As a matter of fact, to make the record perfectly clear, that is not a completely true statement fundamentally. The School Committee and the Mayor, or the Board on Sale of Land and Buildings, do not always sell these buildings to people who pay taxes.

Mr. Muchnick: I didn't say "always."

Mr. White: I got the inference they might be sold to those people.

Mrs. Sullivan: In other words, we are going to be a "ghost town" in regard to schools?

Mr. White: I am going to wait until the Board of Superintendents reports.

Mrs. Clougherty: Will there be a public hearing?

Mr. White: Yes.

Miss Kenney: My name is Virginia Kenney. I was thinking of what this gentleman just said to me. If these reporters could take their notes in shorthand, it would make life much easier for them.

You understand I am not a graduate of Boston Clerical School. I would brag about it if I were. I went there for eleven weeks from Oct. 2d until Dec. 21st. I am a college graduate, and I found it most difficult to get employment in Boston because all my endeavors have been along artistic lines.

I realized that Boston Clerical School was the finest school in Boston, and I registered there. I had the happiest eleven weeks of my life, and I certainly learned a great deal; and I got a job on the 21st of December.

I do think I was so happy to hear Mr. McDevitt's proposal of having the school transferred to Teachers College if that is absolutely necessary. I understand what the girls were all upset about was that they had already graduated from high school and they were going to be put back into another high school; and when you are eighteen or nineteen years old, it hurts if you have to go back into another high school that you have just left.

The Teachers College idea sounds very, very good to me, and of course the idea of boys being able to attend is a wonderful thing.

The answer to all Mr. Muchnick's problems would be to have men and women, or at least husbands and wives, stop having

babies and you wouldn't have to worry about all these schools.

Mr. Muchnick: I don't like to get into a controversy with a very charming and beautiful young lady. I don't see, again, how "A" follows "B."

Miss Kenny: Well, women aren't reasonable. Mr. Muchnick. Mr. White: Do you wish to say anything further?

Miss Kenney: No.
Mr. White: Thank you, Miss Kenny.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the deaths of the following named principals:

Brandeis Vocational High School—Henry D. Fallona, head master, Feb. 8, 1951.

A communication was received from the Secretary, under date of Feb. 15, 1951, reporting that the Director of Civil Service has certified the following-named persons as eligible to fill two positions as school physicians, Department of School Hygiene:

Frederic Hertzmark, Harold S. Tannenbaum, Fred Finkle, Alice D. Lynch, Clara Waldinger.

Placed on file.

The following was offered:

ORDERED, That the following-named persons, numbers one and two on the male list certified by the Division of Civil Service, are hereby appointed to the position of school physician, Department of School Hygiene, to take effect Mar. 1, 1951:

Frederic Hartzmark, Harold S. Tannenbaum.

On roll call the order passed by the following vote:

YEAS — Messrs. McDevitt, Muchnick and White—3.

NAYS—0.

ABSENT—Mrs. Dacey, Mr. Ward—2.

DEPARTMENT OF SCHOOL LUNCHES

A communication was received from the Secretary, under date of Feb. 15, 1951, reporting that the Director of Civil Service has certified the following-named persons as eligible to fill five positions as cafeteria attendant in the Department of School Lunches:

Mary R. Asavedo, Geraldine L. Holt, Mary M. Fitzgerald, Helen D. Hoar, Lillian A. Schleeauf, Florence G. O'Connor, Margaret R. Troy.

Placed on file.

The following was offered:

ORDERED, That the following-named persons, the first five on the Civil Service list are hereby appointed to the position of cafeteria attendant, Department of School Lunches, to take effect Feb. 26, 1951:

Mary R. Asavedo
Geraldine L. Holt
Mary M. Fitzgerald

Helen D. Hoar

Lillian A. Schleeauf

On roll call the order passed by the following vote:

YEAS — Messrs., McDevitt, and White—3.

NAYS—0.

ABSENT—Mrs. Dacey and Mr. Ward—2.

Mr. Muchnick: That would be subject to their having passed the chest X-ray?

Superintendent: No. This is March 1st, the date set in the order of the School Committee.

Mr. Muchnick: Well, I move that prior.

Mr. White: I think we mentioned that in our discussion.

Mr. Muchnick: Yes, that prior to their appointment they be required—

Superintendent: Excuse me, Mr. Muchnick. If that is true, you will have to change your original order in the School Committee and push March 1st back to, let's say, February 26th.

Mr. Muchnick: No. It just means that on the appointment of these five people, who are the only ones with which we are presently concerned, their appointments be held up until such time as they furnish us with evidence of their not being subject to communicable tuberculosis, that evidence to be from a qualified physician or hospital that they have been X-rayed and the X-ray pictures were negative.

Mr. White: I think that is consistent with our policy.

Superintendent: The only thing that I am pointing out, Mr. Chairman—

Mr. White: What difference does it make?

Superintendent: It isn't consistent with March 1st.

Mr. White: There is a difference of opinion. The Committee voted on March 1st. At some time subsequent to March 1st, these people have to do the same thing, don't they?

Superintendent: That is right.

Mr. White: So what difference is there if they have to do it now or after March 1st?

Mr. Muchnick: Assuming one of these five, Mr. Chairman, were found to have a communicable disease, obviously we would not want that person dispensing food.

Superintendent: You want to have the school physicians examined the same way?

Mr. White: Yes.

Superintendent: All of these appointments that are submitted here tonight before the appointees actually go to work?

Mr. White: That is right.

Superintendent: Well, now, we have to be careful of the date because we say here February 26th. That will be one week from Monday.

Mr. White: That is all right. They can put the certificate in before that.

Superintendent: If they can't get a certificate in by one week from Monday—

Mr. White: Give them a couple of more days.

Superintendent: Then I will be glad to come in here and change their appointments to whatever date they can subsequent to February 26th.

Mr. Muchnick: Exactly right.

Mr. White: Suppose those two doctors come in with their own certificates. What can you do about it?

Mr. Muchnick: It is impossible for anyone to give himself a chest X-ray.

Mr. White: Physically?

Mr. Muchnick: Physically and medically.

Mr. Muchnick: That's all right. A chest X-ray you can't do. A chest X-ray requires, among other things, complete immobility on the part of the person being X-rayed at the time of X-ray?

Mr. White: Can't he even take a breath?

Mr. Muchnick: No, you take a deep breath and then hold your breath, and you can't move your hands for the purpose of manipulating the necessary buttons and levers.

APPROPRIATIONS AND EXPENDITURES

A communication was received from the Business Manager, under date of Feb. 15, 1951, submitting a final statement showing the appropriations, the expenditures, and the balance for general school purposes and special items for the fiscal year 1950.

Placed on file.

UNFINISHED BUSINESS

The order laid over at the meeting of Jan. 22, 1951, amending Section 80, paragraph 6 of the Rules, establishing the requirements for certificate of qualification, Elementary School, Principal, was taken up.

On roll call the order passed by the following vote:

YEAS — Messrs. McDevitt, Muchnick, and White—3

NAYS—0

ABSENT — Mrs. Dacey, Mr. Ward—2

Mr. Muchnick: Mr. Chairman, do we look behind the master's degree to see what courses were taken in the attaining of the degree?

Superintendent: Yes.

Mr. Muchnick: At some schools, I understand, there are such courses that count for credit as teaching Sanskrit to Eskimos. I am serious about this. Do you check into it?

Superintendent: We look into the nature of the transcripts.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****TO GENERAL CONTRACTORS.**

INVITATION FOR PROPOSALS FOR NEW ATHLETIC STOREROOM AT THE BOSTON TECHNICAL HIGH SCHOOL, BELVIDERE STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for new athletic storeroom at the Boston Technical High School, Belvidere street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, August 29, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
Superintendent of Construction.

in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

CITY OF BOSTON.**HOSPITAL DEPARTMENT.**

PROPOSALS FOR ROOFING WORK, SOUTH DEPARTMENT, PAVILION EAST, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for roofing work, South Department, Pavilion East, Boston City Hospital, in accordance with the specifications, giving a bond of a surety company satisfactory to the Trustees therefor, in the sum of the full amount of the contract price. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before two o'clock P.M. on Thursday, August 30, 1951, at the office of the Superintendent, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening the bids. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the form of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN CLAYMONT TERRACE, WARD 16, FROM NEPONSET AVENUE TO QUEEN STREET; OAKMAN STREET, WARD 16, FROM WALNUT STREET TO TAYLOR STREET; QUEEN STREET, WARD 16, FROM KING STREET TO ACROSS CLAYMONT TERRACE; AND SHEET ASPHALT PAVEMENT IN WESTMORELAND STREET, WARD 16, FROM BERKSHIRE STREET TO FAIRFAX STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 16, AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Claymont terrace, Ward 16, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Claymont Terrace, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 29, 1951, with a certified check for SEVEN HUNDRED AND FIFTY (750) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Dental Equipment." The successful bidder must furnish a faithful performance bond for approximately one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Superintendent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN HARVARD STREET, WARD 14, FROM BLUE HILL AVENUE TO MORTON STREET, AND SUCH ADDITIONAL LOCATIONS, IF ANY, IN WARD 14. AS MAY BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Harvard street, Ward 14, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Harvard Street, Ward 14, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, AUGUST 29, 1951, with a certified check for EIGHTEEN HUNDRED (1,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The Finance Commission has issued the following report on Boston's 1951 tax rate:

Boston, August 15, 1951.

To the Honorable the Mayor and City Council.

GENTLEMEN:

It is the annual policy of the Finance Commission to place on the record its analysis of the tax rate computations. This analysis is deferred until all the figures involved are definitely and finally fixed. It requires some time after the rate has been declared to discover and correct excusable errors in the computations and to make the necessary adjustments. The figures contained herein are, therefore, the figures finally adopted by the Board of Assessors and furnished by officials of that department to the Finance Commission.

The 1951 tax rate is now history. Fixing it at \$62.80, or 20 cents lower than the rate fixed in 1950, was a welcome relief to the many who had been led to believe that it might be \$70. It would have been little short of a disaster had such a rate been fixed.

The taxpayers today have been accustomed to see one administration after another take advantage of every opportunity to manipulate the figures in order that the rate might be determined at a lower level than might seem to have been justifiable. Such manipulation has been the annual custom now for so long that most taxpayers do not become exercised over it. They see only that a substantial increase is avoided, however it may have been accomplished, and they are gratified thereby.

No Questionable Practices.

In the 1951 rate computations there is no evidence of the questionable practices of other years. Nevertheless there are two big questions about the 1951 rate which only time can answer. The first relates to the assessable valuations. Undoubtedly the gap is smaller now between the fair market value, as reasoned from sales experience, and the assessed valuation, particularly of commercial and industrial property. However, the volume of dissatisfaction with the assessed valuations as shown in the appeals to the Appellate Tax Board for lower valuations is now approximately as great as at any time in the last decade. This is evidenced by the fact that the number of appeals to the State Board for reduction of valuations which were filed from Boston alone was 1,500 greater in the year ending June 30, 1951, than in the year which ended June 30, 1950.

High valuations make possible a lower rate, but in the end the tax assessment remains the same.

The second question concerning the rate relates to the revenues and income figures, which are the chief offset to the expenditure requirements. With a statutory limitation on the amount the city, of itself, can estimate the departmental revenues (said estimate being used in the tax rate computations), one administration after another has placed this figure at the highest notch allowable under the law. Subsequent events, *i.e.*, the subsequent assembling of the figures of actual yield, have usually enabled the city to justify the high estimates, though at tax rate determination time in each year there has been little more than a hope that the figure used was not too high.

FINANCE COMMISSION REPORT ON BOSTON'S 1951 TAX RATE HIGHLY PRAISES MAYOR HYNES.

(Continued from page 917.)

In 1951 the estimate of departmental revenue, for which the city alone is responsible, was figured as high as the law allows, and as usual there is some misgiving that it can be realized. Furthermore, the State Tax Commissioner authorized the city to use an estimate of income from the state \$6,000,000 greater than he certified in February, 1951, as the probable Boston share of this income. This largess was the principal means by which the city rate became lower in 1951 than in 1950.

EXPENSES HIGHER.

The total of estimated expenses, which is the big item in the computations, was approximately \$6,000,000 more in 1951 than in 1950. The increase in the total of estimated revenues almost exactly bridged the gap. The total of assessed valuations remained approximately at the 1950 level. This ordinarily is considered a meritorious accomplishment.

One of the heartening disclosures of the computations is that, in 1951 as in 1950, the city is on a "pay-as-you-go" basis. There is no borrowing in 1951 to meet current expense requirements. There is, therefore, no postponing of payment of bills incurred in this fiscal year to some subsequent period when "somebody else" would have to assume the burden. One of the burdens in 1951, and for several years to come, is the necessity to pay \$2,000,000 to wipe out a \$12,000,000 debt incurred on account of excesses in valuation determinations in the 1940's.

There are therefore two big "ifs" about the 1951 tax rate. If valuations as fixed prevail against present efforts to reduce them, so far as city responsibility is concerned the 1951 rate may be said to be a fair one, and no criticism of its action can be leveled fairly against this year's administration.

If the income from the state does not come up to the expectation of the State Tax Commissioner at the time the rate was determined, the rate will have proven inadequate to the extent of the deficiency in the state income. However, the responsibility for any deficiency will not be upon the city administrators. The estimate for tax computation purposes of the city's yield from state sources must be what the State Tax Commissioner certifies. The city has no recourse from the decision of that official.

Nevertheless, if there is a deficiency, it will be the city which will pay for a too liberal estimate. In this connection it is well to point out that, in 1950, the State Tax Commissioner's estimate of the total available for municipalities was approximately \$14,000,000 more than was subsequently collected. Boston's share of this overestimate was \$3,000,000, and it was the cause of a cash deficit of approximately that amount in city accounts at the end of 1950.

Before citing the sources of revenue and the projected expenditures, it may be profitable to outline briefly the mechanics of the computation of the rate. From the total requirements for city and county governments plus the state warrants there is subtracted all the revenues expected from city departments and the income expected from the state. The result of this subtraction is the first figure of the levy on property owners. A sum called "overlay-current year" is added to serve as a

cushion principally to absorb the refunds on account of abatement of taxes. The result is the final amount to be raised by property taxation, and is known as the tax levy.

Meanwhile, the assessors determine the assessable valuation of the real and personal property in the city. The tax levy figure is divided by the number of thousands of dollars of valuation of assessable property, and the result is the tax rate per \$1,000 of valuation.

EXPENDITURE REQUIREMENTS.

The first figures of importance are the expenditure requirements. They are contained in the following table in detail of the principal classifications.

The items in Table I may be grouped broadly into six categories:

1. City, county, and school administration requirements.
2. Debt requirements.
3. Pension and retirement requirements.
4. Overlay deficit requirements.
5. Metropolitan Transit Authority requirements.
6. Metropolitan District Commission and state assessment requirements.

1. CITY, COUNTY, AND SCHOOL ADMINISTRATION. There was an increase of approximately \$6,000,000 in city maintenance requirements. The details of this increase are given at a later point in this report, under detail of appropriations. The total of them is an ever-increasing item.

County maintenance requirements are largely for personnel. Salary increases account for the increase in appropriations in this category.

In view of the difficulties, much publicized, in the way of financing the 1951 public school needs, it will be surprising to many to realize that total school appropriations for 1951 reflect a net decrease

of approximately \$250,000 from the 1950 figure. However, appropriations for those activities entirely controlled by the School Committee increased by \$620,839. This increase was due to the increased cost of salaries to teachers and other employees, the inauguration of the 40-hour week for custodians of school buildings, and the higher cost of supplies.

However, one factor which kept the appropriations for school purposes from going even higher was the change in financing lunchroom program, which has become a very important item of school expense. Under chapter 417, Acts of 1950, lunchroom disbursements are to be met from receipts of the program. This eliminates an appropriation for this purpose in the budget. A deficit appropriation of \$189,000 has been made in 1951 to meet an expected gap between disbursements and receipts. In 1950, \$725,627 was appropriated for the lunchroom program. Although this represents a comparative saving in appropriations, it also represents a corresponding loss in estimated revenue.

2. DEBT REQUIREMENTS. Of the three types of debt (school, city, and county) the most significant, in amount of change, is that of city debt. The amount of this paid off in 1951 is approximately \$300,000 less than in 1950; and yet the requirements in 1951 have risen approximately \$483,000. The latter increase is due to the fact that the credits applicable to debt requirements were reduced by about \$770,000 in 1951.

3. PENSION AND RETIREMENT REQUIREMENTS. This item is the product of the operation of law and actuarial computation; moreover, it varies from year to year. If all the items relating to pensions and annuities (viz., Pensions and Annuities, Pension Accumulation, and State-Boston Retirement) are grouped together for comparative purposes in these two years, it will be seen that the total for 1950 was \$4,635,544, and for 1951 is \$4,558,541.

4. OVERLAY FUNDING ACCOUNT. This \$2,000,000 item is the annual payment by the city of borrowings made under the provisions of the Overlay Retirement Funding Account, Acts of 1950, which authorized the funding of the total overlay deficit, inherited by the present administration. This inheritance approximated \$12,000,000 at the end of 1949. It represented the accumulation of the amounts by which the yearly overlay failed to meet the tax abatements granted for several years.

	\$130,272,704 07	\$136,045,000 28

"City Maintenance Requirements" includes Pensions and Annuities of \$2,675,536 for 1951, and \$2,423,131.19 for 1950.

5. METROPOLITAN TRANSIT AUTHORITY. This item is the amount which must be raised in 1951 to meet the operating deficit of the year 1950. Although it is less than the amount of the corresponding item in the previous year, the deficit currently developing for 1951 is expected to be many times this amount.

The other M.T.A. item in the 1951 requirements is the city's share of the charge on all the cities and towns in the transit district incurred when the M.T.A. took over the city's subway properties under the 1949 Act.

Besides this debt, there is also included in the computations an item to provide for Boston Elevated Railway annual deficits, which had accumulated over several years before the state purchase of the railway and were, under the statute, the obligation of the municipalities of the Metropolitan Transit District. In 1949 the Legislature authorized each municipality to fund its share of these deficits. Boston borrowed \$10,150,000 and will make annual payments of \$1,015,000 through 1959 for this purpose. This amount is included in the city's debt requirements mentioned previously.

6. METROPOLITAN DISTRICT COMMISSION AND STATE ASSESSMENTS. Provision for state assessments in 1951 is just about double that for 1950. The items in this category include State Audit of Municipal Accounts, State Examination of Retirement System, and Smoke Inspection Service. In 1951 Boston must appropriate for its share of these services as well as meet an additional \$52,000 assessment for the Youth Service Board. The last item represents most of the 1951 increase in State Assessments.

In the case of Metropolitan District Commission charges, there was relatively little change from the 1950 figure.

Table II supplies the detail by functional requirement figures.

City — General Maintenance.

In the same Table II the item, "General Purposes (City)" refers to those departments not otherwise identified, which are largely the staff departments of the city.

There is a \$6,106,472 increase in 1951 appropriations over those for 1950 for city, school, and county purposes. Approximately \$5,400,000 of this increase is attributed to increased appropriations for city departments. A \$260 pay raise given every city employee accounts for \$2,253,800 of it. It is important to record that this increase will cover only seven months in 1951, since it was given in June. Approximately \$4,500,000 of the \$5,400,000 increase referred to are found in four departments: Fire (\$969,787), Hospital (\$1,217,757), Police (\$1,840,432), and Public Works (\$406,402).

The appropriation for personal service is important. In the Police Department this item rose by \$1,273,800, due chiefly to the inauguration of the five-day work week; in the Fire Department it is \$543,500; and in the Hospital Department it is \$353,500. In the last named department there was, in addition, an increase of \$550,575 in Supplies and Materials, a reflection of rising costs.

CREDITS AND DEDUCTIONS.

In determining the tax rate the total figure used under the heading of Credits and Deductions* is the second of major importance in the computations. It is the figure of expected revenues and income, other than local taxes, and is the

Poll Tax (not included in above table)	\$508,116 00	\$499,994 00

The first item of the foregoing table naturally carries the greatest weight. In the first instance, it is the estimate of the City Auditor, which he bases on information furnished him principally by the various departments of the city. However, the assessors have the final decision as to what figure will be used. Hence in years when the tax rate can not be otherwise kept in control, this

item is occasionally quite different in the rate computations than it was when certified by the auditor.

In 1951, the auditor's determination was accepted.

Because of its significance in the picture, and to show where the city expects to earn revenue in 1951, a detailed breakdown of the total is interesting. It follows:

TABLE IV. — DEPARTMENTAL RECEIPTS.

CONCLUSION OF COMPUTATION.
The difference between "Credits and Deductions" and "Warrants and Ap-

propriations" having produced the figure for "Net Requirements," the calculation of the rate proceeds as follows:

	1950	1951
Net Requirements Before Adding Overlay	\$96,369,530 10	\$96,263,509 26
Overlay 3 Per Cent.....	2,891,085 90	2,880,212 74
Amount to Be Raised by Taxation on Real and Personal Property and Polls	99,260,616 00	99,143,722 00
Poll Tax	508,116 00	499,994 00
Amount to Be Raised by Taxation on Real and Personal Property	98,752,500 00	98,643,728 00
Assessed Valuation	1,567,500,000 00	1,570,760,000 00
Tax Rate	\$63 00	\$62 80

Overlay — Current Year.

This amount represented the 3 per cent added to the tax levy for 1951 to provide for any abatements granted on the assessment for this year. If the experience of 1950 is any criterion, the city will probably stay within this limit. As of May 31, 1951, there was a balance of \$437,253 in the 1950 overlay account. This figure, of course, may be affected adversely by the decisions of the Appellate Tax Board on appeals made by taxpayers from their 1950 assessments. The dollar value of petitions still before the Board are not available.

Three other items of the Credits and Deductions Table merit comment.

Motor Excise Tax.

Here the anticipated revenue for 1951 exceeds the 1950 figure by \$1,700,000, an increase of 85 per cent. This sharp rise is attributable to several factors: the increased volume of automobile registrations, the increased list prices of cars, and the increase in excise rates.

Educational Income.

As previously indicated, the change in financing the lunchroom program greatly reduces the educational income for 1951. The bulk of it is derived from federal

and state aid and tuitions. These together with unexpended balances from 1950, represent the 1951 educational income figure. Although it is estimated that the state will contribute \$1,809,533, an increase of \$270,530 over 1950, in school aid, under chapter 643 of the Acts of 1948, this amount is not available for appropriation and must be used only to reduce the amount to be raised by taxation for the support of schools.

State Income Tax and State Corporation Tax.

The yield to the city in this category is a decisive factor in the tax rate. It is particularly so this year. Whereas the total 1950 estimated receipts from this source was \$11,804,182, the 1951 estimate is \$14,446,083. An unexpected allowance by the State Tax Commissioner of additional receipts of \$6,000,000 materially affected the tax rate and prevented a substantial rise.

TOTAL PROPERTY VALUATION.

The total 1951 valuation figure shows little change from that of 1950, a reflection of the policy of the administration which was declared last year; the policy contemplated the gradual and eventual

reduction of total valuations in the direction of a realistic level. One effect of such a policy is to discourage abatements of taxes on City Hall. The success of this policy with respect to abatements appears in the substantial increase in the 1950 overlay account of \$437,253.

This year, again, resulted, however, in an increased volume of petitions before the Massachusetts Appellate Tax Board; 452 appeals were entered before that Board up to June 30, 1951 (the end of the Board's fiscal year). This represents an increase of 1,460 cases over the previous year. It is not known how many 1950 cases (appeals from 1950 assessments) have been decided by the Appellate Tax Board, but if any have been decided in favor of the petitioner, this amount is charged against the balance in the 1950 overlay account.

The property valuations by wards follow (see table on following page):

A significant feature in the real property valuation picture is the development in the higher-numbered wards of the city.

Wards 3, 4, and 5, the great tax-producing reservoir of Boston, the so-called downtown section, representing only one half of the total valuation of the city, sustained a continued loss of valuation in 1951 over 1950 of almost \$1,500,000. This continues the downward trend from two years ago of 1930; in the latter year this group of wards represented \$1,033,732,000 in valuation. In 1951 it represents \$719,966,900.

On the other hand, the valuation of Ward 22 in Brighton increased by \$1,033,600 in 1951 over 1950; its valuation in 1930 was \$40,684,800; today it is \$46,150,300.

The same phenomenon is true of Ward 20 in West Roxbury and Ward 18 in Hyde Park. The increase of \$576,300 in 1951 over 1950 in Ward 20 brings the present valuation to \$53,552,300; its valuation in 1930 was \$45,443,600.

The 1951 increase of \$736,500 in Ward 18 brings its valuation to \$48,031,500; this compares with its 1930 valuation of \$43,118,400.

MAYOR PROTESTS REMOVAL OF VETERANS ADMINISTRATION FROM BOSTON.

(Continued from page 917.)

removal of the Veterans Administration Insurance and Claims Division from Boston to Philadelphia.

I base my opposition on the following reasons:

1. Such removal would be a source of expense to veterans or their families in the New England region who might feel it necessary to make a personal visit to Philadelphia.

2. Such removal would be a hardship on veterans employed by the Veterans Administration who have invested in homes in the Greater Boston area.

3. Such removal would increase the acute housing situation in the City of Philadelphia.

4. Such removal would mean the loss of over four million dollars to the business and commercial establishments of this area.

5. Such removal would cause increased expenditures on the part of the Veterans' Services Department of the City of Boston.

6. Such removal would be looked upon with disapproval by residents of this area for the reason that this area contributes more to the national income than any other metropolitan area with the exception of the New York and Philadelphia areas.

7. Such removal as a measure of economy would be misunderstood at this particular time when our federal government is spending so many billions of dollars for foreign aid.

8. Such removal would prevent speedy, efficient action now being rendered by the Boston office to residents of this region.

For these general reasons it is my opinion that this proposed removal should not be made effective. The pulling up of stakes by 840 employees is almost sufficient to make the justification for this move problematical. In the larger aspect, however, the people of New England, I assure you, resent the fact that our section of the country is being deprived of facilities which are now deemed most necessary.

In the matter of veterans administration, the federal government is dealing with human beings—their hopes, their aspirations, even their tragedies. It is a field in which economy cannot be the uppermost consideration. I am sure our government, in order to economize to the extent of a million or two million dollars a year, does not want to disrupt the lives of hundreds of persons or cause unnecessary expense to many hundreds of other veterans who have fought for our country.

Respectfully,

JOHN B. HYNES,
Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon July 10 the Mayor approved contracts with lowest bidders as indicated in the following letter:

BOSTON, June 25, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement inserted in the *City Record* dated May 5, 1951, the following attached bids were received and publicly opened and read on May 16, 1951. These bids were requested for the furnishing and installing of furniture and equipment in a new elementary school in the Henry Grew District, Hyde Park district, Boston, Mass., for which an appropriation is available.

Subject to your Honor's approval, I am awarding to the following concerns, who are the lowest bidders conforming to the specifications and samples that have been submitted to this department.

Cascade School Supplies, Inc., North Adams.

Item 1a (alternate), 105 pupils' desks.....	\$1,287 05
Item 2a (alternate), 105 pupils' chairs.....	1,292 76
Item 4, 8 teachers' desks.....	555 20
Item 5a (alternate), 8 teachers' tables.....	272 00
Item 6, 22 visitors' chairs.....	206 80
Item 7, 7 swivel chairs.....	132 30
Item 10, 9 round tables.....	189 40
Item 11, 9 kindergarten rectangular tables.....	232 55
Item 14, 2 costumers.....	17 20
Item 15a (alternate), 2 settees.....	105 80
Item 17, 1 Windsor chair.....	19 70
Total.....	\$4,310 76

O. P. Killam & Son, Marblehead.

Item 3, 105 pupils' desk and chair units.....	\$2,910 90
Item 9, 10 Bank of England chairs.....	210 00
Item 12, 3 couches and pads.....	107 00
Item 16, 3 three and four fold screens.....	168 00
Item 21, 1 cupboard with wheels.....	165 00
Item 23, 1 table with castors.....	65 00
Item 24, 1 set clinic furniture.....	242 40
Total.....	\$3,868 30

S. M. Levin Company, Inc., Boston.

Item 8, 1 principal's suite.....	\$790 00
----------------------------------	----------

McCarthy Brothers, Boston.

Item 13, 4 lounge chairs, 1 cantilever chair, 1 table, 1 costumer (all chrome).....	\$246 52
Item 18, 17 mirrors.....	334 22
Total.....	\$580 74

Gledhill Brothers, Inc., Boston.

Item 19, 222 folding chairs.....	\$1,043 40
Item 19, thresholds and clamps.....	151 40
Item 19, 7 trucks for chairs.....	327 95
Item 20, 1 rostrum.....	85 00
Total.....	\$1,607 75

Joe Cifre, Inc., Boston.

Item 25, stage and auditorium equipment.....	\$2,770 50
--	------------

Driscoll-Naughton, Inc., Boston.

Item 26, window shades and venetian blinds.....	\$740 00
---	----------

On the awards to Cascade School Supplies, Inc., alternate bids were accepted on the following items: 1, 2, 5, and 15; and substituted on Items 1 and 2 their alternate proposal for the furnishing of tubular frame and steel box on the desks, and tubular legs on the chairs instead of wood construction as called for, as this is the lowest bid received. In the opinion of the Superintendent of Construction it is necessary that Items 1 and 2 be purchased from the same concern. On Item 5a, the alternate bid received from this concern is superior to our specification. On Item 15a, we will receive upon delivery, a longer settee than that specified. The selection of Items 1a, 2a, and 19 were made in the presence of Dr. Dennis C. Haley, Superintendent of Schools, and he agrees that the city's interests are best protected by accepting the alternate proposals on Items 1 and 2.

On Item 3, I have awarded to O. P. Killam & Son, the second lowest bidder and the bidder conforming nearest to the specifications, this item with an increase in cost to the city in the sum of \$17.45 for the total item.

On the award to Driscoll-Naughton, Inc., for the furnishing and installation of window shades and venetian blinds, I wish to state that this concern neglected to file in this office their proposal before noon of May 16, 1951, however, they had delivered to the City Auditor a proposal stating that they would furnish as per the specifications, the above materials in the sum of \$740. Therefore, it was requested that this concern be awarded an order as they are the lowest responsible bidder and the city's interests will be best protected by this procedure, as in my opinion the price quoted is fair.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, and materials. Communications from heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, August 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For your Honor's information, I am enclosing herewith a report received from Superintendent A. L. O'Banion of our Fire Alarm Division, concerning Fire Department Requisition No. 132, dated May 9, 1951, for 2,000 "Nife" type storage batteries.

I am also returning a letter to your Honor from Superintendent of Supplies John V. Moran, relative to the award of a contract for the batteries.

Respectfully yours,

M. T. KELLEHER,
Fire Commissioner.

BOSTON, August 10, 1951.

MICHAEL T. KELLEHER,
Fire Commissioner.

DEAR SIR:

In connection with my requisition No. 132, dated May 9, 1951, calling for 2,000 "Nife" type storage batteries for our Fire Alarm System, please be advised that Nife, Inc., is the only company in the United States manufacturing nickel-cadmium batteries for use in fire alarm signal systems.

Signal Systems Engineering Company, Inc., 146 Summer street, Boston, is the direct agent of the manufacturer.

Respectfully yours,

A. L. O'BANION,
Superintendent, Fire Alarm Division.

BOSTON, August 10, 1950.

MICHAEL T. KELLIHER,
Fire Commissioner.

DEAR SIR:

Under date of May 9, 1951, I forwarded Fire Department Requisition No. 132, calling for the following:

2,000 "Nife" type TA-1, 10 ampere-hour nickel-cadmium fire alarm storage batteries.

In my budget estimates of last December for the year 1951, I called attention to the fact that for several years the allowance under budget item to purchase storage batteries for Fire Alarm Headquarters had always been reduced so that there had been very few new batteries purchased to replace the batteries that are now in service at Fire Alarm Headquarters. In the budget report I gave the following information:

"There are 142 batteries that have been in service 15 years; 271 batteries with 14 years service; and 1288 batteries with 13 years service. This gives a total of 1701 batteries with 13 years or more service and 521 batteries with 10 years of service. This is a serious condition, and unless these batteries with 13 years or more service are replaced the operation of the Fire Alarm System will be jeopardized."

I have recommended that \$7,400 be allowed in this budget item in 1951 which will take care of the replacement of 800 to 1,000 of these overage batteries.

These statements in my report on budget estimates are backed up by the report of the National Board of Fire

Underwriters, dated May, 1951, which states on page 25 as follows:

"Batteries are tested regularly and are generally well maintained; however, 39 per cent are over 10 years old, with some up to 15 years old."

On page 46 of this report of the National Board of Fire Underwriters, under "recommendations," Number 21, states: "That old batteries on the fire alarm circuits be replaced."

The necessity of replacing these batteries as quickly as possible cannot be overstressed since the failure of these batteries may seriously affect the operation of the Fire Alarm System.

In past years lead-acid type of batteries have been used for fire alarm service. During World War II the use of this superior type of storage battery (nickel-cadmium) was started in this country. A similar battery (Edison nickel-iron battery) has been in use for many years but the Edison battery has certain characteristics that do not make them desirable for fire alarm service. The nickel-cadmium battery lacks these disadvantages and has desirable features of both the Edison battery and the lead-acid batteries.

There are a number of factors from an engineering point of view that cause me to consider the use of nickel-cadmium batteries in place of lead-acid batteries and convince me regarding the superiority of the nickel-cadmium batteries.

Lead-acid batteries must be immediately put into service and kept actively charged while the nickel-cadmium batteries can be kept stored for a reasonable length of time before putting them into service with no damage to the battery. In other words the active materials in the nickel-cadmium are not affected by the electrolyte when idle and can retain its stored up energy for long periods. There are no acid fumes or corrosive charging gases from the nickel-cadmium batteries as with lead-acid cells. There are many other advantages of using the nickel-cadmium battery over the lead-acid battery.

For more than 40 years, the nickel-cadmium battery has been used throughout the world in such fields of service as marine and shipping transportation, signaling, mining, and other industries, but only recently has this service been extended to fire alarm systems.

The average life of nickel-cadmium batteries is 15 to 20 years and even longer, and it is a safe and conservative statement to make that the nickel-cadmium batteries should last four times the average life of lead-acid batteries. Hence, if the cost of nickel-cadmium batteries were two or three times the cost of lead-acid batteries, it would still be more economical to purchase nickel-cadmium batteries.

The use of nickel-cadmium type of batteries for fire alarm service has been approved by the National Board of Fire Underwriters. Boston has lagged behind other municipalities in adopting this more efficient and economical battery.

The voltage of the lead-acid battery is 2.1 volts while the voltage of the nickel-cadmium cell is 1.2 volts or a ratio of 1.75 to 1. Thus, 2,000 nickel-cadmium cells would correspond to 1,143 lead-acid cells. The cost of the nickel-cadmium batteries is \$3.75 each. For the same voltage requirements if the cost of lead-acid cells exceeds \$1.75 x \$3.75, or \$6.56, the nickel-cadmium battery would be cheaper without considering the fact that the nickel-cadmium batteries have an average life of many times the lead-

acid type of battery. The cost of lead-acid batteries is \$7 or more which is greater than the comparative price of \$6.56. On the basis of battery life the lead-acid cell would have to sell for about \$1.60 to equal the cost of the nickel-cadmium battery, or on the basis of comparative life for the same voltage requirements the comparative cost of the nickel-cadmium battery would be about \$15 but actually the nickel-cadmium battery costs only \$3.75.

Aside from the many advantages of the nickel-cadmium battery such as easier maintenance, no injury to personnel or damage to battery racks from sulphuric acid, no corroding of terminals, no corrosive charging gases, etc., there are other factors that might be considered with regard to the lead-acid batteries, such as lead is scarce and high in price and the possibility that the delivery of lead-acid batteries would be excessive.

From an engineering point of view it is hard to conceive how anyone would doubt the desirability of using nickel-cadmium batteries in preference to lead-acid type. From a financial consideration the city will be needlessly wasting money and failing to economize by not purchasing nickel-cadmium batteries.

I would be failing in my engineering capacity as Superintendent of the Fire Alarm Division if I did not recommend the purchase of nickel-cadmium batteries. There are probably other installations in the city service where the use of nickel-cadmium batteries would not only be more economical but would result in a better maintained battery. The neglect and later abandonment of the use of lead-acid batteries and the questionable use of rectifiers only in the school fire alarm systems could probably have been avoided by the use of nickel-cadmium type of batteries.

This requisition No. 132 for these batteries was placed on May 9 or three months ago. It was expected that delivery would have been made before now instead of the order just being placed.

The loss of electric power to Fire Alarm Headquarters and the necessity of present batteries to carry the Fire Alarm System deserves serious consideration. The failure of these overage batteries would jeopardize the operation of the Fire Alarm System and the protection of life and property in the city. In the budget estimates for a number of years I have called attention to the fact that the batteries used in connection with the operation of the Fire Alarm System must be replaced. The immediate purchase, delivery, and installation of these batteries is a necessity and of an emergency nature.

I respectfully urge that every effort be made to place this order for nickel-cadmium batteries as quickly as possible.

Respectfully,

A. L. O'BANION,
Superintendent.

HOSPITAL DEPARTMENT.

BOSTON, August 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For several years because of a shortage of proper quarters for female doctors, we have rented rooms from the Franklin Square House on East Newton street, as same are needed.

The number of female doctors appointed recently makes it now appear as though the charges for rooms at the

Franklin Square House, between June 29, 1951, and December 31, 1951, will exceed \$1,000.

The unit cost of these rooms is \$7.50 per week. Six female doctors are being housed there at the present time and others will follow.

The Franklin Square House is the only place within close proximity to the hospital where available quarters can be found and for that reason I respectfully request your approval of the rental of rooms in the Franklin Square House to cover that period between June 29, 1951, and December 31, 1951, at a cost of approximately \$1,200.

Very truly yours,

JAMES W. MANARY, M.D.,
Superintendent.

INSTITUTIONS DEPARTMENT.

BOSTON, August 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request permission to award a contract, without publicly advertising, in the amount of \$1,900 to Bernardo Brothers, Inc., 129 Providence street, Hyde Park, Mass., for the building of a road and parking space on Long Island, Boston Harbor, Mass.

This road and parking space is necessitated by the opening of the Long Island viaduct, and was not included as an item in the Long Island viaduct contract.

Bernardo Brothers, a subcontractor of the Merritt-Chapman & Scott Corporation, is building the road from the Long Island end of the viaduct to the Administration Building. They have the equipment on the site for excavating and surfacing the stated area, and inasmuch as they are a reputable concern, nothing will be gained by publicly advertising for bids.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

BOSTON, August 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to award a contract, not to exceed two thousand nine hundred eighty dollars (\$2,980), to the Bethlehem Steel Company, Shipbuilding Division, Simpson Yards, East Boston, Mass., for the motor vessel "James M. Curley" repairs without the formality of public bidding.

On July 19, 1951, the vessel was released from the Bethlehem Steel Company. It was very evident that it was not in perfect running condition. The boat was returned to the Bethlehem Steel Company and a 24-hour inspection was made at no charge. It was agreed by all parties that there was no imperfection in the work the Bethlehem Steel Company had performed.

In order to make the boat safe for use, and to make it ready for future sale, it was necessary to perform additional work at a cost of \$2,980.

The Bethlehem Steel Company has performed work on the vessel in the past, and its prices and work have always been found satisfactory. The estimate and prices for this work have been carefully checked, and the price is considered fair for the amount of work to be done.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

July 26, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In order to get the repair work under way as soon as possible, made necessary as a result of the fire in the Columbia Road Municipal Building in the ward-room quarters now used by the Draft Board, this department requested bids from six (6) qualified contractors for the repair of the damage with the following result:

Joseph White, \$3,022; F. C. Dolan and Sons, Inc., \$3,656; S. J. Hingston, \$3,940; Falmouth Construction Company, \$4,118; Martin J. Kelly Company, Inc., \$4,425; D. A. Rossano Construction Company, \$4,859.

I feel that the best interests of the City of Boston will be protected by awarding this contract to Joseph White without the usual form of advertising.

Mr. White is a reputable contractor, and his work in this department has always been very satisfactory.

I therefore respectfully request your permission to dispense with public advertising and to award this contract to Joseph White in an amount not to exceed the sum of \$3,022.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In the past 15 months, we have started on a program to provide for the eventual replacement, with cement concrete, of all brick sidewalks in East Boston, Charlestown, and South Boston.

As you well know, many of the streets in the latter-referenced districts contain brick sidewalks which are unsatisfactory to the majority of residents and pedestrians who have occasion to use them. At the present time, a brick sidewalk is located on the easterly side of that section of West Third street, South Boston, that extends from Dorchester street to F street, although the sidewalk on the westerly side of the street is surfaced with cement concrete. Unquestionably it would be to the best interests of all concerned if the sidewalk on the easterly side was also surfaced with cement concrete.

In order to expedite the work, I have made arrangements, subject to your approval, with the Rufo Construction Company, Inc., to do the required work, in accordance with our standard specifications and at the same unit prices that are in effect under a contract between Rufo and the department for replacing brick sidewalks with artificial stone in that section of Washington street, Ward 11, that extends from Columbus avenue to Green street. The above-referenced contractor submitted the low bid under date of June 6 of the current year as a result of publicly advertising for proposals. Incidentally, this contractor bid 33 cents per square foot for the principal item on the contract which is for the laying of artificial stone sidewalks. This is a very reasonable price and, in my opinion, a lower price would not be obtained if publicly advertised proposals were requested in connection with the West Third Street project.

I respectfully request, therefore, that you authorize the awarding of a contract,

without publicly advertising for bids, to the Rufo Construction Company, Inc., of 1 Allen road, Brighton, in the amount of \$3,100, for installing artificial stone sidewalks and doing related work on the easterly side of West Third street, between Dorchester street and F street. It is to be understood that the work is to be done in accordance with the standard specifications of the department, and at the unit bid prices that are in effect on the above-referenced Washington Street contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, August 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The existing roadway surfaces of South street and Walter street, Roslindale, in the vicinity of the Longfellow School, are in a deplorable condition, and I feel that they should be resurfaced immediately in order that they will be in a safe condition before the opening of school in September.

It is my intention to undertake an inexpensive project which will provide for the removal of the existing sheet asphalt surface and the replacing of it with new sheet asphalt, and the covering of part of the existing roadway area with new asphalt, where practicable. The project does not lend itself particularly to publicly advertising for proposals, and it can be considered as an emergency, because, as stated, I feel that the entire work should be completed before the opening of school.

I have, therefore, subject to your approval, made arrangements with Baker & Co., Inc., to resurface those sections of Walter street and South street as designated below, at the same unit prices that are in effect in the current contract with the above-referenced contractor, for sheet asphalt pavement in Boylston street and Brookline avenue. The contractor submitted the low bid for the latter-referenced project last September 13 for a contract which totaled in excess of \$100,000. It is my unqualified opinion that lower prices for the Walter Street-South Street project could not be obtained if we publicly advertised for proposals at this time, and it is my opinion that the best interests of the city would be served if a contract were awarded to Baker & Co., Inc., for the work involved in the latter-referenced streets, at the prices that obtain on the Boylston Street contract.

I respectfully request, therefore, that you authorize the awarding of a contract in the amount of \$9,000, without publicly advertising for bids, to Baker & Co., Inc., 3475 Washington street, Jamaica Plain, for resurfacing, with sheet asphalt, that section of Walter street, Roslindale, that extends from Hewlett street to South street, and that section of South street, that extends from Walter street to Congress street. It is to be understood that the work is to be done in accordance with the standard specifications of the department, and at the unit bid prices that are in effect on the above-referenced Boylston Street contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition to this office for the following:

500 $\frac{3}{4}$ -inch curb cocks for copper pipe.
500 $\frac{3}{4}$ -inch corp cocks for copper pipe.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Mueller Company, the manufacturer of the above parts. The only other source of supply, Hays Manufacturing Company, now has unfilled orders for the Water Division. Therefore, it is my opinion that the best interests of the city will be served by awarding the contract to Mueller Company because this company can make prompt delivery.

Approximate total amount of contract will be \$2,825, less 2 per cent cash discount for payment within 15 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for Motorola radio equipment for the Fire Alarm Division.

The Fire Department has standardized on Motorola equipment because it has proven superior in many ways over other radio equipment. On the recommendation of both the Fire Commissioner and the Superintendent of the Fire Alarm Division, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Motorola, Inc. Inasmuch as this company is the only source of supply, no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$16,427.20, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Paving Division of the Public Works Department has submitted a requisition to this office for 400 double-faced, porcelain baked enamel, 22 inches x 7 inches, street signs, as per sample submitted.

These particular street signs are manufactured by Municipal Street Sign Company.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Municipal Street Sign Company, through their exclusive New England agent, Hill & Spinney, 80 Federal street, Boston. Inasmuch as the street signs previously furnished to the Traffic Commission by the Municipal Street Sign Company have always been satisfactory, it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,100, less cash discount of 1 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

James A. Freaney, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Call street, Peter Parley road, Woodside avenue, and sheet asphalt pavement in Amory street, dated September 27, 1950:

In Amory street, haul and handle 150 linear feet of straight edgestone, from Dimock Street lot and set, including labor and material and preparing site, for the sum of \$2.25 per linear foot.

In Amory street, remove existing car-track ties imbedded in concrete to allow for setting the above edgestone, including labor and equipment, for the lump sum of \$225.

Estimated cost of extra work, \$562.50.

James A. Freaney, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Bernard street, Creston street, Lorne street, Standish street, and Wilder street, dated July 5, 1951:

In Standish street, set about 90 linear feet of straight 7-inch edgestone, furnished by the city at city yard, to be hauled by the contractor, including removal and disposal of about 90 linear feet of defective concrete and granite edgestone, at \$2 per linear foot.

In Standish street, furnish and lay about 4 tons of crushed stone for edgestone foundation, including labor, materials and equipment, at \$4 per ton.

Estimated cost of extra work, \$196.

S. J. Tomasello Corporation has been directed to perform the following extra work under the contract for bituminous concrete and sheet asphalt pavement in Chiswick road, Corey road, and Washington street, dated July 5, 1951:

In Chiswick road, haul and set 53 linear feet of edgestone, furnished by the city at city yard, at \$2 per linear foot.

In Chiswick road, excavate, remove and dispose of approximately 45 cubic yards of sidewalk excavation, at \$3 per cubic yard.

Estimated cost of extra work, \$241.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Atlantic Roads Company, Inc., has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Edna road, Galty avenue, Mercier avenue, and Regan road, dated August 23, 1950:

In Edna road, omit 1,100 square feet of artificial stone sidewalks, at 33 cents per square foot, and substitute the following work: approximately 10 tons of bituminous concrete wearing surface, $1\frac{1}{4}$ inches thick, at \$13 per ton; approximately 10 tons of bituminous concrete binder course, $1\frac{1}{4}$ inches thick, at \$12 per ton; furnish and construct approximately 35 linear feet of wood fence (top and bottom rail), fence to be about 6 feet high, including labor and material, at \$4 per linear foot.

Estimated cost of substituted work, \$390; estimated cost of omitted work, \$363; estimated increase in cost, \$27.

POLICE DEPARTMENT ORDERS.

General Order No. 1,506.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer, effective at the close of business Friday, August 31, 1951.

In view of this operation of law, after August 31, 1951, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman William M. Rogers, Division 16.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,507.

The following notice is published for the information of the department:

City of Boston,
Boston Retirement Board,
Room 65, City Hall,
Boston, Mass.

August 10, 1951.

State-Boston Retirement System.
Notice of Election.

Under the provisions of subdivision three of section 20 of chapter 32 of the General Laws, the following regulations are hereby determined for the election of a member of the Boston Retirement Board:

Employees of the city or County who are members of the State-Boston Retirement System on September 25, 1951, may select, by their votes, one of their members to be a member of the Boston Retirement Board for the term of three years beginning October 1, 1951, and ending September 30, 1954.

Ballots will be furnished the members containing the names of candidates who are duly nominated.

Nomination papers may be obtained at the office of the Boston Retirement Board, Room 65, City Hall, after August 23, 1951.

Any member of the State-Boston System may become a candidate by filing with the Boston Retirement Board official nomination papers signed by 100 or more members of the State-Boston System, and containing the name, residence, and department of each signer. The omission of any of these specified items of information will invalidate the signature. No member is entitled to sign more than one nomination paper, and if he signs more than one his signature will be invalid on all of them.

Nominations will be closed on September 10, 1951, at 4 o'clock P.M., and no nomination papers will be received after that day and hour.

The names of candidates who are duly nominated will be printed on the ballot, and the members voting will mark an X against the name of their choice, or may write in an additional name and mark an X against it. If more than one name is marked, the ballot will be invalidated.

The ballot must be signed by the voter and filled out with his residence and department, and with further information so far as available from members of the following departments:

Fire Department—Name and number of company.

Police Department—Division.

Park Department—Division or location.

Public Works Department—Division and district.

Schools—Name of school.

The ballots must be received by the Boston Retirement Board, Room 65, City Hall, on or before September 25, 1951, at 5 o'clock P.M. No ballot mailed or post-marked later than September 24, 1951, will be counted.

The candidate receiving the highest number of votes will be elected.

BOSTON RETIREMENT BOARD.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,508.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he is retired from active service in the Police Department, effective Friday, August 17, 1951, at 7.45 o'clock A.M.:

Patrolman Robert L. Coates, Traffic Division, 31 years of service.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,509.

The following-named person is hereby reinstated in this department as a patrolman and assigned to division stated, effective Wednesday, August 22, 1951, at 7.45 o'clock A.M.:

James A. Keough, Traffic Division.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the fol-

lowing described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing

by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Prospect street, bounded:

Southwesterly by Gould street, forty-three and 27-100 feet; northwesterly by the northwesterly line of Prospect street, by three measurements, one hundred fifty-five and 40-100 feet, seven hundred eight and 46-100 feet, and two hundred eighty-six and 60-100 feet; northeasterly by Baker street, forty and 67-100 feet; and southeasterly by the southeasterly line of Prospect street, by three measurements, two hundred seventy-two and 26-100 feet, seven hundred nine and 82-100 feet, and one hundred forty-seven and 6-100 feet, containing 45,592 square feet, more or less.

The sewerage works to be constructed are as follows: 1,174 linear feet of 10-inch pipe sanitary sewer and 1,160 linear feet of 7-foot circular concrete surface drain conduit, in the above-described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on both sides of Prospect street, excluding the parcels at the corners of Prospect street and Gould street and at the corners of Prospect street and Baker street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore mentioned, and on file in the office of this department.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Baldwin street, Hyde Park district, as a highway, from River street to Alpine court, with the name of Suncrest road, or some other distinctive name, bounded and described as follows:

A highway named Suncrest road is hereby laid out, from River street to Alpine court, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by River street, forty-one and 83-100 feet; southwesterly by the southwesterly line of said Suncrest road as hereby laid out, by four measurements, one hundred ninety-five and 70-100 feet, ninety-eight and 85-100 feet, one hundred fifty-two and 65-100 feet, and eighty-two and 49-100 feet; northwesterly by the northwesterly line of said Suncrest road as hereby laid out, twenty-three feet; northeasterly by the northeasterly line of said Suncrest road as hereby laid out, by three measurements, eighty-two and 96-100 feet, two hundred four and 15-100 feet, and two hundred and fifty-three feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Suncrest road (formerly Baldwin street), from River street to Alpine court, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 6, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor P. A. Tracy.

The Reverend Christopher C. O'Neill, of St. Margaret's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY REV. CHRISTOPHER C. O'NEILL.

We pray Thee, O God of might, wisdom, and justice, through whom authority is rightly administered, laws are enacted, and judgments decreed, to assist with Thy Holy Spirit of counsel and fortitude all the civil authorities of our great country.

We pray first for the President of the United States, that his administration may be conducted in righteousness and be eminently useful to thy people over whom he presides by encouraging due respect for virtue and religion by a faithful execution of the laws of justice and mercy, and by restraining vice and immorality.

May the laws of Thy infinite wisdom direct the deliberations of Congress and shine forth in all the proceedings and laws formulated for our rule and government, so that they may tend to the preservation of peace, the promotion of national happiness, the increase of industry, sobriety, and useful knowledge, and may perpetuate to us blessings of equal liberty.

We pray also for His Excellency, the Governor of this state, and for all the members of State Government.

We pray for the Mayor of our beloved City of Boston, and for the members of the City Council, judges, magistrates, and other officials who are appointed to guard our political welfare, that they may be enabled by Thy powerful protection to discharge the duties of their respective stations with honesty and ability.

We recommend likewise to Thy unbounded mercy all our brethren and fellow citizens throughout the entire United States, that they may be blessed with Thy knowledge and sanctified in the service of Thy most holy will for union and peace which the world cannot give, and, after enjoying the blessings of this life, be admitted to those which are eternal.

And, finally, we ask for peace in this world. Give to this world that peace which the world cannot give, that our hearts may be disposed to obey Thy commandments, and the spirit of enemies being thus removed, our times by Thy protection may be peaceful. Through Christ, our Lord, Amen.

The salute to the Flag was given by the members.

STATEMENT OF DANIEL F. SULLIVAN.

Councilor Sullivan asked unanimous consent to make a statement. No objection was made, and Councilor Sullivan addressed the Council on the seating of Mr. Banks as the councilor from Ward 9.

CERTIFICATION OF LAURENCE H. BANKS AS COUNCILOR FROM WARD 9.

The following were received:

City of Boston,
Board of Election Commissioners,
July 31, 1951.

To the Honorable City Council.
Gentlemen:

The Board of Election Commissioners transmits to you herewith, through the City Clerk, a certificate of the election of Laurence H. Banks to be a member of the City Council of Boston from Ward 9 for the term ending on the first Monday in January, 1952.

The election was held on November 8, 1949. The intervening delay in issuing the certificate of election has been caused by litigation which was terminated by the issuance on July 31, 1951, by the Suffolk Superior Court, after rescript from the Supreme Judicial Court, of a writ of mandamus in the case of Laurence H. Banks vs. Board of Election Commissioners of the City of Boston and Daniel F. Sullivan, intervenor.

BOARD OF ELECTION COMMISSIONERS,
By GERTRUDE A. PFAU, Secretary

City of Boston,
Board of Election Commissioners,
July 31, 1951

Walter J. Malloy, Esq.,
City Clerk, Boston.

Dear Sir:

We certify that at the City Election held in the City of Boston on November 8, 1949, for the choice of member of the City Council from Ward 9 for the term of two years, Laurence H. Banks of 23 Haskins street was duly elected to said office.

Respectfully yours,
JOSEPH RUSSO,
EVERETT R. PROUT,
GERTRUDE A. PFAU,
J. JOSEPH CONNORS,
Board of Election Commissioners.

City of Boston,
Office of the Mayor, July 31, 1951.
To the City Council.
Gentlemen:

You are hereby notified that Mr. Laurence H. Banks of 23 Haskins street, Ward 9, this day appeared at my office with a certificate, signed by the Board of Election Commissioners, of his election on November 8, 1949, to be a member of the City Council of the City of Boston from Ward 9, and I thereupon administered the oaths of office required by law to him as such member.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

The Chair appointed Councilors Cook and Chase to escort Councilor Laurence H. Banks to the Council Chamber, and Councilor Banks assumed his seat.

PETITION OF DANIEL F. SULLIVAN CONTESTING THE ELECTION IN WARD 9.

The following was received:

Boston, August 3, 1951.
To the Honorable the City Council.
The undersigned respectfully petitions the Boston City Council:

I, Daniel F. Sullivan, herewith protest the seating of Laurence H. Banks as City Councilor from Ward 9 of the City of Boston, as a result of the Municipal Election held on November 8, 1949.

I protest the issuance of a certificate of election by the Board of Election Commissioners of the City of Boston.

I protest any action of Mr. Banks being sworn in by John B. Hynes, Mayor of the City of Boston.

I respectfully request a hearing before the Boston City Council in accordance with the Boston City Charter, Statutes of 1909, chapter 486, section 50, as amended by the Statutes of 1924, chapter 479, section 15, which in part reads, "The City Council shall be the judge of the election and qualifications of its members," and in accordance with the decision of the Supreme Judicial Court in the case of Laurence H. Banks vs. the Board of Election Commissioners, a copy of which decision is enclosed herewith for your perusal, which decision says that while the court had jurisdiction until a certificate of election is issued by the Board of Election Commissioners, the issuance of the certificate by the Board does not infringe or interfere with the right of the Boston City Council to be the judge of the election and qualifications of its members.

I protest the issuance of a certificate of election to Laurence H. Banks by the Board of Election Commissioners, the City Clerk, and the swearing in, if done, by the Mayor of the City of Boston, for the following reasons, and request a hearing before the Boston City Council for the Boston City Council to determine who has been properly elected and qualified to sit as the councilor from Ward 9 for the term 1950-51.

1. The ballots in said election were improperly counted both at the original count and the recount, inasmuch as I received more votes than were credited to me, and many of my votes were improperly credited to Laurence H. Banks, and Laurence H. Banks received less votes than were credited to him, and that many votes which should have been counted as blanks were counted for the said Laurence H. Banks.

2. That the certificate of election issued by the Board of Election Commissioners is based upon the faulty counting and crediting of ballots, inasmuch as they credited Laurence H. Banks with more votes than he received, and I am credited with less votes than I received, and there has been an improper determination of the protested ballots, and others of the protested ballots have not been properly determined, and the rulings on the protested ballots have not been consistent.

3. That the persons working on behalf of the said Laurence H. Banks, with the knowledge and assent, either actual or implied, were improperly allowed behind the voting rails in certain precincts by the officials in charge of counting ballots on election night while the counting of the ballots was going on for this position. Such procedure is illegal and contrary to the laws of the Commonwealth of Massachusetts and the Ordinances of the City of Boston, and as a result of such conduct I was thereby injured.

4. That an examination of the ballots, tally sheets, records, voting lists, precinct books and papers of the Board of Election Commissioners, if made, will show that the election was improper and not conducted according to law. This applies to their records, both before, after and during the election in November, 1949.

5. That my said opponent, Laurence H. Banks, knowingly or implicitly consented to persons working for and in his behalf, both before, during, and after the election, violating the Statutes of the Commonwealth of Massachusetts and the Ordinances of the City of Boston in regard to the conduct of the election, and that he took advantage of the same, and that the number of votes he received was greatly increased thereby and should be thrown out, and that as a result of such conduct said Laurence H. Banks was not properly

certified as elected, and is not properly qualified to sit as a member of the Boston City Council.

Respectfully yours,

DANIEL F. SULLIVAN.

LAURENCE H. BANKS VS. ELECTION COMMISSIONERS OF BOSTON AND ANOTHER

(And two companion cases *)

Counihan, J. We have here three cases arising out of a contest in a municipal election held on November 8, 1949, between Laurence H. Banks, hereinafter referred to as the petitioner, and Daniel F. Sullivan and others for the office of Councilor of the City of Boston, from Ward 9, for the years 1950-51. It is agreed that the returns of the election officers following the election showed these results, so far as here material,

M. Banks.....4,341 votes
Mr. Sullivan.....4,363 votes

It is agreed that as a result of a recount requested by the petitioner, G. L. (Ter. Ed.) c. 54, 55, § 134, 135, as amended, the Board of Election Commissioners of the City of Boston, hereinafter called the Board, determined the result to be:

Mr. Banks.....4,371 votes
Mr. Sullivan.....4,377 votes

On November 30, 1949, the petitioner brought the first petition, in which he seeks a writ of mandamus ordering the Board to count for him 23 or more ballots which he protested at the recount and which had been counted by the Board as blank votes, and also to disallow certain ballots allegedly counted incorrectly for Mr. Sullivan, and to amend its records accordingly. G. L. (Ter. Ed.) c. 249, § 5, as amended by St. 1949, c. 176. In this case the Board filed a demurrer and an answer.

Mr. Sullivan, who was allowed to intervene, also filed a demurrer and an answer. He is hereinafter called the intervenor. After a hearing on the merits, the judge on January 3, 1950, entered an "order for issuance of writ of mandamus" in favor of the petitioner substantially as prayed for. On the same day the judge overruled the demurrers of the Board and of the intervenor.

On December 23, 1949, Mr. Sullivan brought the second and third petitions, one for a writ of certiorari and the other for a writ of mandamus, both in effect seeking to have the Board issue a certificate of election to him. In each of these cases Mr. Banks was allowed to intervene, and he filed pleas in bar and answers. The board demurred to each petition. The pleas are in substance that another action is pending for the same cause and will be treated by us as pleas in abatement.

On November 14, 1950, the judge at the request of the Board reported the first case to this court "upon the pleadings, the evidence, my rules and exceptions thereto, and my findings of fact and order for judgment." G. L. (Ter. Ed.) c. 213 § 1B, inserted by St. 1939, c. 257, § 1. At the same time he also, without decision, sought to report the second and third cases upon the petitions, the demurrers of the Board, and the pleas and answers of Mr. Banks. The evidence in the first case is reported, and in his order of January 3, 1950, the judge made findings of facts. G. L. (Ter. Ed.) c. 213, § 1B, inserted by St. 1939, c. 257, § 1. See G. L. (Ter. Ed.) c. 231, § 111.

On the advice of the Law Department of the City of Boston no certificate of election has been issued to either Mr. Banks or Mr. Sullivan. It is conceded that there was no misconduct on the part of the Board. Because of § 48 of the Charter of the City, St. 1909, c. 486, as amended by St. 1924, c. 479, § 14, Mr. Sullivan sits as a member of the City Council as an incumbent holding over until the election and qualification of his successor.

We shall first consider the petition of Mr. Banks. The demurrers of the Board and of the intervenor were properly overruled. The only ground set forth in the demurrers which merits our attention relates to the jurisdiction of the court because of St. 1903, c. 486, § 50, as amended by St. 1924, c. 479, § 15, which in part reads, "The city council shall be the judge of the election and qualifications of its members." We are of the opinion that the court had jurisdiction. It is clear, and no suggestion has been made to the contrary, that by St. 1895, c. 449, § 4, the Board has all the powers and duties relating to "the determination of the results of elections." Therefore, until the Board determines such results and issues a certificate to one whom it has determined to have received the vote necessary for election, there does not exist anyone who is a "member" whose election and qualifications the City Council may judge. See Strong, petitioner, 20 Pick. 484, 496. Up to the point that a certificate has been issued, at least, the matter is in control of the court, which may in proper proceedings direct the Board to whom to issue the certificate. An adjudication to this effect does not trench upon the prerogatives of the legislative body. Madden vs. Election Commissioners of Boston, 251 Mass. 95, 102. Greenwood v. Registrars of Voters of Fitchburg, 282 Mass. 74, 80.

The Board and the intervenor argue that the court is without jurisdiction because of Peabody vs. School Committee of Boston, 115 Mass. 383. But an examination of the original papers in that case discloses that the petitioner there had been

* The companion cases are by Daniel F. Sullivan against the Election Commissioners of Boston and Laurence H. Banks.

furnished a certificate of election by the proper authority and had presented such certificate to the School Committee. In these circumstances it was correctly held that the School Committee was the judge of the election and qualifications of its members. The judgment of the committee that the petitioner was not qualified, because, as a woman, she was ineligible, was sustained. In *Greenwood vs. Registrars of Voters of Fitchburg*, 282 Mass. 74, 78, also relied upon by Board and the intervenor, there was likewise a proper certificate of election.

We now consider the first case on the merits. It is properly here upon a report of the judge. *G. L. (Ter. Ed.) c. 213, § 1B*, inserted by St. 1939, c. 257, § 1. This is a proceeding at law, and the rule is that "the findings of fact must stand if as a matter of law susceptible of being supported on any rational view of the evidence. They cannot be reviewed or revised. The only question is whether as matter of law they must be reversed." *Swift vs. Registrar of Voters of Quincy*, 281 Mass. 271, 284. The decision of the judge as to the intent of the voters on the protested ballots appears to be close and difficult. It was largely predicated upon the testimony of a competent expert and the judge's inspection of the ballots in addition to his observations and opportunity to see and hear the witnesses. It cannot be overturned. *Andrews vs. Registrars of Voters of Easton*, 246 Mass. 572, 576, 577. See *Medeiros vs. Fellsway Motors, Inc.*, 326 Mass. Adv. Sh. (1951) 43, 44.

The judge found that of the 34 disputed ballots before him, 22 should have been counted for the petitioner, 11 for the intervenor, and 1 blank. It is true that *G. L. (Ter. Ed.) c. 54, § 106*, reads in part, "If a voter marks more names than there are persons to be elected to an office, or if his choice cannot be determined, his ballot shall not be counted for such office." The judge found, however, that here an election official "had an opportunity to mark crosses other than those placed on the ballots by the persons who originally marked and cast them, and did mark crosses on ballots opposite the name of the intervenor, which ballots I find had originally been marked with the intention of voting for the petitioner." Having, as it were, stricken the illegal markings from the ballots, the intention of the voter became clear in each instance so that the judge was correct in ordering that these ballots be counted for the petitioner.

As a result of his findings the total vote for the petitioner was 4,393 and that for the intervenor 4,388. He was therefore right in ordering the Board to issue an election certificate to the petitioner after its records had been amended in accordance with his findings. See *Commonwealth vs. McGurty*, 145 Mass. 257, 260.

For the purposes of this case we need not decide what limitations, if any, are imposed upon the City Council acting under St. 1909, c. 486, § 50, as amended.

The intervenor excepted to the refusal of the judge to permit him to introduce ballots protested at the recounting other than those offered by the petitioner. While this exception is mentioned in his brief, he does not argue it in the manner provided by Rule 2 of the Rules for the Regulation of Practice before the Full Court (1939), 303 Mass. 678. It must therefore be treated as waived. *Boston vs. Dolan*, 298 Mass. 346, 355-356. An examination of the questions saved, however, discloses no miscarriage of justice requiring correction, for there is nothing to indicate whether these ballots would have been counted for the petitioner or the intervenor. For aught that appears, these ballots might necessarily have had to be counted for the petitioner. In this connection it may be noted that it avails the intervenor nothing to assert in his brief that "The fact that the intervenor . . . does not argue or refer to other exceptions taken at the trial, or errors of law in this brief, or fails to do so at the time of argument is not to be taken to mean that he has waived the same but he especially claims the same as if he had set forth the same and argued them fully before this court." Matters not specifically argued in a brief need not be considered by this court. *Boston vs. Dolan*, 298 Mass. 346, 355-356. *Richmond vs. Stanzler*, 327 Mass. Adv. Sh. (1951) 249, 250. *Dolan vs. Brookline Savings Bank*, 327 Mass. Adv. Sh. (1951) 677.

All exceptions argued by the intervenor in his brief have been considered by us, and we find no error.

For the first time at the argument before us there was presented by counsel for the intervenor what purported to be a certified copy of an order of the City Council dated January 30, 1950, indicating proposed action by the City Council to determine for itself who is the duly elected councilor from Ward 9 for 1950 and 1951. Necessarily, because of its date, this could not have been presented to the judge as an exhibit. We can give it no consideration. But the intervenor argues that we should take notice of it as an event of public interest because of what was said in *Greenwood vs. Registrars of Voters of Fitchburg*, 282 Mass. 74, 78-79. There, however, a certificate had been presented to the House of Representatives, and proceedings had already been started before a committee of the House, and the court could not interfere. That is not the situation here. We are of the opinion that the City Council could take no action until it had received a certificate of election from the Board.

The petitions of Mr. Sullivan come before us upon a purported report of the judge at the request of one of the parties without decision by him. The report is irregular. *Moore vs. Election Commissioner of Cambridge*, 309 Mass. 303, 305. The report must be dismissed.

In view of the fact, however, that these petitions have been argued here and still remain for action in the Superior Court, we deem it appropriate to say that these petitions for certiorari and for mandamus were not brought until after the trial of Mr. Bank's mandamus case in which Mr. Sullivan had intervened and in which he had a full opportunity to present all pertinent issues and by proper methods to bring them to this court if he saw fit. We discover no occasion for starting all over again. Moreover, the judgment hereinafter ordered in Mr. Bank's original case will, as soon as entered, make these issues res judicata, and in any event it would be a sound exercise of judicial discretion in the circumstances to dismiss Mr. Sullivan's petitions.

In the first case, a writ of mandamus should issue ordering the Board to count the votes as determined by the judge and, after amending its records, to issue a certificate of election to the petitioner Laurence H. Banks as the duly elected Councilor from Ward 9 in the City Council of Boston for the years 1950-51.

In the second and third cases the entry will be: Report dismissed.

So ordered.

Referred to Executive Committee.

DRAWING OF JURORS.

The Chair announced that it was in receipt of two venires for jurors, one for 136 and another for 36, and asked what the pleasure of the Council was as to when to draw the jurors. Councilor Wenzler moved that the jurors be drawn immediately, and the motion was defeated, yeas 6, nays 15:

1. Report on message of Mayor and order (referred August 6) on granting easement to Northeastern Gas Transmission Company on city-owned land in Burlington and Woburn—that same ought to pass.

The report was accepted. Coun. Coffey moved that the order be referred to Executive Committee, and the motion was defeated. The question then came on giving the order its first reading. The order was given its first reading and passage, yeas 15, nays 2:

Yeas—Councilors Ansel, Banks, Beades, Bryan, Cantwell, Cook, Farin, Hannon, Hurley, Lane, Lanigan, McColgan, McCormack, F. P. Tracey, Yerxa—15.

Nays—Councilors Coffey, Wenzler—2.

The order was assigned for 14 days for final action.

2. Report on message of Mayor and order (referred July 30) for sale of a portion of Charles River avenue, Charlestown, to Tudor Company—that same ought to pass.

The report of the committee was accepted. The question came on giving the order its first reading, and the order was rejected, less than two-thirds of the members voting in the affirmative, yeas 13, nays 3:

Yeas—Councilors Ansel, Banks, Beades, Bryan, Cantwell, Cook, Farin, Hannon, Hurley, McColgan, McCormack, F. P. Tracey, Yerxa—13.

Nays—Councilors Coffey, Lanigan, Wenzler—3.

Councilor Cook moved reconsideration, and reconsideration prevailed. On motion of Councilor Cook, the order was laid on the table.

REPORT OF COMMITTEE ON CLAIMS.

Coun. MCCOLGAN, for the Committee on Claims, submitted the following:

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the taking of an easement for highway purposes, including the rights to construct a retaining wall and sloping thereon on the northeasterly side of Freeport street, Dorchester district, for a distance of approximately 100 feet northwesterly from the northwesterly line of Dorchester Yacht Club, bounded and described as follows:

An easement for highway purposes, including the rights to construct a retaining wall and sloping thereon on the northeasterly side of Freeport street, for a distance of approximately 100 feet northwesterly from the northwesterly line of Dorchester Yacht Club, is hereby taken.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Dorchester Yacht Club, bounded:

Northeasterly by other land supposed to belong to said Dorchester Yacht Club, one and 59-100 feet; southeasterly by the same, four and 50-100 feet; and northwesterly by land hereinafter described as taken from Hart, four and 77-100 feet, containing three square feet, more or less.

A parcel of land, supposed to belong to Vernon L. Hart, bounded:

Southeasterly by land hereinbefore described as taken from Dorchester Yacht Club, four and 77-100 feet; southwesterly by Freeport street, fifty-nine and 85-100 feet on a curve of eleven hundred and forty-six feet radius; northwesterly by land hereinafter described as taken from Juthe, four and 50-100 feet; and northeasterly by other land supposed to belong to said Hart, fifty-eight and 50-100 feet, on a curve of eleven hundred fifty and 50-100 feet radius, containing two hundred and sixty-six square feet, more or less.

A parcel of land, supposed to belong to Stanley N. Juthe, bounded:

Southeasterly by land hereinbefore described as taken from Hart, four and 50-100 feet; southwesterly by Freeport street, by two measurements, 54-100 feet on a curve of eleven hundred and forty-six feet radius and thirty-nine and 86-100 feet; northwesterly by other land supposed to belong to said Juthe, ten feet; northeasterly by the same, five feet; southeasterly by the same, five and 50-100 feet; and northeasterly by the same, by two measurements, thirty-four and 86-100 feet and 55-100 feet on a curve of eleven hundred fifty and 50-100 feet radius; containing two hundred and nine square feet, more or less.

The city hereby takes the right in the following described lands to place or slope and maintain all filling required for grading said street:

A parcel of land, supposed to belong to Vernon L. Hart, bounded:

Southwesterly by other land hereinbefore described as taken from said Hart, nine and 30-100 feet on a curve of eleven hundred fifty and 50-100 feet radius; northwesterly by land hereinafter described as taken from Juthe, five feet; and easterly by other land supposed to belong to said Hart, ten and 55-100 feet; containing twenty-three square feet, more or less.

A parcel of land, supposed to belong to Stanley N. Juthe, bounded:

Southeasterly by land hereinbefore described as taken from Hart, five feet; southwesterly by other land hereinbefore described as taken from said Juthe, by

two measurements, 55-100 feet on a curve of eleven hundred fifty and 50-100 feet radius and thirty-four and 86-100 feet; northwesterly by the same, five and 50-100 feet; northerly by other land supposed to belong to said Juthe, twenty-one and 33-100 feet; and easterly by the same, seventeen and 25-100 feet; containing three hundred and forty-six square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed lands shall be removed therefrom within thirty days, following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for highway purposes, including the rights to construct a retaining wall and sloping thereon on the northeasterly side of Freeport street, Dorchester district, for a distance of approximately 100 feet northwesterly from the northwesterly line of Dorchester Yacht Club, under the order of the Board of July 25, 1951, in the amounts herein-after respectively set against them, and awards said amounts therefor.

Dorchester Yacht Club, 3 square feet, \$1.

Vernon L. Hart, 266 square feet, \$1.

Stanley N. Juthe, 209 square feet, \$1.

Stanley N. Juthe, 346 square feet, \$1.

Vernon L. Hart, 23 square feet, \$1.

PROPOSALS FOR ALTERATIONS AND REPAIRS TO ROOFS OF THE VOSE HOUSE "A" AND "B," NURSES HOME, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for alterations and repairs to roofs of the Vose House "A" and "B," Nurses Home, Boston City Hospital, 818 Harrison avenue, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before 11 A.M., Eastern Daylight Saving Time, Friday, August 31, 1951, at the Medical Directors and Trustees office, Room 204, Administration Building of the Boston City Hospital, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read.

The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Board of Trustees reserves the right to reject any or all proposals.

Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., after nine o'clock A.M. on Monday, August 27, 1951.

A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

MARTIN J. ENGLISH, M.D.,

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN HALLET STREET, BETWEEN GALLIVAN BOULEVARD AND HILL TOP STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Hallet street, between Gallivan Boulevard and Hill Top street, Dorchester. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Hallet Street, between Gallivan Boulevard and Hill Top Street, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, SEPTEMBER 5, 1951, with a certified check for SEVEN HUNDRED (700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND.

(Aug. 25.) Commissioner of Public Works.

Linda C. Smith, 145 Hillside street, Roxbury, in the sum of \$372, as compensation for personal injuries caused by hole in sidewalk on Sunset street, near corner of Hillside street, Roxbury, June 19, 1950.

Daniel L. Crowley, 12 Fidelis Way, Brighton, to be reimbursed in the sum of \$65, for damage to his clothing which occurred while in the performance of his duty as a member of the Boston Police Department, June 22, 1951.

Stephen W. Smolinski, 125 Florida street, Dorchester, to be reimbursed in the sum of \$15, for a hat which was damaged by a bullet while in the performance of his duty as a member of the Boston Police Department, June 22, 1951.

Francis J. Hurley, 795 East Fifth street, South Boston, to be reimbursed in the sum of \$30, as a result of an accident which occurred on January 11, 1951, when a motor truck belonging to the Fire Department, which he was operating, collided with an automobile owned by Marie Cahill.
